

PRELIMINARY OFFICIAL STATEMENT DATED AUGUST 12, 2026

OFFICIAL STATEMENT

SERIAL BONDS

Rating: See "Rating" herein

In the opinion of Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, under existing statutes, regulations, rulings, and court decisions, and assuming continuing compliance with certain tax certifications described herein, interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"), as amended. Bond Counsel is also of the opinion that the interest on the Bonds is not treated as an item of tax preference for the purpose of the federal alternative minimum tax imposed on individuals. We observe that interest on the Bonds will be included in the adjusted financial statement income of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Furthermore, Bond Counsel is of the opinion that, under existing statutes, interest on the Bonds is exempt from personal income taxes imposed by New York State and any political subdivision thereof. See "TAX EXEMPTION" herein.

The Bonds **WILL NOT** be designated as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.

This Official Statement (the "Official Statement"), which includes the cover page and appendices hereto, presents certain information relating to the Orchard Park Central School District, Erie County, New York (the “District,” “County” and “State” respectively), in connection with the sale of the District’s \$1,400,000 School District Serial Bonds, 2026.

All quotations from and summaries and explanations of provisions of the Constitution and Laws of the State and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof, and all references to the Bonds and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive form of the Bonds and such proceedings.

THE BONDS

Description of the Bonds

The Bonds will be issued as registered bonds registered to The Depository Trust Company (“DTC” or the “Securities Depository”) or may be registered in the name of the purchaser.

If the Bonds will be issued through DTC, the Bonds will be registered in the name of Cede & Co., as nominee of DTC, which will act as securities depository for the Bonds. (see "Book-Entry-Only System" herein). Individual purchases will be made in book-entry-only form, in the principal amount of \$5,000 or integral multiples thereof. Purchasers of the Bonds will not receive certificates representing their ownership interest in the Bonds. Payments of principal of and interest on the Bonds will be made by the District to DTC, which will in turn remit such principal and interest to its Participants, for subsequent distribution to the Beneficial Owners of the Bonds.

If the Bonds are registered in the name of the purchaser, principal of and interest on the Bonds will be payable in Federal Funds at such bank or trust company located and authorized to do business in the State of New York as may be selected by the successful bidder. In such case, the bonds will be issued in registered form in denomination of \$5,000 or integral multiples thereof.

The Bonds are dated their date of delivery and will bear interest from that date at the annual rate or rates as specified by the purchaser of the Bonds, payable on September 1, 2027, and semi-annually hereafter on March 1 and September 1 in each year until maturity. The Bonds will mature on September 1, 2027 and on September 1 in each year thereafter, as shown on the inside cover page hereof. The Bonds are not subject to optional redemption as described herein (See “THE BONDS – Optional Redemption” herein).

The record date for payment of principal of and interest on the Bonds will be the fifteenth day of the calendar month immediately preceding each interest payment date.

Authority for and Purpose of the Bonds

The Bonds are issued pursuant to the Constitution and Laws of the State, including the Local Finance Law and the Education Law and pursuant to a bond resolution that was duly adopted by the Board of Education of the District (the “Board”) August 11, 2026, following a vote of the qualified voters of the District on May 19, 2026, authorizing the issuance of obligations of the District in an aggregate maximum amount of \$1,400,000 for the purchase of various school buses (and related equipment and supplies) for use in the transportation program of the District. This is the District’s initial (and only) borrowing pursuant to such bond resolution.

Optional Redemption

The Bonds will not be subject to redemption prior to maturity.

Nature of Obligation

The Bonds, when duly issued and paid for, will constitute a contract between the District and the holder(s) thereof.

The Bonds will be general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and the interest thereon. For the payment of such principal and interest, the District has the power and statutory authorization to levy *ad valorem* taxes on all taxable real property in the District, without limitation as to rate or amount (subject to certain statutory limitations imposed by the Tax Levy Limitation Law); see “TAX INFORMATION-Tax Levy Limitation Law,” herein.

Under the Constitution of the State, the District is required to pledge its faith and credit for the payment of the principal of and interest on the Bonds, and the State is specifically precluded from restricting the power of the District to levy taxes on real estate therefor. On June 24, 2011, the Tax Levy Limitation Law was adopted in the State. The Tax Levy Limitation Law established certain limitations on the power of local governments and school districts to increase the property tax levy beyond certain prescribed limits (without following certain prescribed procedures). The Tax Levy Limitation Law had its first application with respect to the District’s budget for fiscal year 2012-13. The Tax Levy Limitation Law does make certain allowances for the exclusion of tax levy increases associated with capital expenses by school districts. See “TAX INFORMATION-Tax Levy Limitation Law,” herein. Also, certain special protective procedures and remedies available to holders of school district debt remain in place and are not affected by the Tax Levy Limitation Law. See “DISTRICT INDEBTEDNESS—Remedies Upon Default,” herein.

Book-Entry-Only System

If the Bonds are issued as book-entry bonds, DTC will act as Securities Depository for the Bonds. The Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Bonds and will be deposited with DTC. DTC, the world’s largest depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a

Direct Participant, either directly or indirectly (“Indirect Participants”). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all the Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Redemption notices shall be sent to DTC. If less than all of the securities within an issue are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.’s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC’s practice is to credit Direct Participants’ accounts upon DTC’s receipt of funds and corresponding detail information from the District, on payable date in accordance with their respective holdings shown on DTC’s records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in “street name,” and will be the responsibility of such Participant and not of DTC or the District, subject to any statutory or regulatory requirements as may be in effect from time to time.

Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, bond certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC’s book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCE THAT DTC DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS: (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE BONDS; (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE BONDS; OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE DISTRICT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO: (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE BONDS; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE BONDS.

THE INFORMATION CONTAINED HEREIN CONCERNING DTC AND ITS BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM DTC AND THE DISTRICT MAKES NO REPRESENTATION AS TO THE COMPLETENESS OR THE ACCURACY OF SUCH INFORMATION OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

MARKET FACTORS

The financial condition of the District as well as the market for the Bonds could be affected by a variety of factors, some of which are beyond the District's control. There can be no assurance that adverse events in the State, including, for example, the seeking by a municipality of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Bonds. If a significant default or other financial crisis should occur in the affairs of the State or at any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the District to arrange for additional borrowings and the market for and market value of outstanding debt obligations, including the Bonds, could be adversely affected.

Inflation Reduction Act of 2022

On August 16, 2022, former President Biden signed into law the Inflation Reduction Act of 2022 (H.R. 5376). For tax years beginning after 2022, the legislation will impose a minimum tax of 15 percent on the “adjusted financial statement income” of certain large corporations, generally consisting of corporations (other than S corporations, regulated investment companies and real estate investment trusts) with at least \$1 billion in average annual earnings, and certain foreign-parented multinational corporations with at least \$100 million in average annual earnings, determined over a three-year period. For this purpose, adjusted financial statement income tax is not reduced for interest earned on tax-exempt obligations. Prospective holders of the Notes that could be subject to this minimum tax should consult with their own tax advisors regarding the potential consequences of owning the Notes.

The District is dependent to a substantial degree on financial assistance from the State in the form of State aid. No delay in payment of State aid for the remainder of the District's current fiscal year is presently anticipated although no assurance can be given that there will not be a delay in payment thereof. If the State should experience difficulty in borrowing funds in anticipation of the receipt of State taxes in order to pay State aid to municipalities and school districts in the State, including the District, in this year or future years, the District may be affected by such a delay, until sufficient State taxes have been received by the State to make State aid payments to the District.

The Trump administration has publicly discussed dismantling the federal Education Department. It is not possible to know what impact that would have on school districts across the country, including the School District.

Additionally, the Trump administration has proposed, and imposed, tariffs on a variety of different nations across the globe. The effects of such tariffs are not known at this time.

CYBERSECURITY

The District, like many other public and private entities, relies on technology to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the District faces multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. To mitigate the risk of business operations impact and/or damage from cyber incidents or cyber-attacks, the District invests in various forms of cybersecurity and operational controls; however, no assurances can be given that such security and operational control measures will be completely successful to guard against cyber threats and attacks. The results of any such attack could impact business operations and/or damage.

TAX EXEMPTION

Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, will deliver an opinion that, under existing law, the interest on the Bonds is excluded from gross income of the holders thereof for federal income tax purposes and is not an item of tax preference for purposes of the individual alternative minimum tax imposed by the Code. However, such opinion will note that the District, by failing to comply with certain restrictions contained in the Code, may cause interest on the Bonds to become subject to federal income taxation from the date of issuance of the Bonds. We observe that interest on the Bonds will be included in the adjusted financial statement income of certain corporations that are subject to the alternative minimum tax under Section 55 of the Code. Such opinion will state that interest on the Bonds is exempt from personal income taxes imposed by New York State or any political subdivision thereof (including the City of New York).

In rendering the foregoing opinion, Hodgson Russ LLP will note that the exclusion of the interest on the Bonds from gross income for federal income tax purposes is subject to, among other things, continuing compliance by the District with the applicable requirements of Code Sections 141, 148, and 149, and the regulations promulgated thereunder (collectively, the “Tax Requirements”). In the opinion of Hodgson Russ LLP, the tax certificate that will be executed and delivered by the District in connection with the issuance of the Bonds (the “Certificate”) establishes requirements and procedures, compliance with which will satisfy the Tax Requirements.

The Tax Requirements referred to above, which must be complied with in order that interest on the Bonds remains excluded from gross income for federal income tax purposes, include, but are not limited to:

1. The requirement that the proceeds of the Bonds be used in a manner so that the Bonds are not obligations which meet the definition of a “private activity bond” within the meaning of Code Section 141;
2. The requirements contained in Code Section 148 relating to arbitrage bonds; and
3. The requirements that payment of principal or interest on the Bonds not be directly or indirectly guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof) as provided in Code Section 149(b).

In the Certificate, the District will covenant to comply with the Tax Requirements, and to refrain from taking any action which would cause the interest on the Bonds to be includable in gross income for federal income tax purposes. Any violation of the Tax Requirements may cause the interest on the Bonds to be included in gross income for federal income tax purposes from the date of issuance of the Bonds. Hodgson Russ LLP expresses no opinion regarding other federal tax consequences arising with respect to the Bonds.

Prospective purchasers of the Bonds should be aware that ownership of, accrual or receipt of interest on, or disposition of, the Bonds may have collateral federal income tax consequences for certain taxpayers, including financial institutions, property and casualty insurance companies, S corporations, certain foreign corporations, individual recipients of Social Security or Railroad Retirement benefits, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry such obligations. Prospective purchasers should consult their tax advisors as to any possible collateral consequences from their ownership of, or receipt of interest on, or

disposition of, the Bonds. Bond Counsel expresses no opinion regarding any such collateral federal income tax consequences.

In general, information reporting requirements will apply to non-corporate holders with respect to payments of principal, payments of interest, and the proceeds of the sale of a bond or note before maturity within the United States. Backup withholding may apply to a holder of the Bonds under Code section 3406, if such holder fails to provide the information required on Internal Revenue Service ("IRS") Form W-9, Request for Taxpayer Identification Number and Certification, or the IRS has specifically identified the holder as being subject to backup withholding because of prior underreporting. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner's United States federal income tax provided the required information is furnished to the IRS. Neither the information reporting requirement nor the backup withholding requirement affects the excludability of interest on the Bonds from gross income for federal income tax purposes.

Bond Counsel has not undertaken to advise in the future whether any events occurring after the date of issuance of the Bonds may affect the tax status of interest on the Bonds. The Code has been continuously subject to legislative modifications, amendments, and revisions, and proposals for further changes are regularly submitted by leaders of the legislative and executive branches of the federal government. No representation is made as to the likelihood of such proposals being enacted in their current or similar form, or if enacted, the effective date of any such legislation, and no assurances can be given that such proposals or amendments will not materially and adversely affect the economic value of the Bonds or the tax consequences of ownership of the Bonds. Prospective purchasers are encouraged to consult with their own legal and tax advisors with respect to these matters.

DOCUMENTS ACCOMPANYING DELIVERY OF THE BONDS

Absence of Litigation

Upon delivery of the Bonds, the District will furnish certificates, dated the date of delivery of the Bonds, to the effect that there is no controversy or litigation of any nature pending or threatened to restrain or enjoin the issuance, sale, execution or delivery of the Bonds, or in any way contesting or affecting the validity of the Bonds or any of the proceedings taken with respect to the issuance and sale thereof or the application of moneys to the payment of the Bonds, and that there is no controversy or litigation of any nature now pending or threatened by or against the District wherein an adverse judgment or ruling could have a material adverse impact on the financial condition of the District or adversely affect the power of the District to levy, collect, and enforce the collection of taxes or other revenues for the payment of its Bonds, which has not been disclosed in this Official Statement.

Legal Matters

Legal matters incident to the authorization, issuance and sale of the Bonds will be subject to the final approving opinion of Bond Counsel. Such opinion will be available at the time of delivery of the Bonds and will be to the effect that the Bonds are valid and legally binding general obligations of the District for which the District has validly pledged its faith and credit, and all the real property within the District is subject to the levy of special *ad valorem* real property taxes to pay the Bonds and interest thereon, without limitation as to rate or amount (subject to certain statutory limitations imposed by Chapter 97 of the 2011 Laws of the State). Such opinion shall also contain further statements to the effect that (a) the enforceability of rights or remedies with respect to the Bonds may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights or remedies heretofore or hereafter enacted, and (b) such law firm has not been requested to examine or review and has not examined or reviewed the accuracy or sufficiency of the Official Statement, or any additional proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the District which has been or may have been furnished or disclosed to purchasers of the Bonds, and expresses no opinion with respect to such financial or other information, or the accuracy or sufficiency thereof.

Closing Certificates

Upon the delivery of the Bonds, the purchaser will be furnished with the following items: (i) a certificate of the President of the Board to the effect that as of the date of this Official Statement and at all times subsequent thereto, up to and including the time of the delivery of the Bonds, this Official Statement did not and does not contain any

untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading, and further stating that there has been no adverse material change in the financial condition of the District since the date of this Official Statement to the date of issuance of the Bonds, and having attached thereto a copy of this Official Statement; (ii) a certificate signed by an officer of the District evidencing payment for the Bonds; (iii) a closing certificate evidencing the due execution of the Bonds, including statements that (a) no litigation of any nature is pending or, to the knowledge of the signers, threatened, restraining or enjoining the issuance and delivery of the Bonds or the levy and collection of taxes to pay the principal of and interest thereon, nor in any manner questioning the proceedings and authority under which the Bonds were authorized or affecting the validity of the Bonds thereunder, (b) neither the corporate existence or boundaries of the District nor the title of the signers to their respective offices is being contested, and (c) no authority or proceedings for the issuance of the Bonds have been repealed, revoked or rescinded; and (iv) a non-arbitrage certificate and tax certificate executed by the President of the Board, as described under "TAX EXEMPTION" herein.

DISCLOSURE UNDERTAKING

In accordance with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "Rule"), unless the Bonds are purchased for the purchaser's own account, as principal for investment and not for resale, the District will enter into a Disclosure Undertaking at closing, the form of which is attached hereto as "APPENDIX D." A purchaser buying for its own account shall deliver a municipal securities disclosure certificate that documents its intent to purchase the Bonds as principal for investment and not for resale (in a form satisfactory to Bond Counsel) establishing that an exemption from the Rule applies.

The District is in compliance in all material respects with all previous undertakings made pursuant to Rule 15c2-12 for the past five years.

CONTINUING DISCLOSURE COMPLIANCE PROCEDURES

The District has established procedures designed to ensure that future filings of continuing disclosure information will be in compliance with existing continuing disclosure obligations, including transmitting such filings to the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934 through EMMA.

RATINGS

The Bonds have not be rated.

Moody's Investors Service, Inc. ("Moody's") assigned an uninsured rating of "Aa2" to the District's long-term debt obligations of the District.

With respect to the ratings, such ratings reflect only the view of such organization, and an explanation of the significance of such rating may be obtained only from such rating agency. There can be no assurance that such rating will continue for any specified period of time or that such rating will not be revised or withdrawn, if in the judgment of Moody's, circumstances so warrant. Any such change or withdrawal of such rating may have an adverse effect on the market price of the Bonds or the availability of a secondary market for the Bonds.

ORCHARD PARK CENTRAL SCHOOL DISTRICT
Erie County, New York

By: /s/ Mr. Ryan Anderson
Mr. Ryan Anderson
President of the Board of Education

DATED: August 12, 2026

APPENDIX A

THE DISTRICT

General Information

The District, which comprises an area of approximately 50 square miles and has a current estimated population of 32,000, is located in the south-central portion of Erie County about eight miles southeast of the City of Buffalo. On a valuation basis, the District includes most of the Town of Orchard Park and portions of the Towns of Aurora, Boston, Elma, Hamburg and West Seneca (collectively, the “Towns”). Portions of the District closest to Buffalo are suburban in character while outlying areas are more rural. There has been recent growth in the number of single-family residences, garden apartments and townhouses. Most residents of the District are employed in business, industry and professions in Buffalo or the Niagara Frontier. There is some light industry within the District, but plants and business represent only a modest portion of the property tax rolls. During the mid-1980’s, an industrial park in the Town of Orchard Park was established. Businesses located in Quaker Centre Industrial Park include Enidine Inc., and Buffalo Envelope.

Recreation areas and facilities abound including the recently renovated and renamed 72,000 seat Highmark Stadium, the home of the Buffalo Bills, and a large indoor tennis club. A new stadium for the Buffalo Bills is currently under construction within the District. This new stadium will replace the old stadium. The new stadium will be owned by Erie County Stadium Corporation, an agency of the State of New York. Because of this structure of ownership, the new stadium is not taxable by the District. Construction of the new stadium is anticipated to be complete in 2026. Three area parks and Chestnut Ridge, a County park, are located within the District’s boundaries.

Transportation is provided through the District on State Routes 20A, 219 and 62 including the 219 Expressway from Buffalo to the Southern Tier. Bus service is provided by the Niagara Frontier Transportation Authority on a regular, commuter basis. Major airlines operate from the Buffalo-Niagara International Airport, a 20-minute drive from the District. The New York State Thruway and several railroads also serve the area.

The majority of the District’s residents receive fire protection from four regional volunteer fire companies. Police protection is provided by the Town of Orchard Park Police Department, the County Sheriff’s Department and the State Police. Water and sewer services are provided by the County Water Authority.

The following banks have one or more offices within the District: Bank of America, Key Bank, Five Star Bank, Citizens Bank, Evans Bank, M&T Bank, and Community Bank.

District Organization

Subject to the provisions of the State Constitution, the District operates pursuant to the Education Law, the Local Finance Law, other laws generally applicable to the District, and any special laws applicable to the District. Under such laws, there is no authority for the District to have a charter or adopt local laws.

The legislative power of the District is vested in the Board of Education (the “Board”). Under current law, an election is held within the District boundaries on the third Tuesday of May each year to elect members of the Board. Board members are generally elected for a term of three years.

In early July of each year, the Board meets for the purposes of reorganization. At that time, the Board elects a President and Vice President, and appoints a District Clerk and District Treasurer.

The major administrative officers of the District, whose duty it is to implement the policies of the Board and who are appointed by the Board, include the Superintendent of Schools, the Assistant Superintendent for Business & Support Services, the District Treasurer and the District Clerk.

Financial Organization

Pursuant to the Local Finance Law, the President of the Board is the chief fiscal officer of the District. However, certain of the financial functions of the District are the responsibility of the Superintendent of Schools, the Assistant Superintendent for Business & Support Services and the District Treasurer.

Budgetary Procedure

The District's fiscal year begins on July 1 and ends on June 30. Starting in the fall or winter of each year, the District's financial plan and enrollment projection are reviewed and updated and the first draft of the next year's proposed budget is developed by the central office staff. During the winter and early spring, the budget is developed and refined in conjunction with the school building principals and department supervisors. Under current law, the budget is submitted to voter referendum on the third Tuesday of May each year. Summaries of the District's adopted budgets for the current and previous fiscal year may be found in Appendix B, attached hereto.

The voters approved the District's 2026-27 budget on May 19, 2026.

Financial Statements and Accounting Procedures

The financial accounts of the District are maintained in accordance with the New York State Uniform System of Accounting for School Districts. Such accounts are audited annually by independent auditors, and financial statements prepared in accordance with generally accepted accounting principles are available for public inspection upon request. A copy of the District's most recent audited financial statement is contained in Appendix C.

Employee Pension Benefits

All non-teaching and non-certified administrative employees of the District eligible for pension or retirement benefits under the Retirement and Social Security Law of the State of New York are members of the New York and Local Employees' Retirement System ("ERS").

Teachers and certified administrators are members of the New York State Teachers' Retirement System ("TRS" and collectively with the ERS, the "Retirement Systems"). Payments to the Retirement Systems are deducted from the District's State aid payments.

Both the ERS and the TRS are non-contributing with respect to members hired prior to July 27, 1976. The Retirement Systems are non-contributory with respect to members working ten or more years. All members working less than ten years must contribute 3% of gross annual salary toward the cost of retirement programs.

The following table details the District's contractually required contributions to the ERS for the preceding three audited fiscal years, and the budgeted amounts for the Systems' fiscal year ending June 30, 2026 (for ERS, the Comptroller annually certifies the actuarially determined rates expressly used in computing the employers' contributions based on salaries paid during the Systems' fiscal year ending June 30):

<u>Fiscal Year Ending</u> <u>3/31</u>	<u>ERS</u>
2027 (Budgeted)	\$,3250,000
2026 (Budgeted)	2,810,000

2024	1,821,742
2023	1,467,918

The following table details the District's actual required contributions to the TRS for the preceding three audited fiscal years ended June 30 and the budgeted amounts for the fiscal years ending March 31, 2026:

<u>Fiscal Year Ending</u> <u>6/30</u>	<u>TRS</u>
2027 (Budgeted)	\$4,320,000
2026 (Budgeted)	4,940,000
2025	4,814,123
2024	4,480,450
2023	4,547,403

On December 10, 2009, former-Governor Paterson signed into law a new Tier 5 pension program. The law was effective for new ERS and TRS employees hired after January 1, 2010 until April 1, 2012. New ERS employees will now contribute 3% of their salaries and new TRS employees will contribute 3.5% of their salaries. There is no provision for these contributions to cease after a certain period of service.

On March 16, 2012, then-Governor Cuomo signed into law the new Tier 6 pension program, effective for new ERS and TRS employees hired after April 1, 2012. The Tier 6 legislation provides for increased employee contribution rates of between 3% and 6%, an increase in the retirement age from 62 years to 63 years, a readjustment of the pension multiplier, and a change in the time period for final average salary calculation from three years to five years. Tier 6 employees will vest in the system after ten years of employment and will continue to make employee contributions throughout employment.

Pension reform legislation enacted in 2003 and 2004 changed the cycle of ERS billing to match budget cycles of the District. Under the previous method, the District was unsure of how much it paid to the system until after its budget was implemented. Under the current method the contribution for a given fiscal year will be based on the value of the pension fund on April 1 of the prior fiscal year instead of the following April 1 so that the District will be able to more accurately include the cost of the contribution into its budget. The reform legislation also (i) required the District to make a minimum contribution of 4.5% of payroll every year, including years in which the investment performance of the fund would make a lower contribution possible and (ii) moved the annual payment date for contributions from December 15th to February 1st, effective December 15, 2004.

The New York State ERS rate to 2024-25 was 15.2%. The 2025-26 ERS increased to 16.5%. The 2025-26 TRS rate is 9.6%. The 2026-27 ERS is estimated to be 17.6%. The 2026-27 TRS is estimated to be 8.24%.

Due to poor performance of the investment portfolio of the State Retirement System, New York State Comptroller Thomas DiNapoli has announced that the employer contribution rates for required pension contributions to the SRS will continue to increase. To help mitigate the impact of their ERS increases, legislation has been enacted that permits local governments and school district to amortize a portion of such contributions. Under such legislation, local governments and school district that choose to amortize a portion of their ERS contributions will be required to set aside and reserve funds with the SRS for certain future rate increases.

In Spring 2013, the State and TRS approved a Stable Contribution Option ("SCO") that gives school districts the ability to better manage the spikes in Actuarially Required Contribution rates ("ARCs"). ERS followed suit and modified its existing SCO, which was adopted in 2010. Each plan allows school districts to pay the

SCO amount in lieu of the ARC amount, which is higher, and defer the difference in payment amounts as described below. The plan, which was approved as part of then- Governor Cuomo's 2016-17 budgets would let districts contribute 14.13% of employee costs toward pensions. The District has not opted into the pension smoothing plan.

The TRS SCO deferral plan is available to school districts for seven years after enactment. Under the TRS SCO plan, payment of the deferred amount will commence in year six of the program (2019-20) and continue for five years. School districts can elect to no longer participate in the plan at any time, resume paying the ARC and begin repayment of deferred amounts over five years. Under the ERS SCO, payment of deferred amounts begins in the year immediately following the deferral and the repayment period is 12 years. Once made, the election to participate in the ERS SCO is permanent. However, the school districts can choose not to defer payment in any given year. In both plans, interest on the deferred amounts is based on the yield of 10-year U.S. Treasury securities plus 1%.

The primary benefit of participation in the SCO plans is the elimination of the uncertainty in the volatility of future pension contribution ARCs in the near term, thereby providing school districts with significant assistance in its ability to create a stable and reliable fiscal plan.

Other Post-Employment Benefits

The State's 2019-2020 enacted budget legislation, which was signed into law on April 12, 2019, will allow school districts in the State to establish a reserve fund for the purpose of funding/offsetting the cost of TRS contributions. School districts may pay into such fund, during any particular fiscal year, an amount not to exceed two percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year; provided that the balance of such fund may not exceed ten percent of the total compensation or salaries of all district-employed teachers who are members of the TRS paid during the immediately preceding fiscal year. The District has not yet determined whether it will establish such a fund.

The District provides post-retirement healthcare benefits to various categories of former employees. These costs have been rising substantially, and may be expected to rise substantially in the future. School districts and Boards of Cooperative Education Services, unlike other municipal units of government in the State, have been prohibited from reducing retiree health benefits or increasing health care contributions received or paid by retirees below the level of benefits or contributions afforded to or required from active employees. This protection from unilateral reduction of benefits had been extended annually by the New York State Legislature until recently when legislation was enacted to make permanent these health insurance benefit protections for retirees. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of the date hereof. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

Effective July 1, 2016, the District adopted GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other than Pensions (OPEB), which supersedes GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions. This statement requires the District to recognize the total OPEB liability and related deferred outflows and deferred inflows of resources. The cumulative effect of implementing this required change in accounting principle resulted in a restatement of beginning net position as detailed in Note 7 to the District's financial statements. This statement addresses accounting and financial reporting for other postemployment benefits offered by the District and requires various note disclosures and required supplementary information.

Under GASB Statement No. 75, the total OPEB liability represents the sum of expected future benefit payments which may be attributed to past service (or "earned"), discounted to the end of the fiscal year using the current discount rate. The total OPEB liability is analogous to the Unfunded Actuarial Accrued Liability ("AAL") under GASB Statement No. 45.

The District is in compliance with the requirements of GASB 75, and a summary of the actuarial valuation is included in the District's Audited Financial Statement dated June 30, 2025 attached hereto as Appendix C. The following table summarizes the District's annual OPEB statements for the year ended June 30, 2025:

Investment Policy/Permitted Investments

Pursuant to State law, including Sections 10 and 11 of the General Municipal Law (the “GML”), the District is generally permitted to deposit moneys in banks and trust companies located and authorized to do business in the State. All such deposits, including special time deposit accounts and certificates of deposit, in excess of the amount insured under the Federal Deposit Insurance Act, are required to be secured in accordance with the provisions of and subject to the limitations of Section 10 of the GML.

The District may also temporarily invest moneys in: (1) obligations of the United States of America; (2) obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America; (3) obligations of the State of New York; (4) with the approval of the New York State Comptroller, tax anticipation notes or revenue anticipation notes issued by any municipality, school district, or district corporation, other than those bonds issued by the District; (5) certificates of participation issued by political subdivisions of the State pursuant to Section 109-b(10) of the GML; (6) obligations of a New York public benefit corporation which are made lawful investments for municipalities pursuant to the enabling statute of such public benefit corporation; or (7) in the case of moneys held in certain reserve funds established by the District pursuant to law, obligations of the District.

All of the foregoing instruments and investments are required to be payable or redeemable at the option of the owner within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of instruments and investments purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. Unless registered or inscribed in the name of the District, such instruments and investments must be purchased through, delivered to and held in custody of a bank or trust company in the State pursuant to a written custodial agreement as provided in Section 10 of the GML.

The Board has adopted an investment policy and such policy conforms with applicable laws of the State governing the deposit and investment of public moneys. All deposits and investments of the District are made in accordance with such policy.

FINANCIAL FACTORS

District finances are operated primarily through its General Fund. All taxes and most other revenues are paid into this fund and all current operating expenditures are made from it. A Statement of Revenues and Expenditures for each of the last five fiscal years ending June 30 is contained in Appendix B. As reflected in Appendix B, the District derives the majority of its annual revenues from a tax on real property. Capital improvements are generally financed by the issuance of bonds and bond anticipation notes.

Real Property Taxes

The District derives a major portion of its revenues from a tax on real property (see “Statement of Revenues, Expenditures and Changes in Fund Balance-General Fund” in Appendix B, herein). Property taxes accounted for 58.7% of total general fund revenues for the fiscal year ended June 30, 2025, while State aid accounted for 28.9%.

The following table sets forth total general fund revenues and real property tax revenues during the last five fiscal years and the amounts budgeted for the previous and current fiscal years.

In addition to the amount of State Aid budgeted by the District in 2026-27 fiscal year, the State is expected to make payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR (see “STAR-School Tax Exemption” herein.) Program. The District expects to receive timely receipt of STAR aid for the current fiscal year.

In January 2001, the State Supreme Court issued a decision in *Campaign for Fiscal Equity v. New York* mandating that the current system of apportionment of state aid to school districts within the State be restructured by the Governor and the State Legislature. On June 25, 2002, the Appellate Division of the State Supreme Court reversed that decision. On June 26, 2003, the State Court of Appeals, the highest court in the State, reversed the Appellate Division, holding that the State must, by July 30, 2004, ascertain the actual cost of providing a sound basic education, enact reforms to the system of school funding and ensure a system of

accountability for such reforms. The Court of Appeals further modified the decision of the Appellate Division by deciding against a Statewide remedy and instead limited its ruling solely to the New York City school system.

A case related to the *Campaign for Fiscal Equity, Inc. v. State of New York* was heard on appeal on May 30, 2017 in *New Yorkers for Students' Educational Rights ("NYSER") v. State of New York*. The NYSER lawsuit asserted that the State failed to comply with the original decision in the Court of Appeals in *Campaign for Fiscal Equity*, and asked the Court of Appeals to require the State to develop new methodologies, formulas and mechanisms for determining State aid, to fully fund the "foundation aid" formula, to eliminate the supermajority requirement for voter approval of budgets which increase school district property tax levies above the property tax cap limitation, and related matters. On June 27, 2017, the Court of Appeals held that the plaintiff's causes of action were properly dismissed except for two causes of action regarding accountability mechanisms and sufficient state funding for a "sound basic education" limited solely to the New York City and Syracuse school districts.

While certain increases in State aid following this case have been targeted to high-needs schools and other schools did share in the overall increase of State aid, the District is unable to predict whether this pattern of distribution will continue beyond that which is included in later legislation dealing with foundation aid. Increased State aid for New York City schools and other high-needs schools may result in reductions in the future of State aid to certain other school districts, including the District.

In any event, the outcome of this matter will not affect the validity of any obligations issued by the District, including the Bonds, nor the ability of the District to levy taxes on the taxable real property in the District to pay the Bonds and the interest thereon as the same shall become due and payable.

The Smart Schools Bond Act was approved by the State's voters in 2014. The Smart Schools Bond Act authorized the issuance of \$2 billion of general obligation bonds to finance improved educational technology and infrastructure to improve learning and opportunity for students throughout the State. The District's estimated allocation of such funds is \$2,333,018.

There can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. The availability of such monies and the timeliness of such payment could be affected by a delay in the adoption of the State budget. In any event, State aid appropriated and apportioned to the District can be paid only if the State has such monies available therefor.

Recent Events Affecting New York State School Districts

School district fiscal year (2022-23): The Governor's Enacted budget provided \$31.5 billion in School Aid for the 2022-23 fiscal year, an increase of \$2.1 billion (7.2 percent) from \$29.1 billion 2021-22. Foundation Aid is increased by \$1.5 billion (7.7% increase), This is the second year of the Foundation Aid Formulation, a three-year phase-in of the restoration of the full Foundation Aid formula to finally fulfill the State's commitments from the Campaign for Fiscal Equity case from the early 2000s. The budget continued the expansion of full-day prekindergarten that will provide funding to 200 school districts with an increase of \$125 million from the 2022-23 fiscal year, and increase of 13%. The Budget also includes \$451 million increase in all other School Aid programs.

School district fiscal year (2023-24): The Governor's Enacted State budget provided \$34.5 billion in School Aid for the 2023-24 fiscal year, an increase of \$3.1 billion (10.0 percent). Foundation Aid is increased by \$2.7 billion (12.8 percent), This is the third year of the Foundation Aid Formulation, a three-year phase-in of the restoration of the full Foundation Aid formula to finally fulfill the State's commitments from the Campaign for Fiscal Equity case from the early 2000s. The budget continued the expansion of full-day prekindergarten that will provide funding to 200 school districts with an increase of \$1.2 million from the 2022-23 fiscal year. The total funding for the Universal Pre-Kindergarten included \$25 million in expansion grants supported by the American Rescue Plan Act.

School district fiscal year (2024-25): The Governor's Enacted State budget provided \$35.9 billion in School Aid, an increase of \$1.3 billion, including \$24.9 billion in Foundation Aid for the 2024-25 fiscal year. Governor Hochul is lowering the inflation factor from 3.4 percent to 2.8 percent in the formula to right-size funding for the 2024-25 school year. The Budget also commissioned a Rockefeller Institute study to examine the Foundation Aid formula to prepare for changes next year.

On January 21, 2025, Governor Hochul released the 2025 - 2026 Executive Budget. The Executive Budget provides for a total of \$37.4 billion in school aid, with \$26.4 billion being in foundation aid (a 5.9% increase from last year), \$3.3 billion in building aid, \$2.7 billion in transportation aid, and \$1.2 billion in prekindergarten aid (the total of building aid, transportation aid, and prekindergarten aid accounting for an aggregate increase of 2.2% since last year). A final budget was passed by New York State on May 8, 2025. The enacted budget includes a \$37.6 billion increase in total school aid. The enacted budget's foundation aid increase is nearly identical to the Executive Budget's; however, due to an adjustment in the aid calculation formula (as the formula and its ensuing calculations pertain to districts with large amounts of English language learners) some districts will see a slight increase or decrease in their final Foundation Aid amount.

Foundation aid is New York State's main education operating aid formula. It is focused on allocating New York State funds equitably to all school districts, especially high need districts, based on student need, community wealth, and regional cost differences. As stated above, the Executive Budget provides a 5.9% increase (amounting to a \$1.4 billion total increase since last year) in Foundation Aid for the 2025 school year. Foundation aid is intended mainly to support districts' instructional costs. It is the largest aid type within the school aid budget categories. Building aid is considered an expense-based type of aid. The Executive Budget allocates \$3.3 billion in building aid for the 2025 school year.

School district fiscal year (2026-27): The Governor's Enacted State budget provided \$39.3 billion in School Aid, an increase of \$1.6 billion, including \$27.1 billion in Foundation Aid for the 2026-27 fiscal year. The growth in Foundation Aid fully funds the current formula and ensures that each school district receives at least one percent year to year increase.

The School District presently anticipates a decrease in its State Aid related to Foundation aid for its 2026-27 fiscal year in an amount of \$452,996.

The State budget for the 2026-27 fiscal year provides \$38.19 million of State Aid to the District, a 7.62% decrease from the District's 2025-26.

It should also be noted that the District receives federal aid for certain programs. In its last audited fiscal year, the District received \$76,575 in such direct federal aid. It is not possible to predict whether such aid will continue in the future, or if continued, whether it will be funded at present levels.

The District cannot predict at this time whether there will be any reductions in and/or delays in the receipt of State aid during the District's 2025-26 fiscal year. The District believes that it would mitigate the impact of any delays or the reduction in State aid by reducing expenditures, increasing revenues, appropriating other available funds on hand, and/or by any combination of the foregoing.

Other Revenues

In addition to property taxes and State aid, the District receives other revenues from miscellaneous sources as shown in Appendix B.

TAX INFORMATION

Real Property Tax Assessments and Rates

The District derives its power to levy an *ad valorem* real property tax from the State Constitution; methods and procedures to levy, collect and enforce this tax are governed by the Real Property Tax Law. Real property assessment rolls used by the District are prepared by the towns listed in Table 6 below. Assessment valuations are determined by the town assessor and the State Board of Real Property Services, which is responsible for

certain utility and railroad property. In addition, the State Board of Real Property Services annually establishes State Equalization Rates for all localities in the State, which are determined by statistical sampling of market sales/assessment studies. The equalization rates are used in the calculation and distribution of certain State aids and are used by many localities in the calculation of debt contracting and real property taxing limitations. The District is not subject to constitutional real property taxing limitations.

The State Comptroller's Fiscal Stress Monitoring System

The New York State Comptroller has reported that certain State school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district's ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "significant fiscal stress", in "moderate fiscal stress," as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, it means that the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of the State Comptroller designates the District as "No Designation" (see <https://www1.osc.state.ny.us/localgov/fiscalmonitoring/fsms.cfm>).

New York State Comptroller's Audit

Many school districts throughout the state can be subject to an audit of the New York State Office of the Comptroller ("OSC") pursuant to Article V, Section 1 of the State Constitution and the State Comptroller's authority as set forth in Article 3 of the New York State General Municipal Law.

On August 17, 2018, OSC, Division of Local Government and School Accountability released an audit of the District to determine if the Board and District officials properly managed District finances by ensuring budget estimates, unrestricted fund balance and reserve fund balances were reasonable and the District accurately compensated employees. The audit found that the Board underestimated revenues, overestimated appropriations and appropriated fund balance that was not used, Despite budgetary surpluses and excess fund balance, the Board increased the tax levy, and three teachers were paid stipends at rates not established by a collective bargaining agreement (CBA), employment contract or Board resolution. The OSC recommended the District develop and adopt budgets that include realistic estimates for revenues, appropriations and fund balance that will be used to fund operations, adopt a more comprehensive reserve policy and review reserve fund balances to determine whether the amounts are necessary and reasonable, and ensure that all payments, pay rates and stipends are paid at rates established by a CBA, employment contract or Board resolution. District officials disagreed with certain aspects of OSC findings and recommendations, but indicated they planned to initiate some corrective action.

(See <https://osc.state.ny.us/localgov/audits/schools/2018/orchard-park.pdf>.)

The OSC has not conducted any other audits of the District in the past five years.

Tax Limit

The State Constitution does not limit the amount that may be raised by the District-wide tax levy on real property in any fiscal year. See, however, the discussion immediately below under the sub-heading “Tax Levy Limitation Law.”

Tax Levy Limitation Law

On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor (the “Tax Levy Limitation Law”). The Tax Levy Limitation Law applies to all local governments, including school districts (with the exception of New York City, and the counties comprising New York City). The discussion herein does not include school districts in New York City, Buffalo, Rochester, Syracuse, or Yonkers.

On June 25, 2015, Chapter 20 of the 2015 Laws of New York (“Chapter 20”) amended the Tax Levy Limitation Law to extend its expiration from June 15, 2016 to June 15, 2020. Chapter 20 also affects the calculation of tax base growth factor and exclusions available to school districts, and introduces a new real property tax rebate, as outlined below. On April 12, 2019, the enacted budget legislation made the Tax Levy Limitation Law permanent.

Prior to the enactment of the Tax Levy Limitation Law, there was no statutory limitation on the amount of real property taxes that a school district could levy as part of its budget if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year’s budget or one hundred twenty percent (120%) of the consumer price index (“CPI”).

The Tax Levy Limitation Law restricts, among other things, the amount of real property taxes that may be levied by or on behalf of a school district in a particular year. Pursuant to the Tax Levy Limitation Law, the tax levy of a school district cannot increase by more than the lesser of (i) two percent (2%) or (ii) the annual increase in the CPI, over the amount of the prior year’s tax levy. Certain adjustments are permitted for taxable real property full valuation increases or changes in physical or quantity growth in the real property base as defined in Section 1220 of the Real Property Tax Law. Chapter 20 additionally allows the State Commissioner of Taxation and Finance to adjust for changes in the real property base to reflect development on tax exempt real property.

Beginning with the 2012-13 fiscal year, school districts have had to submit their proposed tax levies to the voters each year. A school district could exceed the tax levy limitation for the coming fiscal year only if the voters of such school district first approve a budget by at least 60% affirmative vote of those voting to override such limitation for such coming fiscal year only. Tax levies that do not exceed the limitation only require approval by at least a simple majority of those voting. In the event that a budget is defeated and not re-proposed, or in the event of two budget vote defeats in the same year, a school district may not levy taxes in an amount greater than the amount levied in the most recent year when a budget was approved.

There are exceptions for school districts to the tax levy limitation provided in the Tax Levy Limitation Law, including expenditures made on account of certain tort settlements and certain increases in the average actuarial contribution rates of the New York State and Local Employees’ Retirement System, and the Teachers’ Retirement System. School districts are also permitted to carry forward a certain portion of their unused levy limitation from a prior year.

There is also an exception for school districts for “Capital Local Expenditures” subject to voter approval where required by law. “Capital Local Expenditures” do not include certain items for which a school district may issue debt including the payment of judgments or settled claims, including tax certiorari payments, and cashflow borrowings including tax anticipation notes, revenue anticipation notes, budget notes and deficiency notes. “Capital Local Expenditures” are defined as “the taxes associated with budgeted expenditures resulting from the financing, refinancing, acquisition, design, construction, reconstruction, rehabilitation, improvement, furnishing and equipping of or otherwise providing for school district capital facilities or

school district capital equipment, including debt service and lease expenditures, and transportation capital debt service, subject to the approval of the qualified voters where required by law”. The State Commissioner of Taxation and Finance has promulgated a regulation that will allow school districts, beginning in the 2020-21 school year, to adjust the exclusion to reflect a school district’s share of capital expenditures related to projects funded through a board of cooperative educational services (“BOCES”). The portion of the tax levy necessary to support “Capital Local Expenditures” is defined as the “Capital Tax Levy”, and this is an exclusion from the tax levy limitation (except in a case when the District would be prohibited from raising the tax levy amount at all due budget vote results, as explained above).

Tax Collection Procedure

The real property taxes of the District are collected by the Town of Orchard Park (the “Town”). Such taxes are due on September 15, and may be paid without penalty through October 15. The Town pays to the District the amounts collected on a periodic basis. The penalty on unpaid taxes is 5% from October 16 to October 31 and additional 1% for each month thereafter. On or about December 1, the Town files a report of any uncollected District taxes with the County. The County thereafter on or before April pays to the District the full amount of its uncollected taxes. Thus, the full amount of the District’s real property tax levy is collected by the District in the fiscal year of the levy. The County has the power to issue and sell tax anticipation notes to fund the reimbursement of uncollected taxes due to the District.

The District is not responsible for the collection of taxes of any other unit of government.

STAR - School Tax Exemption

The School Tax Relief (“STAR”) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. School districts are reimbursed by the State for real property taxes exempted pursuant to the STAR Program.

For the 2026-2027 school levy year, homeowners subject to certain household income limitations are eligible for an enhanced exemption and basic exemption as follows:

<u>Municipality</u>	<u>Enhanced Exemption</u>	<u>Basic Exemption</u>
Town of Aurora	\$17,700	6,140
Town of Boston	44,250	15,000
Town of Elma	2,300	780
Town of Hamburg	25,670	8,700
Town of Orchard Park	26,550	9,000
Town of West Seneca	21,240	7,200

As of: 04/10/2026

The enhanced or basic STAR exemption is the amount that an assessment will be reduced prior to the levy of school taxes. For example, if a home is assessed at \$150,000 and the enhanced STAR exemption for a municipality is \$50,000, the school taxes on the property would be paid on a taxable assessment of \$100,000 (\$150,000 - \$50,000 = \$100,000).

Since the 2011-12 school tax bills, there has been a 2% limit on STAR savings increases, the savings results from the Basic or Enhanced STAR exemptions are limited to a 2% increase over the prior year. When school districts initially calculate their tax bills, for each municipal segment they will compare the amount of STAR savings to the maximum. If the STAR savings exceeded the maximum, the school district will use the maximum when calculating tax bills for the segment.

The maximum savings for each of the municipalities for the 2026-2027 fiscal year are as follows:

<u>Municipality</u>	<u>Basic Maximum Savings</u>	<u>Enhanced Maximum Savings</u>
Town of Aurora	\$377	\$1,057
Town of Boston	372	1,048
Town of Elma	365	1,045
Town of Hamburg	369	1,060
Town of Orchard Park	375	1,075
Town of West Seneca	366	1,050

As of: 04/11/2025

The District expects to receive full reimbursement of such exempt taxes from the State during the 2026-27 fiscal year.

DISTRICT INDEBTEDNESS

Constitutional Requirements

The State Constitution limits the power of the District (and other municipalities and school districts of the State) to issue obligations and to otherwise contract indebtedness. Such constitutional and statutory limitations include the following, in summary form, and are generally applicable to the District and the Bonds.

Purpose and Pledge. The District shall not give or loan any money or property to or in aid of any individual or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The District may contract indebtedness only for a District purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the

period of probable usefulness of the object or purpose determined by statute; no installment may be more than fifty per centum in excess of the smallest prior installment, unless the District has authorized the issuance of indebtedness having substantially level or declining annual debt service. The District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds, bond anticipation notes and capital notes.

General. The District is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness to prevent abuses in the exercise of such power; however, as has been noted under “THE BONDS -- Nature of Obligation”, the State Legislature is prohibited by a specific constitutional provision from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted.

Statutory Procedure

In general, the State Legislature has, by the enactment of the Local Finance Law, authorized the powers and procedure for the District to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Education Law.

The District is generally required by such laws to submit propositions for the expenditure of money for capital purposes to the qualified electors of the District. Upon approval thereby, the Board of Education may adopt a bond resolution authorizing the issuance of bonds and notes in anticipation of the bonds. With respect to certain school building construction projects, the District is not permitted to spend in excess of \$100,000 until the plans and specification for such project have been approved by the Commissioner of Education of the State.

The Local Finance Law also provides a 20-day statute of limitations after publication of a bond resolution, together with a statutory form of notice which, in effect, stops legal challenges to the validity of obligations authorized by such bond resolution, except for alleged constitutional violations. The District typically complies with the estoppel procedure. It is a procedure that is recommended by Bond Counsel, but it is not an absolute legal requirement.

The Board, as the finance board of the District, has the power to enact tax anticipation note resolutions. Such resolutions may authorize the issuance of tax anticipation notes in an aggregate principal amount necessary to fund anticipated cash flow deficits but in no event exceeding the amount of real property taxes levied or to be levied by the District, less any tax anticipation notes previously issued and less the amount of such taxes previously received by the District.

Debt Limit. Pursuant to the Local Finance Law, the District has the power to contract indebtedness for any District purpose authorized by the Legislature of the State of New York provided the aggregate amount thereof shall not exceed ten per centum of the full valuation of taxable real estate of the District and subject to certain enumerated exclusions and deductions such as State aid for building purposes. The constitutional and statutory method for determining full valuation consists of taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the ratio (equalization rate) which such assessed valuation bears to the full valuation; such ratio is determined by the State Board of Real Property Services. The State Legislature is required to prescribe the manner by which such ratio shall be determined by such authority.

Statutory Debt Limit and Net Indebtedness

The debt limit of the District is \$643,814,298. This is calculated by taking 10% of the current full value of the taxable real property of the District.

Given the "assumed amortization" of State building aid as provided in Chapter 383 of the Laws of 2001, no assurance can be given regarding the direct or indirect effect that "assumed amortization" will have on the net indebtedness of the District, or the timing or amount of such building aid in connection with school facilities financed with the proceeds of the issuance of bonds or notes. Remedies Upon Default

Section 99-b of the State Finance Law (the "SFL") provides for a covenant between the State and the purchasers and the holders and owners from time to time of the bonds and notes issued by school districts in the State for school purposes that it will not repeal, revoke or rescind the provisions of Section 99-b of the SFL, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Such section provides that in the event a holder or owner of any bond or note issued by a school district for school purposes shall file with the State Comptroller a verified statement describing such bond or note and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by registered mail upon the chief fiscal officer of the school district which issued the bond or note. Such investigation by the State Comptroller shall set forth a description of all such bonds and notes of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the Office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State Teachers' Retirement System, and (b) the principal of and interest on such bonds and notes of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay such amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on the bonds and notes shall be forwarded promptly to the paying agent or agents for the bonds and notes in default of such school district for the sole purpose of the payment of defaulted principal of and

interest on such bonds or notes. If any such successive allotments, apportionments or payment of such State aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds and notes in default with respect to which the same was so deducted or withheld, then the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds and notes in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds and notes of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds or notes pursuant to such section of the SFL.

Under current law, provision is made for contract creditors (including the holders of the Bonds) of the District to enforce payments upon such contracts, if necessary, through court action, although the present statute limits interest on the amount adjudged due to creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation servicing the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment, although judicial mandates have been issued to officials to appropriate and pay judgments out of current funds or the proceeds of a tax levy.

In recent times, certain events and legislation affecting remedies on default have resulted in litigation. While courts of final jurisdiction have upheld and sustained the rights of bondholders and/or noteholders, such courts might hold that future events including financial crises as they may occur in the State and in municipalities of the State require the exercise by the State of its emergency and police powers to assure the continuation of essential public services.

There is in the State Constitution, Article VIII, Section 2, the following provision relating to the annual appropriation of monies for the payment of due principal of and interest on indebtedness of every county, city, town, village and school district in the State: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for such indebtedness."

The constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes, or bond anticipation notes.

No principal or interest payment on District indebtedness is past due. The District has never defaulted in the payment of the principal of and interest on any indebtedness.

Overlapping and Underlying Debt

In addition to the District, other political subdivisions have the power to issue bonds and to levy taxes or cause taxes to be levied on taxable real property in the District. The real property taxpayers of the District are responsible for a proportionate share of outstanding debt obligations of these subdivisions. Such taxpayers' share of overlapping and underlying debt is based on the amount of the District's equalized property values taken as a percentage of each separate unit's total values. The following table presents the amount of overlapping and underlying debt and the District's share of this debt. Authorized but unissued debt has not been included.
