

This Preliminary Official Statement and the information contained herein are subject to completion or amendment without notice. Under no circumstances shall this Preliminary Official Statement constitute an offer to sell or the solicitation of an offer to buy, nor shall there be any sale of the securities in any jurisdiction in which such offer, solicitation, or sale would be unlawful prior to registration or qualification under the securities laws of such jurisdiction.

PRELIMINARY OFFICIAL STATEMENT DATED APRIL 23, 2019

NEW ISSUE REFUNDING SERIAL BONDS

RATING: See "RATING" herein

In the opinion of The Law Offices of Jeffrey E. Storch, Bond Counsel, under existing law and assuming continuing compliance with certain covenants and the accuracy of certain representations, (i) interest on the Bonds is excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax and (ii) interest on the Bonds is exempt from personal income taxes imposed by the State of New York and political subdivisions thereof, including The City of New York and the City of Yonkers. For a more complete discussion of the tax aspects, see "Tax Matters" herein.

The Bonds will not be designated as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Internal Revenue Code of 1986, as amended.

VILLAGE OF MAMARONECK WESTCHESTER COUNTY, NEW YORK

\$14,675,000*

PUBLIC IMPROVEMENT REFUNDING (SERIAL) BONDS, 2019 (the "Bonds")

Dated Date: Date of Delivery

Maturity Dates: August 15, 2019 - 2030

The Bonds are general obligations of the Village of Mamaroneck, Westchester County, New York (the "Village"), and will contain a pledge of the faith and credit of the Village for the payment of the principal thereof and interest thereon and, unless paid from other sources, the Bonds are payable from ad valorem taxes which may be levied upon all the taxable real property within the Village, subject to certain statutory limitations imposed by Chapter 97 of the Law of 2011. See "Tax Levy Limit Law," herein.

The Bonds will be issued in fully registered form, and when issued, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"), New York, New York. DTC will act as securities depository for the Bonds. Individual purchases may be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof. Purchasers will not receive certificates representing their ownership interest in the Bonds. Payment of the principal of and interest on the Bonds will be made by the Village to DTC, which will in turn remit such principal and interest to its participants for subsequent disbursement to the beneficial owners of the Bonds as described herein. See "Book-Entry-Only System" herein.

The Bonds will be dated their Date of Delivery, will bear interest from such date payable August 15, 2019 and semiannually thereafter on each February 15 and August 15 until maturity and will mature on August 15 in the years and amounts as set forth on the inside cover page hereof. The Bonds are subject to optional redemption prior to maturity as discussed herein. (See "Optional Redemption" herein).

The Bonds are offered subject to the final approving opinion of The Law Offices of Jeffrey E. Storch, New York, New York, Bond Counsel, and certain other conditions. Capital Markets Advisors, LLC has served as Financial Advisor to the Village in connection with the issuance of the Bonds. It is expected that delivery of the Bonds in book-entry form through the offices of DTC in New York, New York or as otherwise agreed upon with the purchaser will be made on or about May 23, 2019.

THIS OFFICIAL STATEMENT IS IN A FORM DEEMED FINAL BY THE VILLAGE FOR PURPOSES OF SECURITIES AND EXCHANGE COMMISSION RULE 15C2-12, AS AMENDED (THE "RULE"), EXCEPT FOR CERTAIN INFORMATION THAT HAS BEEN OMITTED HEREFROM IN ACCORDANCE WITH SAID RULE AND THAT WILL BE SUPPLIED WHEN THIS OFFICIAL STATEMENT IS UPDATED FOLLOWING THE SALE OF THE OBLIGATIONS HEREIN DESCRIBED. THIS OFFICIAL STATEMENT WILL BE SO UPDATED UPON REQUEST OF THE SUCCESSFUL BIDDER AS MORE FULLY DESCRIBED IN THE NOTICE OF SALE WITH RESPECT TO THE OBLIGATIONS HEREIN DESCRIBED. THE VILLAGE WILL COVENANT IN A CONTINUING DISCLOSURE AGREEMENT TO PROVIDE CONTINUING DISCLOSURE WITH RESPECT TO THE BONDS IN ACCORDANCE WITH THE RULE. SEE "COVENANT TO MAKE CONTINUING DISCLOSURE" HEREIN.

DATED: May __, 2019

*Preliminary, subject to change.

The Bonds mature on August 15 in each year as set forth below:

<u>Date</u>	<u>Amount ⁽¹⁾</u>	<u>Interest Rate</u>	<u>Yield</u>	<u>CUSIP Number</u>
2019	\$ 85,000			561501
2020	990,000			561501
2021	1,110,000			561501
2022	1,155,000			561501

OFFICIAL STATEMENT
VILLAGE OF MAMARONECK
WESTCHESTER COUNTY, NEW YORK

relating to

\$14,675,000*
PUBLIC IMPROVEMENT REFUNDING (SERIAL) BONDS, 2019
(the “Bonds”)

This Official Statement, which includes the cover page and appendices attached hereto, presents certain information relating to the Village of Mamaroneck, Westchester County, in the State of New York (the “Village,” “County,” and “State,” respectively). It has been prepared by the Village in connection with the sale and delivery of \$14,675,000* Public Improvement Refunding (Serial) Bonds, 2019 (the “Bonds”).

All quotations from and summaries and explanations of provisions of the Constitution and laws of the State as well as the acts and proceedings of the Village contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof and all references to the Bonds and the proceedings of the Village relating thereto are qualified in their entirety by reference to the definitive form of the Bonds and such proceedings.

THE BONDS

Description

The Bonds will be dated their Date of Delivery, will bear interest from such date payable August 15, 2019 and semiannually thereafter on each February 15 and August 15 until maturity and will mature on August 15 in the years and amounts as set forth on the inside cover page hereof. The Bonds are not subject to optional redemption prior to maturity.

The Bonds will be issued in fully registered form and, when issued, will be registered in the name of Cede & Co., as nominee of The Depository Trust Company (“DTC”), New York, New York. DTC will act as securities depository for the Bonds. Individual purchases may be made in book-entry form only, in the principal amount of \$5,000 and integral multiples. Purchasers will not receive certificates representing their ownership interest in the Bonds.

Principal of and interest on the Bonds will be made by the Village to DTC, which will in turn remit such principal of and interest on to its Participants (defined herein), for subsequent disbursement to the Beneficial Owners (defined herein) of the Bonds as described herein. The Bonds may be transferred in the manner described on the Bonds and as referenced in certain proceedings of the Village referred to therein.

THE RECORD DATE FOR PAYMENT OF PRINCIPAL OF AND INTEREST ON THE BONDS WILL BE THE LAST BUSINESS DAY OF THE CALENDAR MONTH PRECEDING EACH INTEREST PAYMENT DATE.

Authorization and the Refunding Plan for the Bonds

The Bonds are issued pursuant to the Constitution and Laws of the State of New York, including among others, the Village Law and the Local Finance Law and the refunding bond resolution duly adopted by the Village Board on March 25, 2019 (the “Refunding Bond Resolution”), authorizing the refunding of all or a part of certain outstanding bonds of the Village issued on August 15, 2010. A refunding financial plan has been prepared and is described below (the “Refunding Plan”).

Preliminary, subject to change.

The Bonds are being issued to refund up to \$15,420,000 of the outstanding principal of the Village's \$24,315,000 Public Improvement Serial Bonds, Series 2010A, which mature in the years 2020 through 2030 (the "Refunded Bonds"). Under the Refunding Plan, the Refunded Bonds are to be called and redeemed as detailed in the chart below. The net proceeds of the Bonds (after payment of the underwriting fee and other costs of issuance relating to the Bonds) will be used to purchase non-callable, direct obligations of or obligations guaranteed by the United States of America (the "Government Obligations") which, together with remaining cash proceeds from the sale of the Bonds, will be placed in an irrevocable trust fund (the "Escrow Fund") to be held by The Bank of New York Mellon Trust Company, National Association, Dallas, Texas (the "Escrow Holder"), a bank located and authorized to do business in the State, pursuant to the terms of an escrow contract by and between the Village and the Escrow Holder, dated as of the delivery date of the Bonds (the "Escrow Contract"). The Government Obligations so deposited will mature in amounts which, together with the cash so deposited, will be sufficient to pay the principal of and interest on the Refunded Bonds on the date of their redemption. The Refunding Plan requires the Escrow Holder, pursuant to the refunding bond resolution of the Village and the Escrow Contract, to pay the Refunded Bonds at maturity or at the earliest date on which the Refunded Bonds may be called for redemption prior to maturity.

The holders of the Refunded Bonds will have a first lien on all investment income from and maturing principal of the Government Obligations, along with other available monies held in the Escrow Fund. The Escrow Contract shall terminate upon final payment by the Escrow Holder to the paying agents/fiscal agent for the Refunded Bonds amounts from the Escrow Fund adequate for the payment, in full, of the Refunded Bonds, including interest payable with respect thereto.

The Refunding Plan will permit the Village to realize, as a result of the issuance of the Bonds, cumulative dollar and present value debt service savings.

Under the Refunding Plan, the Refunded Bonds will continue to be general obligations of the Village. However, inasmuch as the Government Obligations held in the Escrow Fund will be sufficient to meet all required payments of principal and interest requirements when required in accordance with the Refunding Plan, it is not anticipated that any other source of payment will be required.

The amount of Refunded Bonds set forth below may be changed by the Village in its sole discretion due to market or other factors considered relevant by the Village at the time of pricing of the Bonds and no assurance can be given that any particular maturity thereof, or the issue itself, will be refunded.

Verification of Mathematical Accuracy of the Refunding Bonds

PKF O'Connor Davies, LLP will verify, from the information provided to them, the mathematical accuracy as of the date of the closing for the Bonds of (1) the computations contained in the schedules provided to them in order to determine that the anticipated receipts from the U.S. Government Obligations investment securities and cash deposits, if any, listed in the underwriter's schedules, to be held in the Escrow Deposit Fund, will be sufficient to pay, when due, the principal of and interest requirements of the Refunded Bonds, and (2) the computations of yield on both the investment securities and bonds contained in the schedules provided to Bond Counsel for its determination that the interest on the Bonds is exempt from income taxes. PKF O'Connor Davies, LLP will express no opinion on the assumptions provided to them, nor as to the exemption from taxation of the interest on the Bonds.

Optional Redemption

Call Provisions. The Bonds maturing on or before August 15, 2026 will not be subject to redemption prior to maturity. The Bonds maturing on or after August 15, 2027 will be subject to redemption prior to maturity at the option of the Village, in whole or in part, and if in part, in any order of their maturity and in any amount within a maturity (selected by lot within a maturity) on any date on or after August 15, 2026 at par, plus accrued interest to the date of redemption.

Call Notification. If less than all of the Bonds of any maturity are to be redeemed, the particular bonds of such maturity redeemed shall be selected by lot in any customary manner of selection as determined by the Village. Notice of such call for redemption shall be given by mailing such notice to the registered holder not more than sixty (60) days nor less than thirty (30) days prior to such date. Notice of redemption having been given as aforesaid, the bonds so called for redemption shall, on the date for redemption set forth in such call for redemption, become due and payable together with interest to such redemption date. Interest shall cease to be paid thereon after such redemption date (See "Book-Entry-Only System" for additional information concerning redemptions).

Book-Entry-Only System

The Depository Trust Company ("DTC"), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered bond certificate will be issued for each maturity of the Bonds and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants")

deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's Money Market Instruments (MMI) Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Village as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Village, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the Village, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Village, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Village. Under such circumstances, in the event that a successor depository is not obtained, bond certificates are required to be printed and delivered.

The Village may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered as applicable.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Village believes to be reliable, but the Village takes no responsibility for the accuracy thereof.

Source: The Depository Trust Company

THE INFORMATION CONTAINED IN THE ABOVE SECTION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SAMPLE OFFERING DOCUMENT LANGUAGE SUPPLIED BY DTC, BUT THE VILLAGE TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF. IN ADDITION, THE VILLAGE WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO PARTICIPANTS, TO INDIRECT PARTICIPANTS OR TO ANY BENEFICIAL OWNER WITH RESPECT TO: (I) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC, ANY PARTICIPANT OR ANY INDIRECT PARTICIPANT; (II) THE PAYMENTS BY DTC OR ANY PARTICIPANT OR ANY INDIRECT PARTICIPANT OF ANY AMOUNT WITH RESPECT TO THE PRINCIPAL OF, OR PREMIUM, IF ANY, OR INTEREST ON THE BONDS OR (III) ANY NOTICE WHICH IS PERMITTED OR REQUIRED TO BE GIVEN TO BONDOWNERS.

THE VILLAGE CANNOT AND DOES NOT GIVE ANY ASSURANCES THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE BONDS (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE BONDS (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE BONDS OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE BONDS, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE VILLAGE WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATIONS TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE BONDS; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE BONDS.

NATURE OF OBLIGATION

Each of the Bonds when duly issued and paid for will constitute a contract between the Village and the holder thereof.

Holders of any series of notes or bonds of the Village may bring an action or commence a proceeding in accordance with the civil practice law and rules to enforce the rights of the holders of such series of notes or bonds.

The Bonds will be general obligations of the Village and will contain a pledge of the faith and credit of the Village for the payment of the principal thereof and the interest thereon as required by the Constitution and laws of the State. For the payment of such principal and interest, the Village has power and statutory authorization to levy ad valorem taxes on all real property within the Village subject to such taxation by the Village, subject to certain statutory limitations imposed by Chapter 97 of the Laws of 2011. See "Tax Levy Limit Law," herein.

Although the State Legislature is restricted by Article VIII, Section 12 of the State Constitution from imposing limitations on the power to raise taxes to pay “interest on or principal of indebtedness theretofore contracted” prior to the effective date of any such legislation, the New York State Legislature may from time to time impose additional limitations or requirements on the ability to increase a real property tax levy or on the methodology, exclusions or other restrictions of various aspects of real property taxation (as well as on the ability to issue new indebtedness). On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor (the “Tax Levy Limit Law”). The Tax Levy Limit Law applies to local governments and school districts in the State (with certain exceptions) and imposes additional procedural requirements on the ability of municipalities and school districts to levy certain year-to-year increases in real property taxes.

Under the Constitution of the State, the Village is required to pledge its faith and credit for the payment of the principal of and interest on the Bonds and is required to raise real estate taxes, and without specification, other revenues, if such levy is necessary to repay such indebtedness. While the Tax Levy Limit Law imposes a statutory limitation on the Village’s power to increase its annual tax levy with the amount of such increase limited by the formulas set forth in the Tax Levy Limit Law, it also provides the procedural method to surmount that limitation. See “Tax Levy Limit Law,” herein.

The Constitutionally-mandated general obligation pledge of municipalities and school districts in New York State has been interpreted by the Court of Appeals, the State’s highest court, in Flushing National Bank v. Municipal Assistance Corporation for the City of New York, 40 N.Y.2d 731 (1976), as follows:

“A pledge of the city’s faith and credit is both a commitment to pay and a commitment of the city’s revenue generating powers to produce the funds to pay. Hence, an obligation containing a pledge of the City’s “faith and credit” is secured by a promise both to pay and to use in good faith the city’s general revenue powers to produce sufficient funds to pay the principal and interest of the obligation as it becomes due. That is why both words, “faith” and “credit” are used and they are not tautological. That is what the words say and this is what the courts have held they mean...So, too, although the Legislature is given the duty to restrict municipalities in order to prevent abuses in taxation, assessment, and in contracting of indebtedness, it may not constrict the City’s power to levy taxes on real estate for the payment of interest on or principal of indebtedness previously contracted...While phrased in permissive language, these provisions, when read together with the requirement of the pledge and faith and credit, express a constitutional imperative: debt obligations must be paid, even if tax limits be exceeded”.

In addition, the Court of Appeals in the Flushing National Bank case has held that the payment of debt service on outstanding general obligation bonds and notes takes precedence over fiscal emergencies and the police power of political subdivisions in New York State.

The pledge has generally been understood as a promise to levy property taxes without limitation as to rate or amount to the extent necessary to cover debt service due to language in Article VIII Section 10 of the Constitution which provides an exclusion for debt service from Constitutional limitations on the amount of a real property tax levy, insuring the availability of the levy of property tax revenues to pay debt service. As the Flushing National Bank Court noted, the term “faith and credit” in its context is “not qualified in any way”. Indeed, in Flushing National Bank v. Municipal Assistance Corp., 40 N.Y.2d 1088 (1977), the Court of Appeals described the pledge as a direct constitutional mandate. In Quirk v. Municipal Assistance Corp., 41 N.Y.2d 644 (1977), the Court of Appeals stated that, while holders of general obligation debt did not have a right to particular revenues such as sales tax, “with respect to traditional real estate tax levies, the bondholders are constitutionally protected against an attempt by the State to deprive the city of those revenues to meet its obligations.” According to the Court in Quirk, the State Constitution “requires the city to raise real estate taxes, and without specification other revenues, if such a levy be necessary to repay indebtedness.”

In addition, the Constitution of the State requires that every county, city, town, village, and school district in the State provide annually by appropriation for the payment of all interest and principal on its serial bonds and certain other obligations, and that, if at any time the respective appropriating authorities shall fail to make such appropriation, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to

such purposes. In the event that an appropriating authority were to make an appropriation for debt service and then decline to expend it for that purpose, this provision would not apply. However, the Constitution of the State does also provide that the fiscal officer of any county, city, town, village, or school district may be required to set apart and apply such first revenues at the suit of any holder of any such obligations.

In Quirk v. Municipal Assistance Corp., the Court of Appeals described this as a “first lien” on revenues, but one that does not give holders a right to any particular revenues. It should thus be noted that the pledge of the faith and credit of a political subdivision in New York State is a pledge of an issuer of a general obligation bond or note to use its general revenue powers, including, but not limited to, its property tax levy to pay debt service on such obligations, but that such pledge may not be interpreted by a court of competent jurisdiction to include a constitutional or statutory lien upon any particular revenues.

While the courts in New York State have historically been protective of the rights of holders of general obligation debt of political subdivisions, it is not possible to predict what a future court might hold.

Tax Levy Limit Law

On June 24, 2011, the Tax Levy Limit Law was signed into law by the Governor of the State. The Tax Levy Limit Law applies to all local governments, including school districts (with the exception of New York City, Yonkers, Syracuse, Rochester and Buffalo). It also applies to independent special districts and to town and county improvement districts as part of their parent municipalities’ tax levies.

The Tax Levy Limit Law restricts, among other things, the amount of real property taxes (including assessments of certain special improvement districts) that may be levied by or on behalf of a municipality in a particular year, beginning with fiscal years commencing on or after January 1, 2012. It expires on June 15, 2020, unless extended. Pursuant to the Tax Levy Limit Law, the tax levy of a municipality cannot increase by more than the lesser of (i) two percent (2%) or (ii) the annual increase in the consumer price index (“CPI”), over the amount of the prior year’s tax levy. Certain adjustments would be permitted for taxable real property full valuation increases or changes in physical or quantity growth in the real property base as defined in Section 1220 of the Real Property Tax Law. A municipality may exceed the tax levy limitation for the coming fiscal year only if the governing body of such municipality first enacts, by at least a sixty percent vote of the total voting strength of the board, a local law (resolution in the case of fire districts and certain special districts) to override such limitation for such coming fiscal year only. There are permissible exceptions to the tax levy limitation provided in the Tax Levy Limit Law, including expenditures made on account of certain tort settlements and certain increases in the average actuarial contribution rates of the New York State and Local Employees’ Retirement System, the Police and Fire Retirement System, and the Teachers’ Retirement System. (See “Employment Benefit Plans” herein). Municipalities are also permitted to carry forward a certain portion of their unused levy limitation from a prior year. Each municipality, prior to adoption of each fiscal year budget, must submit for review to the State Comptroller any information that is necessary in the calculation of its tax levy for each fiscal year.

The Tax Levy Limit Law does not contain an exception from the levy limitation for the payment of debt service on either outstanding general obligation debt of municipalities or such debt incurred after the effective date of the Tax Levy Limit Law (June 24, 2011).

Therefore, while the Tax Levy Limit Law may constrict an issuer’s power to levy real property taxes for the payment of debt service on debt contracted after the effective date of the Tax Levy Limit Law, it is clear that no statute is able (1) to limit an issuer’s pledge of its faith and credit to the payment of any of its general obligation indebtedness or (2) to limit an issuer’s levy of real property taxes to pay debt service on general obligation debt contracted prior to the effective date of the Tax Levy Limit Law. Whether the Constitution grants a municipality authority to treat debt service payments as a constitutional exception to such statutory tax levy limitation outside of any statutorily determined tax levy amount is not clear.

It is likely that the Tax Levy Limit Law will be subject to judicial review to resolve the constitutional issues raised by its adoption. Although courts in New York have historically been protective of the rights of holders of general obligation debt or political subdivisions, the outcome of any such legal challenge cannot be predicted.

SPECIAL PROVISIONS AFFECTING REMEDIES UPON DEFAULT

General Municipal Law Contract Creditors' Provision. Each Bond when duly issued and paid for will constitute a contract between the Village and the holder thereof. Under current law, provision is made for contract creditors of the Village to enforce payments upon such contracts, if necessary, through court action. Section 3-a of the General Municipal Law provides, subject to exceptions not pertinent, that the rate of interest to be paid by the Village upon any judgment or accrued claim against it on an amount adjudged due to a creditor shall not exceed nine per centum per annum from the date due to the date of payment. This provision might be construed to have application to the holders of the Bonds in the event of a default in the payment of the principal of and interest on the Bonds.

Execution/Attachment of Municipal Property. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment, although judicial mandates have been issued to officials to appropriate and pay judgments out of certain funds or the proceeds of a tax levy. In accordance with the general rule with respect to municipalities, judgments against the Village may not be enforced by levy and execution against property owned by the Village.

Authority to File For Municipal Bankruptcy. The Federal Bankruptcy Code allows public bodies, such as counties, cities, towns and villages, recourse to the protection of a Federal Court for the purpose of adjusting outstanding indebtedness. Section 85.80 of the Local Finance Law contains specific authorization for any municipality in the State or its emergency control board to file a petition under any provision of Federal bankruptcy law for the composition or adjustment of municipal indebtedness.

The State has consented that any municipality in the State may file a petition with the United States District Court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect, for the composition or adjustment of municipal indebtedness. Subject to such State consent, under the United States Constitution, Congress has jurisdiction over such matters and has enacted amendments to the existing federal bankruptcy statute, being Chapter 9 thereof, generally to the effect and with the purpose of affording municipal corporations, under certain circumstances, with easier access to judicially approved adjustment of debt, including judicial control over identifiable and unidentifiable creditors.

No current state law purports to create any priority for holders of the Bonds should the Village be under the jurisdiction of any court, pursuant to the laws of the United States, now or hereafter in effect, for the composition or adjustment of municipal indebtedness.

The rights of the owners of Bonds to receive interest and principal from the Village could be adversely affected by the restructuring of the Village's debt under Chapter 9 of the Federal Bankruptcy Code. No assurance can be given that any priority of holders of debt obligations issued by the Village (including the Bonds) to payment from monies retained in any debt service fund or from other cash resources would be recognized if a petition were filed by or on behalf of the Village under the Federal Bankruptcy Code or pursuant to other subsequently enacted laws relating to creditors' rights; such monies might, under such circumstances, be paid to satisfy the claims of all creditors generally.

Under the Federal Bankruptcy Code, a petition may be filed in the Federal Bankruptcy court by a municipality which is insolvent or unable to meet its debts as they mature. Generally, the filing of such a petition operates as a stay of any proceeding to enforce a claim against the municipality. The Federal Bankruptcy Code also requires that a plan be filed for the adjustment of the municipality's debt, which may modify or alter the rights of creditors and which could be secured. Any plan of adjustment confirmed by the court must be approved by the requisite number of creditors. If confirmed by the bankruptcy court, the plan would be binding upon all creditors affected by it.

State Debt Moratorium Law. There are separate State law provisions regarding debt service moratoriums enacted into law in 1975.

At the Extraordinary Session of the State Legislature held in November, 1975, legislation was enacted which purported to suspend the right to commence or continue an action in any court to collect or enforce certain short-term obligations of The City of New York. The effect of such act was to create a three-year moratorium on actions to enforce the payment of such obligations. On November 19, 1976, the Court of Appeals, the State's highest court, declared such act to be invalid on the ground that it violates the provisions of the State Constitution requiring a pledge by such City of its faith and credit for the payment of obligations.

As a result of the Court of Appeals decision in Flushing National Bank v. Municipal Assistance Corporation for the City of New York, 40 N.Y.2d 731 (1976), the constitutionality of that portion of Title 6-A of Article 2 of the Local Finance Law, as described below, enacted at the 1975 Extraordinary Session of the State legislature authorizing any county, city, town or village with respect to which the State has declared a financial emergency to petition the State Supreme Court to stay the enforcement against such municipality of any claim for payment relating to any contract, debt or obligation of the municipality during the emergency period, is subject to doubt. In any event, no such emergency has been declared with respect to the Village.

Right of Municipality or State to Declare a Municipal Financial Emergency and Stay Claims Under State Debt Moratorium Law. The State Legislature is authorized to declare by special act that a state of financial emergency exists in any county, city, town or village. (The provision does not by its terms apply to school districts or fire districts.) In addition, the State Legislature may authorize by special act establishment of an “emergency financial control board” for any county, city, town or village upon determination that such a state of financial emergency exists. Thereafter, unless such special act provides otherwise, a voluntary petition to stay claims may be filed by any such municipality (or by its emergency financial control board in the event said board requests the municipality to petition and the municipality fails to do so within five days thereafter). A petition filed in supreme court in the county in which the municipality is located in accordance with the requirements of Title 6-A of the Local Finance Law (“Title 6-A”) effectively prohibits the doing of any act for ninety days in the payment of claims against the municipality, including payment of debt service on outstanding indebtedness.

This includes staying the commencement or continuation of any court proceedings seeking payment of debt service due, the assessment, levy or collection of taxes by or for the municipality or the application of any funds, property, receivables or revenues of the municipality to the payment of debt service. The stay can be vacated under certain circumstances with provisions for the payment of amounts due or overdue upon a demand for payment in accordance with the statutory provisions set forth therein. The filing of a petition may be accompanied with a proposed repayment plan which, upon court order approving the plan, may extend any stay in the payment of claims against the municipality for such “additional period of time as is required to carry out fully all the terms and provisions of the plan with respect to those creditors who accept the plan or any benefits thereunder.” Court approval is conditioned, after a hearing, upon certain findings as provided in Title 6-A.

A proposed plan can be modified prior to court approval or disapproval. After approval, modification is not permissible without court order after a hearing. If not approved, the proposed plan must be amended within ten days or else the stay is vacated and claims, including debt service due or overdue, must be paid. It is at the discretion of the court to permit additional filings of amended plans and continuation of any stay during such time. A stay may be vacated or modified by the court upon motion of any creditor if the court finds after a hearing that the municipality has failed to comply with a material provision of an accepted repayment plan or that due to a “material change in circumstances” the repayment plan is no longer in compliance with statutory requirements.

Once an approved repayment plan has been completed, the court, after a hearing upon motion of any creditor, or a motion of the municipality or its emergency financial control board, will enter an order vacating any stay then in effect and enjoining of creditors who accepted the plan or any benefits thereunder from commencing or continuing any court action, proceeding or other act described in Title 6-A relating to any debt included in the plan.

Title 6-A requires notice to all creditors of each material step in the proceedings. Court determinations adverse to the municipality or its financial emergency control board are appealable as of right to the appellate division in the judicial department in which the court is located and thereafter, if necessary, to the Court of Appeals. Such appeals stay the judgment appealed from and all other actions, special proceedings or acts within the scope of Section 85.30 of Title 6-A pending the hearing and determination of the appeals.

Whether Title 6-A is valid under the Constitutional provisions regarding the payment of debt service is not known. However, based upon the decision in the Flushing National Bank case described above, its validity is subject to doubt.

While the State Legislature has from time to time adopted legislation in response to a municipal fiscal emergency and established public benefit corporations with a broad range of financial control and oversight powers to oversee such municipalities, generally such legislation has provided that the provisions of Title 6-A are not applicable during any period of time that such a public benefit corporation has outstanding indebtedness issued on behalf of such municipality.

Fiscal Stress and State Emergency Financial Control Boards. Pursuant to Article IX Section 2(b)(2) of the State Constitution, any local government in the State may request the intervention of the State in its “property, affairs and government” by a two-thirds vote of the total membership of its legislative body or on request of its chief executive officer with concurrence in by a majority of such membership. This has resulted in the adoption of special acts for the establishment of public benefit corporations with varying degrees of authority to control the finances (including debt issuance) of the cities of Buffalo, Troy and Yonkers and the County of Nassau. The specific authority, powers and composition of the financial control boards established by these acts varies based upon circumstances and needs. Generally, the State legislature has granted such boards the power to approve or disapprove budget and financial plans and to issue debt on behalf of the municipality, as well as to impose wage and/or hiring freezes and approve collective bargaining agreements in certain cases. Implementation is left to the discretion of the board of the public benefit corporation. Such a State financial control board was first established for New York City in 1975. In addition, on a certificate of necessity of the governor reciting facts which in the judgment of governor constitute an emergency requiring enactment of such laws, with the concurrences of two-thirds of the members elected in each house of the State legislature, the State is authorized to intervene in the “property, affairs and governments” of local government units. This occurred in the case of the County of Erie in 2005. The authority of the State to intervene in the financial affairs of local government is further supported by Article VIII, Section 12 of the Constitution, which declares it to be the duty of the State legislature to restrict, subject to other provisions of the Constitution, the power of taxation, assessment, borrowing money and contracting indebtedness and loaning the credit of counties, cities, towns and villages so as to prevent abuses in taxation and assessment and in contracting indebtedness by them.

In 2013, the State established a new state advisory board to assist counties, cities, towns and villages in financial distress. The Financial Restructuring Board for Local Governments (the “FRB”), is authorized to conduct a comprehensive review of the finances and operations of any such municipality deemed by the FRB to be fiscally eligible for its services upon request by resolution of the municipal legislative body and concurrence of its chief executive. The FRB is authorized to make recommendations, but cannot compel improvement of fiscal stability for management and delivery of municipal services, including shared services opportunities, and is authorized to offer grants and/or loans of up to \$5,000,000 through a Local Government Performance and Efficiency Program to undertake certain recommendations. If a municipality agrees to undertake the FRB recommendations, it will be automatically bound to fulfill the terms in order to receive the aid.

The FRB is also authorized to serve as an alternative arbitration panel for binding arbitration.

Although from time to time there have been proposals for the creation of a statewide financial control board with broad authority over local governments in the State, the FRB does not have emergency financial control board powers to intervene, unlike public benefit corporations established by special acts as described above.

Several municipalities in the State are presently working with the FRB. The Village has not applied to the FRB and does not reasonably expect to do so in the foreseeable future. School districts and fire districts are not eligible for FRB assistance.

Constitutional Non-Appropriation Provision. There is in the Constitution of the State, Article VIII, Section 2, the following provision relating to the annual appropriation of monies for the payment of due principal of and interest on indebtedness of every county, city, town, village and school district in the State: “If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for any such indebtedness.” This constitutes a specific non-exclusive constitutional remedy against a defaulting municipality or school district; however, it does not apply in a context in which monies have been appropriated for debt service but the appropriating authorities decline to use such monies to pay debt service. However, Article VIII, Section 2 of the Constitution of the State also provides that the fiscal officer of any county, city, town, village or school district may be required to set apart and apply such revenues at the suit of any holder of any obligations of indebtedness issued with the pledge of the faith of the credit of such political subdivision. See “General Municipal Law Contract Creditors’ Provision” herein.

The Constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes or bond anticipation notes.

Default Litigation. In prior years, certain events and legislation affecting a holder’s remedies upon default have resulted in litigation. While courts of final jurisdiction have upheld and sustained the rights of bondholders, such courts might hold that future events including financial crises as they may occur in the State and in political subdivisions of the State, require the exercise by the State or its political subdivisions of emergency and police powers to assure the continuation of essential public services prior to the payment of debt service. See “Nature of Obligation” and “State Debt Moratorium Law” herein.

No Past Due Debt. No principal of or interest on Village indebtedness is past due. The Village has never defaulted in the payment of the principal of and interest on any indebtedness.

MARKET FACTORS

The financial and economic condition of the Village as well as the market for the Bonds could be affected by a variety of factors, some of which are beyond the Village’s control. There can be no assurance that adverse events in the State and in other jurisdictions, including, for example, the seeking by a municipality or large taxable property owner of remedies pursuant to the Federal Bankruptcy Code or otherwise, will not occur which might affect the market price of and the market for the Bonds. If a significant default or other financial crisis should occur in the affairs of the State or another jurisdiction or any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the Village to arrange for additional borrowings, and the market for and market value of outstanding debt obligations, including the Bonds, could be adversely affected.

There can be no assurance that the State appropriation for State aid to the Village will be continued in future years, either pursuant to existing formulas or in any form whatsoever. State aid appropriated and apportioned to the Village can be paid only if the State has such monies available therefor. The availability of such monies and the timeliness of such payment may also be affected by a delay in the adoption of the State budget and other circumstances, including State fiscal stress. In any event, State aid appropriated and apportioned to the Village can be paid only if the State has such monies available therefor. (See “State Aid” herein).

Should the Village fail to receive monies expected from the State in the amounts and at the times expected, the Village is permitted to issue revenue anticipation notes in anticipation of the receipt of delayed State aid.

If and when a holder of any of the Bonds should elect to sell a Bond prior to its maturity, there can be no assurance that a market shall have been established, maintained and be in existence for the purchase and sale of any of the Bonds. In addition, the price and principal value of the Bonds is dependent on the prevailing level of interest rates; if interest rates rise, the price of a bond will decline, causing the bondholder to incur a potential capital loss if such bond is sold prior to its maturity.

Amendments to the U.S. Internal Revenue Code could reduce or eliminate the favorable tax treatment granted to municipal debt, including the Bonds and other debt issued by the Village. Any such future legislation could have an adverse effect on the market value of the Bonds (See “Tax Matters” herein).

The enactment of Chapter 97 of the Laws of 2011 on June 24, 2011, which imposes a tax levy limitation upon municipalities, including the Village, school districts and fire districts in the State could have an impact upon operations of the Village and as a result, the market price for the Bonds. (See “Tax Levy Limit Law,” herein.)

Cybersecurity

The Village, like many other public and private entities, relies on technology to conduct its operations. As a recipient and provider of personal, private, or sensitive information, the Village faces multiple cyber threats including, but not limited to, hacking, viruses, malware and other attacks on computer and other sensitive digital networks and systems. To mitigate the risk of business operations impact and/or damage from cyber incidents or cyber-attacks, the Village invests in various forms of cybersecurity and operational controls; however, no assurances can be given that such security and operational control measures will be completely successful to guard against cyber threats and attacks. The results of any such attack could impact business operations and/or damage Village digital networks and systems and the costs of remedying any such damage could be substantial.

THE STATE COMPTROLLER'S FISCAL STRESS MONITORING SYSTEM AND COMPLIANCE REVIEWS

The New York State Comptroller has reported that New York State's school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller ("OSC") has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district's ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "significant fiscal stress", in "moderate fiscal stress," as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of the State Comptroller designates the Village as "No Designation."

See the State Comptroller's official website for more information on FSMS. Reference to this website implies no warranty of accuracy of information therein.

The financial affairs of the Village are subject to periodic compliance reviews by OSC to ascertain whether the Village has complied with the requirements of various State and federal statutes. OSC has not conducted an audit of the Village in the last five years.

LITIGATION

The Village is subject to a number of lawsuits in the ordinary conduct of its affairs. The Attorney for the Village does not believe that any such suits, individually or in the aggregate, are likely to have a material adverse effect on the financial condition of the Village.

Westchester Joint Water Works ("WJWW"). WJWW is a joint venture of the Village, together with the Town of Mamaroneck and the Town/Village of Harrison. The purpose of the joint venture is to acquire, construct, provide, maintain and operate a water works system.

The New York State Health Department claims the WJWW failed to comply with an order for the Supreme Court of the State of New York requiring the construction of a filtration plant by December 3, 20018. WJWW previously reported that potential fines amounted to \$29,580,750 as of December 31, 2014 and continue to accrue at \$13,750 a day. If penalties continue to accrue as stated, the current total penalty amount as of December 31, 2017 is \$44,637,000 and the Village's share of these fines is approximately \$12,141,264 or 27.2%. WJWW has indicated that the State is holding the imposition in abeyance, although they continue to be accrued by the WJWW. The Village has not accrued its share as the expectation of management is that the fines will be suspended or replaced with a negotiated settlement when the WJWW enters into an inter-municipal agreement for an alternative compliant source of water. Negotiations are ongoing.

The Hampshire County Club versus Village of Mamaroneck. The Village is involved in a lawsuit commenced by Hampshire County Club (the "Club") alleging that the Village improperly refused to consider a rezoning application by the Club which would allow them to build housing on the golf course property. The complaint seeks declaratory relief plus costs and attorneys' fees of approximately \$800,000. The Supreme Court denied the Village's motion to dismiss. That order is the subject of an appeal to the Appellate Division, Second Department. An oral argument

date has not yet been set. The Village was successful in moving to dismiss a federal claim arising from the same dispute which sought \$55 million in damages. That decision has been affirmed by the United States Court of Appeals and the time within which to seek certiorari to the United States Supreme Court has passed.

Tax Certiorari. The Village has several pending tax certiorari proceedings, the results of which cannot be ascertained at this time, however, future refunds resulting from an adverse settlement or judgment will be funded in the year of payment. Any refunds which could not be paid out of the current budget or surplus funds could be financed pursuant to the Local Finance Law. It is believed that an adverse decision, in any or all of these proceedings, in whole or in part, whether by stipulation of judgment, will not have a material impact on the financial condition of the Village.

Specifically, the Village ceased being an assessing unit in late 2014 and the Village's 2015 taxes were calculated using the Town of Rye and Town of Mamaroneck 2014 final assessments. Through tax certiorari matters pending against the Town of Rye or Town of Mamaroneck, substantial refunds would also be sought from the Village as reductions in those Town assessments will result in a refund from the Village. If proceedings were 100% successful, refunds by the Village would range between \$100,000 and \$800,000. However, the Village Attorney does not believe successful claims will reach those levels.

TAX MATTERS

In the opinion of The Law Offices of Jeffrey E. Storch, Bond Counsel, under existing law: (i) interest on the Bonds is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), and is not an item of tax preference for purposes of the federal alternative minimum tax and (ii) interest on the Bonds is exempt from personal income taxes imposed by the State and political subdivisions thereof, including The City of New York and the City of Yonkers. Bond Counsel will express no opinion as to any other tax consequences regarding the Bonds.

The opinion on tax matters will be based on and will assume (without verifying) the accuracy of certain representations and certifications, and continuing compliance with certain covenants, of the Village to be contained in the transcript of proceedings and that are intended to evidence and assure the foregoing, including that the Bonds are and will remain obligations the interest on which is excluded from gross income for federal income tax purposes. Bond Counsel will not independently verify the accuracy of the Village's certifications and representations or the continuing compliance with the Village's covenants.

The opinion of Bond Counsel is based on current legal authority and covers certain matters not directly addressed by such authority. It represents Bond Counsel's legal judgment as to exclusion of interest on the Bonds from gross income for federal income tax purposes but is not a guaranty of that conclusion. The opinion is not binding on the Internal Revenue Service ("IRS") or any court. Bond Counsel expresses no opinion about (i) the effect of future changes in the Code and the applicable regulations under the Code or (ii) the interpretation and the enforcement of the Code or those regulations by the IRS.

The Code prescribes a number of qualifications and conditions for the interest on state and local government obligations to be and to remain excluded from gross income for federal income tax purposes, some of which require future or continued compliance after issuance of the obligations. Noncompliance with these requirements by the Village may cause loss of such status and result in the interest on the Bonds being included in gross income for federal income tax purposes retroactively to the date of issuance of the Bonds. The Village has covenanted to take the actions required of it for the interest on the Bonds to be and remain excluded from gross income for federal income tax purposes, and not to take any actions that would adversely affect that exclusion. After the date of issuance of the Bonds, Bond Counsel will not undertake to determine (or to so inform any person) whether any actions taken or not taken, or any events occurring or not occurring, or any other matters coming to Bond Counsel's attention, may adversely affect the exclusion from gross income for federal income tax purposes of interest on the Bonds or the market prices of the Bonds.

Under the Code, interest on the Bonds may be subject to a federal branch profits tax imposed on certain foreign corporations doing business in the United States and to a federal tax imposed on excess net passive income of

certain “S corporations” (as defined in Section 1361(a)(1) of the Code). Under the Code, the exclusion of interest from gross income for federal income tax purposes may have certain adverse federal income tax consequences on items of income, deduction or credit for certain taxpayers, including financial institutions, certain insurance companies, recipients of Social Security and Railroad Retirement benefits, those that are deemed to incur or continue indebtedness to acquire or carry tax-exempt obligations, and individuals otherwise eligible for the earned income tax credit. The applicability and extent of these or other tax consequences will depend upon the particular tax status or other tax items of the owner of the Bonds. Bond Counsel will express no opinion regarding those consequences.

Payments of interest on tax-exempt obligations, including the Bonds, are generally subject to IRS Form 1099-INT information reporting requirements. If a Bond owner is subject to backup withholding under those requirements, then payments of interest will also be subject to backup withholding. Those requirements do not affect the exclusion of such interest from gross income for federal income tax purposes.

Legislation affecting tax-exempt obligations is regularly considered by the United States Congress, and legislation affecting the exemption of interest thereon for purposes of taxation by the State may be considered by the State legislature. Court proceedings may also be filed the outcome of which could modify the tax treatment of obligations such as the Bonds. There can be no assurance that legislation enacted or proposed, or actions by a court, after the date of issuance of the Bonds, will not have an adverse effect on the tax status of interest on the Bonds or the market value of the Bonds. These adverse effects could result, for example, from changes to federal or state income tax rates, changes in the structure of federal or state income taxes (including replacement with another type of tax), or the repeal (or reduction in the benefit) of the exclusion of interest on the Bonds from gross income for federal or state income tax purposes. As an example, in recent years Congress has proposed budgets that include additional federal income taxes on taxpayers that own tax-exempt obligations, such as the Bonds, if they have incomes above certain thresholds.

These and other legislative proposals may be considered or introduced that could affect, perhaps significantly, the market price of market ability of tax-exempt obligations, such as the Bonds. Prospective purchasers of the Bonds should consult their own tax advisers regarding pending or proposed federal and state tax legislation, court proceedings, or any new case law.

Prospective purchasers of the Bonds at other than their original issuance at the respective prices indicated on the cover of this Official Statement should also consult their own tax advisers regarding other tax considerations such as the consequences of market discount, as to all of which Bond Counsel expresses no opinion.

Bond Counsel’s engagement with respect to the Bonds ends with the issuance of the Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Village or the beneficial owners regarding the tax status of interest on the Bonds in the event of an audit examination by the IRS. The IRS has a program to audit tax-exempt obligations to determine whether the interest thereon is includible in gross income for federal income tax purposes. If the IRS does audit the Bonds, under current IRS procedures, the IRS will treat the Village as the taxpayer and the beneficial owners of the Bonds will have only limited rights, if any, to obtain and participate in judicial review of such audit. Any action of the IRS, including but not limited to selection of the Bonds for audit, or the course or result of such audit, or an audit of other obligations presenting similar tax issues, may affect the market prices for the Bonds.

Original Issue Discount and Original Issue Premium

Certain of the Bonds (the “Discount Obligations”) may be offered and sold to the public at an original issue discount (“OID”). OID is the excess of the stated redemption price at maturity (the principal amount) over the “issue price” of a Discount Obligation. The issue price of a Discount Obligation is the initial offering price to the public (other than to bond houses, brokers or similar persons acting in the capacity of underwriters or wholesalers) at which a substantial amount of the Discount Obligations of the same maturity is sold pursuant to that offering. For federal income tax purposes, OID accrues to the owner of a Discount Obligation over the period to maturity based on the constant yield method, compounded semiannually (or over a shorter permitted compounding interval selected by the owner). The portion of OID that accrues during the period of ownership of a Discount Obligation (i) is interest excluded from the owner’s gross income for federal income tax purposes to the same extent, and subject to the same

considerations discussed above, as other interest on the Bonds and Notes, and (ii) is added to the owner's tax basis for purposes of determining gain or loss on the maturity, redemption, prior sale or other disposition of that Discount Obligation. A purchaser of a Discount Obligation in the initial public offering at the price for that Discount Obligation stated on the inside cover of this Official Statement who holds that Discount Obligation to maturity will realize no gain or loss upon the retirement of that Discount Obligation.

Certain of the Bonds and Notes ("Premium Obligations") may be offered and sold to the public at a price in excess of their stated redemption price (the principal amount) at maturity. That excess constitutes premium. For federal income tax purposes, obligation premium is amortized over the period to maturity of a Premium Obligation, based on the yield to maturity of that Premium Obligation (or, in the case of a Premium Obligation callable prior to its stated maturity, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on that Premium Obligation), compounded semiannually. No portion of that premium is deductible by the owner of a Premium Obligation. For purposes of determining the owner's gain or loss on the sale, redemption (including redemption at maturity) or other disposition of a Premium Obligation, the owner's tax basis in the Premium Obligation is reduced by the amount of premium that accrues during the period of ownership. As a result, an owner may realize taxable gain for federal income tax purposes from the sale or other disposition of a Premium Obligation for an amount equal to or less than the amount paid by the owner for that Premium Obligation. A purchaser of a Premium Obligation in the initial public offering at the price for that Premium Obligation stated on the inside cover of this Official Statement, who holds that Premium Obligation to maturity (or, in the case of a callable Premium Obligation to its earlier call date that results in the lowest yield on that Premium Obligation) will realize no gain or loss upon the retirement of that Premium Obligation.

Owners of Discount Obligations or Premium Obligations should consult their own tax advisers as to the determination for federal income tax purposes of the amount of OID or bond premium properly accruable in any period with respect to Discount or Premium Obligations and as to other federal tax consequences and the treatment of OID and premium for purposes of state and local taxes on, or based on, income.

DOCUMENTS ACCOMPANYING DELIVERY OF THE BONDS

Legal Matters

Legal matters incident to the authorization, issuance and sale of the Bonds will be subject to the final approving opinion of The Law Offices of Jeffrey E. Storch, New York, New York, Bond Counsel to the Village. Such opinion will be available at the time of delivery of and payment for the Bonds and will be to the effect that the Bonds are valid and legally binding general obligations of the Village for the payment of which the Village has validly pledged its faith and credit, and all the real property within the Village subject to the levy by the Village of ad valorem taxes subject to certain statutory limitations imposed by Chapter 97 of the Laws of 2011, for the payment of the principal of and interest on the Bonds (see "**Tax Levy Limit Law,**" herein).

Said opinion will also contain further statements to the effect that, assuming continuing compliance with certain covenants and the accuracy of certain representations of the Village contained in the record of proceedings relating to the authorization and issuance of the Bonds, (a) interest on the Bonds is not excluded from gross income for federal income tax purposes and is not an item of tax preference for purposes of the federal alternative minimum tax and the Bonds will not be qualified tax exempt obligations as defined in Section 265(b)(3) of the Code, (b) interest on the Bonds is exempt from personal income taxes imposed by the State and political subdivisions thereof, including The City of New York and the City of Yonkers, (c) the enforceability of the Bonds is subject to bankruptcy laws and other laws affecting creditor's rights and the exercise of judicial discretion, and (d) the scope of the engagement of The Law Offices of Jeffrey E. Storch, as Bond Counsel in relation to the Bonds, has extended solely to rendering the opinions expressed in said opinion, that said law firm is rendering no opinion other than the opinions expressly stated therein, and that said law firm expresses no opinion on the accuracy or completeness of any documents prepared by or on behalf of the Village for use in connection with the offer and sale of the Bonds.

Closing Certificates

Upon delivery of and payment for the Bonds, the purchaser of the Bonds will also receive, without cost, in form satisfactory to Bond Counsel the following, dated as of the date of delivery of and payment for the Bonds: (a) a certificate or certificates evidencing execution, delivery and receipt of payment for the Bonds; (b) a certificate or certificates executed by the officer of the Village who executed the Bonds on behalf of the Village stating that (1) no litigation is then pending or, to the knowledge of such officer, threatened to restrain or enjoin the issuance or delivery of the Bonds, (2) no authority or proceedings for the issuance of the Bonds has or have been repealed, revoked or rescinded, and (3) the statements contained in this Official Statement on the date hereof and on the date of delivery of and payment for the Bonds, were and are true in all material respects and did not, and do not, contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made therein, in light of the circumstances under which they were made, not misleading; (c) an unqualified legal opinion as to the validity of the Bonds of The Law Offices of Jeffrey E. Storch, New York, New York, Bond Counsel, as more fully described under “Legal Matters” herein; (d) a Tax Compliance Certificate executed by the Treasurer of the Village; and (e) a continuing disclosure agreement executed by the Treasurer of the Village for purposes of SEC Rule 15c2-12 (the “Rule”), as amended, as described under the caption “Covenant To Make Continuing Financial Disclosure” herein.

COVENANT TO MAKE CONTINUING FINANCIAL DISCLOSURE

This Official Statement is in a form “deemed final” by the Village for the purposes of Securities and Exchange Commission Rule 15c2-12 (the “Rule”). At the time of the delivery of the Bonds, the Village will provide an executed copy of its “Continuing Disclosure Agreement” (the “Undertaking”). Said Undertaking will constitute a written agreement or contract of the Village for the benefit of holders of and owners of beneficial interests in the Bonds. In accordance with the requirements of Rule 15c2-12, as the same may be amended or officially interpreted from time to time (the “Rule”), promulgated by the Securities and Exchange Commission (the “Commission”), the Village has agreed to provide, or cause to be provided,

(1) to the Electronic Municipal Market Access (“EMMA”) system of the Municipal Securities Rulemaking Board (“MSRB”) or any other entity designated or authorized by the Commission to receive reports pursuant to the Rule, during each fiscal year in which the Bonds are outstanding, (i) certain annual financial information and operating data for the preceding fiscal year in a form generally consistent with the information contained or cross-referenced in the final Official Statement of the Village relating to the Bonds under the headings “Litigation” and in Appendix A under the headings “The Village,” “Financial Factors,” “Real Property Taxes,” “Village Indebtedness” and “Economic and Demographic Data” and in Appendix B by the end of the sixth month following the end of each succeeding fiscal year, commencing with the fiscal year ended May 31, 2019, and (ii) a copy of the audited financial statement, if any, (prepared in accordance with accounting principles generally accepted in the United States of America in effect at the time of the audit) for the preceding fiscal year, commencing with the fiscal year ended May 31, 2019; such audit (prepared in accordance with the accounting principles the Village may be required to employ pursuant to State law or regulation), if any, will be so provided on or prior to the later of either the end of the sixth month of each such succeeding fiscal year or, if an audited financial statement is not available at that time, within sixty days following receipt by the Village of its audited financial statement for the preceding fiscal year, but, in any event, not later than the last business day of each such succeeding fiscal year; and provided further, in the event that the audited financial statement for any fiscal year is not available by the end of the sixth month following the end of any such succeeding fiscal year, unaudited financial statements in the form provided to the State, if available, will be provided no later than said date; provided however, that provision of unaudited financial statements in any year shall be further conditioned upon a determination by the Village of whether such provision is compliant with the requirements of federal securities laws including Rule 10b-5 of the Securities Exchange Act of 1934 and Rule 17(a)(2) of the Securities Act of 1933;

(2) timely notice, not in excess of ten (10) business days after the occurrence of such event, of the occurrence of any of the following events:

(i) principal and interest payment delinquencies; (ii) non-payment related defaults, if material; (iii) unscheduled draws on debt service reserves reflecting financial difficulties; (iv) unscheduled draws on credit enhancements reflecting financial difficulties; (v) substitution of credit or liquidity providers, or their failure to perform; (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices of determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds; (vii) modifications to rights of Bondholders, if material; (viii) Bond calls, if material, and tender offers; (ix) defeasances; (x) release, substitution, or sale of property securing repayment of the Bonds, if material; (xi) rating changes; (xii) bankruptcy, insolvency, receivership or similar event of the Village; (xiii) the consummation of a merger, consolidation, or acquisition involving the Village or the sale of all or substantially all of the assets of the Village, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material; (xiv) appointment of a successor or additional trustee or the change of name of a trustee, if material; (xv) incurrence of a "financial obligation" (as defined in the Rule) of the Village, if material, or agreement to covenants, events of default, remedies, priority rights or other similar terms of a financial obligation of the Issuer, any of which affect bondholders, if material; and (xvi) default, event of acceleration, termination event, modification of terms or other similar events under a financial obligation of the Village, if any such event reflects financial difficulties..

Event (iii) is included pursuant to a letter for the SEC staff to the National Association of Bond Lawyers dated September 19, 1995. However, event (iii) is not applicable, since no "debt service reserves" will be established for the Bonds.

With respect to event (iv) the Village does not undertake to provide any notice with respect to credit enhancement added after the primary offering of the Bonds.

With respect to event (xii) above, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent or similar officer for the Village in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or government authority has assumed jurisdiction over substantially all of the assets or business of the Village, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Village.

The Village may provide notice of the occurrence of certain other events, in addition to those listed above, if the Village determines that any such other event is material with respect to the Bonds; but the Village does not undertake to commit to provide any such notice of the occurrence of any event except those events listed above; and

(3) in a timely manner, notice of a failure to provide the annual financial information and operating data and such audited financial statement by the date specified.

The Village's Undertaking shall remain in full force and effect until such time as the principal of, redemption premiums, if any, and interest on the Bonds shall have been paid in full or in the event that those portions of the Securities and Exchange Commission Rule 15c2-12 ("Rule 15c2-12") which require the Undertaking, or such provision, as the case may be, do not or no longer apply to the Bonds. The sole and exclusive remedy for breach or default under the Undertaking is an action to compel specific performance of the undertakings of the Village, and no person or entity, including a Holder of the Bonds, shall be entitled to recover monetary damages thereunder under any circumstances. Any failure by the Village to comply with the Undertaking will not constitute a default with respect to the Bonds.

The Village reserves the right to amend or modify the Undertaking under certain circumstances set forth therein; provided that any such amendment or modification will be done in consultation with nationally recognized bond counsel in a manner consistent with Rule 15c2-12, as amended.

MUNICIPAL ADVISOR

Capital Markets Advisors, LLC, Hopewell Junction, New York, (the “Municipal Advisor”) is an independent municipal advisor registered with the United States Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor has served as the independent financial advisor to the Village in connection with this transaction.

In preparing the Official Statement, the Municipal Advisor has relied upon governmental officials, and other sources, who have access to relevant data to provide accurate information for the Official Statement. The Municipal Advisor has not been engaged, nor has it undertaken, to independently verify the accuracy of such information. The Municipal Advisor is not a public accounting firm and has not been engaged by the Village to compile, review, examine or audit any information in the Official Statement in accordance with accounting standards. The Municipal Advisor is not a law firm and does not provide legal advice with respect to this or any debt offerings of the Village. The Municipal Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities and therefore will not participate in the underwriting of the Bonds.

RATING

The Village has applied to Moody’s Investors Service (Moody’s) for a rating of the Bonds. Such application is pending at this time.

The Village’s underlying rating by Moody’s is “Aa2.”

Such rating reflects only the views of such organization and any desired explanation of the significance of such rating should be obtained from Moody’s at the following address: Moody’s Investors Service, 7 World Trade Center at 250 Greenwich Street, New York, New York 10007. There can be no assurance that such rating will continue for any specified period of time or that such rating will not be revised or withdrawn, if in the judgment of Moody’s circumstances so warrant. Any such change or withdrawal of such rating may have an adverse effect on the market price of the Bonds or the availability of a secondary market for the Bonds.

ADDITIONAL INFORMATION

Additional information may be obtained from Agostino Fusco, Village Clerk/Treasurer, 123 Mamaroneck Avenue, Mamaroneck, New York 10543, (914) 777-7722, e-mail: afusco@vomny.org, or from the Village’s Municipal Advisor, Capital Markets Advisors, LLC, 822 Route 82, Suite 310, Hopewell Junction, New York 12533, (845) 227-8678.

Any statements in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are intended as such and not as representations of fact. No representation is made that any of such statements will be realized. This Official Statement is not to be construed as a contract or agreement between the Village and the original purchasers or holders of any of the Bonds.

The Law Offices of Jeffrey E. Storch has not participated in the preparation of the demographic, financial or statistical data contained in this Official Statement, nor verified the accuracy, completeness of fairness thereof, and, accordingly expresses no opinion with respect thereto.

Capital Markets Advisors, LLC may place a copy of this Official Statement on its website at www.capmark.org. Unless this Official Statement specifically indicates otherwise, no statement on such website is included by specific reference or constitutes a part of this Official Statement. Capital Markets Advisors, LLC has prepared such website information for convenience, but no decisions should be made in reliance upon that information. Typographical or other errors may have occurred in converting original source documents to digital format, and neither the Village nor Capital Markets Advisors, LLC assumes any liability or responsibility for errors

or omissions on such website. Further, Capital Markets Advisors, LLC and the Village disclaim any duty or obligation either to update or to maintain that information or any responsibility or liability for any damages caused by viruses in the electronic files on the website. Capital Markets Advisors, LLC and the Village also assume no liability or responsibility for any errors or omissions or for any updates to dated website information.

This Official Statement is submitted only in connection with the sale of the Bonds by the Village and may not be reproduced or used in whole or in part for any other purpose.

VILLAGE OF MAMARONECK,
WESTCHESTER COUNTY, NEW YORK

By: _____
Agostino Fusco
Treasurer and Chief Financial Officer

DATED: May __, 2019

THIS PAGE INTENTIONALLY LEFT BLANK

APPENDIX A

THE VILLAGE

THIS PAGE INTENTIONALLY LEFT BLANK

THE VILLAGE

There follows in this Official Statement a brief description of the Village together with certain information concerning its governmental organization, revenues and expenditures, indebtedness and economy.

General Information

The Village was settled in 1661 and was incorporated as a municipal government by the State in 1895. The Village is vested with such powers and has the responsibilities inherent in the operation of municipal government, including the adoption of rules and regulations to govern its affairs. In addition, the Village may tax real property situated in its boundaries and incur debt subject to the provisions of the State's Local Finance Law. There are two independent public school districts situated in the Village that possess the same powers with respect to taxation and debt issuance. Village residents also pay real property taxes to the Town of Mamaroneck and the Town of Rye (the "Towns") and the County of Westchester to support programs conducted by these governmental entities.

Government operations of the Village are subject to the provisions of the State Constitution and various statutes affecting village governments, including the Village Law, the General Municipal Law and the Local Finance Law. Real property assessment, collection, and enforcement procedures are determined by the Real Property Tax Law and the Westchester County Tax Law. The Village is responsible for the collection of Village and Library District taxes. Other taxes levied in the Village are collected and enforced by the Towns.

Form of Government

The Board of Trustees of the Village (the "Board") is the legislative, appropriating, governing and policy determining body of the Village and consists of four trustees elected at large to serve two-year terms, plus the Mayor. Trustees may be elected to an unlimited number of terms. It is the responsibility of the Board to enact all legislation by resolution and local laws. Annual operating budgets for the Village must be approved by the Board; modifications and transfers between budgetary appropriations also must be authorized by the Board. The original issuance of all Village indebtedness is subject to approval by the Board.

The Mayor is elected for a two-year term of office with the right to succeed himself. In addition, the Mayor is a full member of and the presiding officer of the Board.

The Board appoints a Village Manager, who is the chief executive officer of the Village and is responsible for managing daily operations.

The Village Clerk/Treasurer is appointed by the Mayor, subject to confirmation by the Board to serve a two-year term.

The responsibilities of the Village Clerk are many and varied. The Village Clerk has custody of the corporate seal, books, records, and papers of the Village, and all the official reports and communications of the Board, and is clerk to the Board and keeps the records of their proceedings. The Village Clerk is responsible for maintaining the Village code of laws and ordinances as it relates to the codes for building, plumbing, electric, zoning, vehicle and traffic regulations, and general ordinances.

The Village Treasurer is the chief fiscal officer of the Village. Duties and responsibilities of the position include: maintaining the Village's accounting systems and records, which includes the responsibility to prepare and file an annual financial report with the State Comptroller, custody and investment of Village funds, and debt management.

Services

The Village provides its residents with many of the services traditionally provided by village governments. In addition, the Towns and County furnish certain other services. A list of these services provided by the Village are as follows: police protection and law enforcement; sewage collection services; refuse collection; highway and public facilities maintenance; a local justice court that is responsible for enforcing provisions of the State's Vehicle and

Traffic Law and local ordinances as well as having jurisdiction over certain civil and criminal matters; cultural and recreational activities; building code enforcement; and planning and zoning administration. The Westchester Joint Waterworks, which consists of the Village, Town of Mamaroneck and Village/Town of Harrison, provides water to Village residents. The Mamaroneck Public Library District provides library services to Village residents. Fire protection is furnished by a volunteer fire department.

Pursuant to State law, the County is responsible for funding and providing various social service and health care programs such as Medicaid, aid to families with dependent children, home relief and mental health programs. In addition, the County operates a two-year community college which offers associate degrees in various fields of study.

Employees

The Village provides services through approximately 120 full-time employees. The following table shows employee representation by a collective bargaining agent and the date of expiration of the collective bargaining agreements.

Employees Represented	Bargaining Agent	Contract Expiration Date
50	Mamaroneck Village Police Benevolent Assn.	05-31-19
47	Mamaroneck Village CSEA	05-31-18 ⁽¹⁾

(1) In negotiation.

Employee Benefits

Substantially all employees of the Village are members of the New York State and Local Employees Retirement System (“ERS”) or the New York State and Local Police and Fire Retirement System (“PFRS”) (ERS and PFRS are referred to collectively hereinafter as the “Retirement System” where appropriate). The Retirement System is a cost-sharing multiple public employer retirement system. The obligation of employers and employees to contribute and the benefits to employees are governed by the New York State Retirement and Social Security Law (the “Retirement System Law”). The Retirement System offers a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability benefits and optional methods of benefit payments. All benefits generally vest after five years of credited service, except for members hired on or after January 1, 2010 whose benefits vest after ten years of credited service. The Retirement System Law generally provides that all participating employers in the Retirement System are jointly and severally liable for any unfunded amounts. Such amounts are collected through annual billings to all participating employers. Generally, all employees, except certain part-time employees, participate in the Retirement System. The Retirement System is non-contributory with respect to members hired prior to July 27, 1976. All members hired on or after July 27, 1976 through and including December 31, 2009, must contribute three percent of their gross annual salary toward the costs of retirement programs until they attain ten years in the Retirement System, at such time contributions become voluntary. Members hired on or after January 1, 2010 must contribute three or more percent of their gross annual salary toward the costs of retirement programs for the duration of their employment.

Additionally, on March 16, 2012, the Governor signed into law the new Tier 6 pension program, effective for new ERS employees hired after April 1, 2012. The Tier 6 legislation provides, among other things, for increased employee contribution rates of between 3% and 6%, an increase in the retirement age from 62 years to 63 years, a readjustment of the pension multiplier, and a change in the time period for final average salary calculation from 3 years to 5 years. Tier 6 employees will vest in the system after ten years of employment and will continue to make employee pension contributions throughout employment.

Police officers and firefighters who are members of PFRS are divided into four tiers. As with ERS, retirement benefit plans available under PFRS are most liberal for Tier 1 employees. The plans adopted for PFRS employees are noncontributory for Tier 1 and Tier 2 employees. Police officers and firefighters that were hired between July 1, 2009 and January 8, 2010 are currently in Tier 3, which has a 3% employee contribution rate by members. There is

no Tier 4 in PFRS. Police officers and firefighters hired after January 9, 2010 are in Tier 5 which also requires a 3% employee contribution from members. Police officers and firefighters hired after April 1, 2012 are in Tier 6, which also originally had a 3% contribution requirement for members for FY 12-13; however, as of April 1, 2013, Tier 6 PFRS members are required to contribute a specific percentage of their annual salary, as follows, until retirement or until the member has reached 32 years of service credit, whichever occurs first: \$45,000.00 or less contributes 3%; \$45,000.01 to \$55,000.00 contributes 3.5%; \$55,000.01 to \$75,000.00 contributes 4.5%; \$75,000.01 to \$100,000.00 contributes 5.75%; and more than \$100,000.00 contributes 6%.

Beginning July 1, 2013, a voluntary defined contribution plan option was made available to all unrepresented employees of New York State public employers hired on or after that date, and who earn \$75,000 or more on an annual basis.

The New York State Retirement System allows municipalities to make employer contribution payments in December of each year, at a discount, or the following February, as required. The Village generally opts to make its pension payments in December in order to take advantage of the discount. However, this payment was made in February 2019 for the current year.

Due to significant capital market declines in 2008 and 2009, the State's Retirement System portfolio experienced negative investment performance and severe downward trends in market earnings. As a result of the foregoing, the employer contributions for the State's Retirement System continue to be higher than the minimum contribution rate established by Chapter 49. Legislation was enacted that permits local governments and school districts to borrow a portion of their required payments from the State pension plan at an interest rate of 5%. The legislation also requires those local governments and school districts that amortize their pension obligations pursuant to the regulation to establish reserve accounts to fund payment increases that are a result of fluctuations in pension plan performance. The Village does not currently amortize any pension payments.

On September 1, 2017, the State Comptroller announced for Fiscal Year 2018-19, the average contribution rates for ERS will decrease from 15.5% to 14.9%, and the average contribution rate for PFRS will decrease from 24.4% to 23.5%. Projections of required contributions will vary by employer depending on factors such as retirement plans, salaries and the distribution of their employees among the six retirement tiers.

In Spring 2013, the State and ERS approved a Stable Contribution Option (“SCO”), which modified its existing SCO adopted in 2010, that gives municipalities the ability to better manage spikes in Actuarially Required Contribution rates. The plan allows municipalities to pay the SCO amount in lieu of the contribution amount.

The Village pays its ERS and PFRS contributions on a pay as you go basis and does not expect to participate in the SCO in the foreseeable future.

ERS and PFRS Contributions. The current retirement expenditures presented in the Village’s financial statements for each of the last five audited fiscal years and the amounts budgeted for 2019 are shown in the following table:

<u>Fiscal Year</u>	<u>ERS</u>	<u>PFRS</u>
2014	\$1,266,584	\$1,626,914
2015	1,308,999	1,688,280
2016	1,171,486	1,676,439
2017	982,400	1,424,926
2018	1,095,318	1,492,978
2019 (Budget)	1,091,932	1,583,721

Source: Audited Financial Statements and Budget of the Village. Summary itself not audited.

Other Postemployment Benefits

GASB Statement No. 45 (“GASB 45”) of the Governmental Accounting Standards Board (“GASB”) requires state and local governments to account for and report their costs associated with post-retirement healthcare benefits and other non-pension benefits (“OPEB”). GASB 45 generally requires that employers account for and report the annual cost of the OPEB and the outstanding obligations and commitments related to OPEB in essentially the same manner as they currently do for pensions. Under previous rules, these benefits have generally been administered on a pay-as-you-go basis and have not been reported as a liability on governmental financial statements. Only current payments to existing retirees were recorded as an expense.

GASB 45 requires that state and local governments adopt the actuarial methodologies to determine annual OPEB costs. Annual OPEB cost for most employers will be based on actuarially determined amounts that, if paid on an ongoing basis, generally would provide sufficient resources to pay benefits as they come due.

Under GASB 45, based on actuarial valuation, an annual required contribution (“ARC”) is determined for each state or local government. The ARC is the sum of (a) the normal cost for the year (the present value of future benefits being earned by current employees) plus (b) amortization of the unfunded accrued liability (benefits already earned by current and former employees but not yet provided for), using an amortization period of not more than 30 years. If a municipality contributes an amount less than the ARC, a net OPEB obligation will result, which is required to be recorded as a liability on its financial statements.

GASB 45 does not require that the unfunded liabilities actually be funded, only that the Village account for its unfunded accrued liability and compliance in meeting its ARC. Actuarial valuation is required every two years for the Village. The Village’s funding policy is to contribute the current annual premium (net of employee contributions) for retired participants (i.e. pay-as-you-go). Current New York State law does not permit municipalities to pre-fund medical benefit obligations. For the 2017-18 fiscal year, the Village contributed \$1,870,000.

The Village is in compliance with the requirements of GASB 45. The Village has determined that its unfunded actuarial accrued liability (“UAAL”) for OPEB as of June 1, 2017 was \$59,340,000. For the year ended May 31, 2018, the Village’s ARC was \$5,620,000. The Village’s unfunded actuarial accrued OPEB liability could have a material adverse impact upon the Village’s finances and could force the Village to reduce services, raise taxes or both.

Legislation has previously been proposed to create an optional investment pool to help the State and local governments fund retiree health insurance and other post-employment benefits. The proposed legislation would authorize the creation of irrevocable OPEB trusts so that the State and its local governments can help fund their OPEB liabilities, establish an OPEB investment fund in the sole custody of the State Comptroller for the investment of OPEB assets of the State and participating eligible local governments, designate the president of the Civil Service Commission as the trustee of the State’s OPEB trust and the governing boards as trustee for local governments and allow school districts to transfer certain excess reserve balances to an OPEB trust once it is established. Under the proposed legislation, there are no limits on how much a local government can deposit into the trust. Such legislation was not enacted in the last two legislative sessions. The Village cannot predict at this time whether such proposed legislation will be reintroduced and enacted into law.

FINANCIAL FACTORS

Budgetary Procedure

The head of each administrative unit of the Village is required to file detailed estimates of revenues (other than real property taxes) and expenditures for the next fiscal year with the Budget Officer on or before March 1st of each year. After reviewing these estimates, the Budget Officer (Village Mayor) prepares a tentative budget which includes his recommendations. The tentative budget is filed with the Village Clerk not later than March 20th. Subsequently, the Village Clerk presents the tentative budget to the Village Board at a regular or special meeting.

Review and preliminary alteration of the tentative budget by the Village Board must be completed by March 31st. Following this review process, the tentative budget and such modifications, if any, as approved by the Board become the preliminary budget. A public hearing on the preliminary budget, notice of which must be given at least five (5) days prior to the hearing, must be held not later than April 15th. After the public hearing, the Village Board may further change and revise the preliminary budget. The Village Board must adopt the preliminary budget as submitted or amended by May 1st, at which time the preliminary budget becomes the annual budget of the Village for the ensuing fiscal year.

Independent Audits

The Village retained the firm of PKF O'Connor Davies, LLP, Certified Public Accountants, to audit its financial statements for the fiscal year ended May 31, 2018. Appendix B, attached hereto, presents excerpts from the Village's most recent audited reports covering the last five fiscal years. Appendix C contains a link to the last fiscal year audit.

In addition, the Village is subject to audit by the State Comptroller to review compliance with legal requirements and the rules and regulations established by the State. See "The State Comptroller's Fiscal Stress Monitoring System and Compliance Reviews" herein.

Investment Policy

Pursuant to Section 39 of the State's General Municipal Law, the Village has an investment policy applicable to the investment of all moneys and financial resources of the Village. The responsibility for the investment program has been delegated by the Village Board to the Treasurer who was required to establish written operating procedures consistent with the Village's investment policy guidelines. According to the investment policy of the Village, all investments must conform to the applicable requirements of law and provide for: the safety of the principal; sufficient liquidity; and a reasonable rate of return.

Authorized Investments. The Village has designated two banks or trust companies located and authorized to conduct business in the State to receive deposits of money. The Village is permitted to invest in special time deposits or certificates of deposit.

In addition to bank deposits, the Village is permitted to invest moneys in direct obligations of the United States of America, obligations guaranteed by agencies of the United States where the payment of principal and interest are further guaranteed by the United States of America and obligations of the State. Other eligible investments for the Village include: revenue and tax anticipation notes issued by any municipality, school district or district corporation other than the Village (investment subject to approval of the State Comptroller); obligations of certain public authorities or agencies; obligations issued pursuant to Section 109(b) of the General Municipal Law (certificates of participation) and certain obligations of the Village but only with respect to moneys of a reserve fund established pursuant to Section 6 of the General Municipal Law. The Village may also utilize repurchase agreements to the extent such agreements are based upon direct or guaranteed obligations of the United States of America. Repurchase agreements are subject to the following restrictions, among others: all repurchase agreements are subject to a master repurchase agreement; trading partners are limited to banks or trust companies authorized to conduct business in the State or primary reporting dealers as designated by the Federal Reserve Bank of New York; securities may not be substituted; and the custodian for the repurchase security must be a party other than the trading partner. All purchased obligations, unless registered or inscribed in the name of the Village, must be purchased through, delivered to and held in the custody of a bank or trust company located and authorized to conduct business in the State. Reverse repurchase agreements are not allowed under State law.

Collateral Requirements. All Village deposits in excess of the applicable insurance coverage provided by the Federal Deposit Insurance Act must be secured in accordance with the provisions of and subject to the limitations of Section 10 of the General Municipal Law of the State. Such collateral must consist of the "eligible securities," "eligible surety bonds" or "eligible letter of credit" as described in the Law.

Eligible securities pledged to secure deposits must be held by the depository or third party bank or trust company pursuant to written security and custodial agreements. The Village's security agreements provide that the aggregate market value of pledged securities must equal or exceed the principal amount of deposit, the agreed upon interest, if any, and any costs or expenses arising from the collection of such deposits in the event of a default. Securities not registered or inscribed in the name of the Village must be delivered, in a form suitable for transfer or with an assignment in blank, to the Village or its designated custodial bank. The custodial agreements used by the Village provide that pledged securities must be kept separate and apart from the general assets of the custodian and will not, under any circumstances, be commingled with or become part of the backing for any other deposit or liability. The custodial agreement must also provide that the custodian shall confirm the receipt, substitution or release of the collateral, the frequency of revaluation of eligible securities and the substitution of collateral when a change in the rating of a security may cause ineligibility.

An eligible irrevocable letter or credit may be issued, in favor of the Village, by a qualified bank other than the depository bank. Such letters may have a term not to exceed 90 days and must have an aggregate value equal to 140% of the deposit obligations and the agreed upon interest. Qualified banks include those with commercial paper or other unsecured or short-term debt ratings within one of the three highest categories assigned by at least one nationally recognized statistical rating organization or a bank that is in compliance with applicable Federal minimum risk-based capital requirements.

An eligible surety bond must be underwritten by an insurance company authorized to do business in the State which has claims paying ability rated in the highest rating category for claims paying ability by at least two nationally recognized statistical rating organizations. The surety bond must be payable to the Village in an amount equal to 100% of the aggregate deposits and the agreed interest thereon.

Revenues

The Village derives most of its revenues from real property taxes and a pro rata share from a 1% increase in the non-property tax distribution from the County. A summary of such revenues for the years 2014-2018 is presented in Appendix B, hereto. Information for said fiscal year has been excerpted from the Village's audited financial reports; however, such presentation has not been audited.

Property Taxes. The Village derives a major portion of its revenues from a tax on real property (see "Statement of Revenues, Expenditures and Changes in Fund Balance" in Appendix B.) Property taxes accounted for 68.6% of total general fund revenues for the fiscal year ended May 31, 2018.

The following table sets forth total general fund revenues, and real property taxes, received during the last five audited fiscal years and the amounts budgeted for the current fiscal year.

Fund Revenues & Real Property Taxes⁽¹⁾

<u>Fiscal Year Ended May 31:</u>	<u>Total Revenues ⁽¹⁾</u>	<u>Real Property Taxes</u>	<u>Real Property Taxes To Revenues (%)</u>
2014	\$32,416,645	\$23,257,565	71.7%
2015	33,556,641	24,812,249	73.9
2016	33,885,069	24,174,932	71.3
2017	35,421,161	24,204,861	68.3
2018	35,927,843	24,629,989	68.6
2019 (Budget)	35,429,012	25,254,907	71.3

(1) General Fund.

Source: Audited Financial Statements and Adopted Budgets of the Village. Summary itself not audited.

State Aid. The Village receives financial assistance from the State. For the fiscal year ended May 31, 2018, 1.8% of the revenues of the Village were received in the form of State aid (primarily the State Mortgage Tax). If the State should experience difficulty in borrowing funds in anticipation of the receipt of State taxes in order to pay State aid

to municipalities and school districts in the State, including the Village, in this year or future years, the Village may be affected by a delay in the receipt of State aid until sufficient State taxes have been received by the State to make State aid payments. Additionally, if the State should not adopt its budget in a timely manner, municipalities and school districts in the State, including the Village, may be affected by a delay in the payment of State aid.

The State is not constitutionally obligated to maintain or continue State aid to the Village. No assurance can be given that present State aid levels will be maintained in the future. In view of the State's continuing budget problems, future State aid reductions are likely. State budgetary restrictions which eliminate or substantially reduce State aid could have a material adverse effect upon the Village requiring either a counterbalancing increase in revenues from other sources to the extent available, or a curtailment of expenditures. (See also "MARKET FACTORS," herein.)

The following table sets forth total general fund revenues, and real property taxes, received during the last five audited fiscal years, and the amounts budgeted for the current fiscal year.

<u>Fiscal Year Ended May 31:</u>	<u>Total Revenues ⁽¹⁾</u>	<u>State Aid</u>	<u>State Aid To Revenues (%)</u>
2014	\$32,416,645	\$936,670	2.9%
2015	33,556,641	944,879	2.8
2016	33,885,069	816,486	2.4
2017	35,421,161	663,911	1.9
2018	35,927,843	630,953	1.8
2019 (Budget)	35,429,012	873,882	2.5

(1) General Fund.

Source: Audited Financial Statements and Adopted Budgets of the Village. The above summary itself is not audited

Sales Tax. The Village receives a share of the County sales tax. The County presently imposes a 1 ½% County-wide sales and use tax on all retail sales. Additionally, the State, effective May 1, 2005, imposes a 4% State sales tax and a 3/8% sales tax levied in the Metropolitan Transportation Authority District. The cities in the County have the power under State law to impose by local law and State legislative enactment their own sales and use taxes. At present, such taxes are imposed at a rate of 2½% in the Cities of White Plains, Mount Vernon, New Rochelle, and Yonkers. The Cities of Rye and Peekskill do not impose such a sales tax.

In July 1991, the State Legislature authorized an additional 1% sales tax for the County to impose in localities other than cities which have their own sales tax. The additional 1% sales tax is to be apportioned between the County (33 1/3%), school districts in the County (16 2/3%) and towns, villages and cities in the County which have imposed sales taxes (50%). The County imposes this additional tax in localities other than cities which have their own sales tax. This additional 1% sales tax became effective on October 15, 1991 and has been extended through May 31, 2020.

In February of 2004, the State Legislature authorized an increase of ½% to the additional 1% 1991 sales tax. The County retains 70% of this amount, the municipalities 20% and the school districts 10%. This increase became effective March 1, 2004 and expires on May 31, 2020.

The following table sets forth total general fund revenues, and sales taxes received during the last five audited fiscal years, and the amounts budgeted for the current fiscal year.

General Fund Revenues & Sales Tax

Fiscal Year Ended May 31:	Total Revenues ⁽¹⁾	Non-Property Tax Distribution From County	Non-Property Tax Distribution From County To Revenues (%)
2014	\$32,416,645	\$2,715,691	8.4%
2015	33,556,641	2,708,232	8.1
2016	33,885,069	2,756,615	8.1
2017	35,421,161	2,794,664	7.9
2018	35,927,843	2,986,621	8.3
2019 (Budget)	35,429,012	2,850,000	8.0

(1) General Fund.

REAL PROPERTY TAXES

The Village derives its power to levy an ad valorem real property tax from the State Constitution. The Village is responsible for levying taxes for Village operating purposes and for debt service.

Assessed and Full Valuations

**Taxable Assessed and Full Valuations
Fiscal Year Ending May 31:**

	<u>2015</u>	<u>2016 ⁽¹⁾</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>

Tax Collection Procedures

The collection and enforcement of real property taxes is governed by the Real Property Tax Law of the State as well as by the County Tax Code.

The Village is responsible for levying and collecting its own real property taxes. Taxes may be paid in two installments on June 1 and December 1. First installment taxes may be paid without penalty at any time during the month of June. There is no penalty for the December installment if that amount is paid prior to January 1. Late payments are assessed a 5% penalty for the first month or fraction thereof and 1% each month thereafter up to a maximum of 12%. Any unpaid taxes are transferred to a real property tax lien holder in mid-March of each year

Town, County and School District taxes levied against real property in the Village are collected by the Town. The Town must remit the full amount of the levy directly to the School District and the County.

The following table sets forth the Village's gross tax levies and the current tax collection record.

<u>Tax Levy and Collection Record</u>			
<u>Fiscal Years Ended May 31:</u>	<u>Taxes Levied For Year ⁽¹⁾</u>	<u>Current Taxes Collected</u>	<u>Current Taxes To Levy (%)</u>
2015	\$23,810,739	\$23,789,232	99.91%
2016	24,153,679	24,153,679	00.00
2017	24,232,941	24,173,941	99.76

(2) Pending tax certiorari.

VILLAGE INDEBTEDNESS

Constitutional Requirements

The New York State Constitution limits the power of the Village (and other municipalities and certain school districts of the State) to issue obligations and to otherwise contract indebtedness. Such constitutional limitations include the following, in summary form, and are generally applicable to the Village and its obligations.

Purpose and Pledge. Subject to certain enumerated exceptions, the Village shall not give or loan any money or property to or in aid of any individual or private corporation or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The Village may contract indebtedness only for a Village purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity. Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the period of probable usefulness of the object or purpose as determined by statute or, in the alternative, the weighted average period of probable usefulness of the several objects or purposes for which it is contracted. No installment may be more than fifty per centum in excess of the smallest prior installment, unless the Village determines to issue a particular debt obligation amortizing on the basis of substantially level or declining annual debt service. The Village is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds and such required annual installments on its notes.

Debt Limit. The Village has the power to contract indebtedness for any Village purpose so long as the principal amount thereof shall not exceed seven per centum of the average full valuation of taxable real estate of the Village, subject to certain enumerated exclusions and deductions such as water and certain sewer facilities and cash or appropriations for current debt service. The constitutional method for determining full valuation is by taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the rate which

such assessed valuation bears to the full valuation as determined by the State Office of Real Property Tax Services (the ORPTS). The State Legislature is required to prescribe the manner by which such rate shall be determined. Average full valuation is determined by taking the sum of the full valuations of such last completed assessment roll and the four preceding assessment rolls and dividing such sum by five.

Statutory Procedure

In general, the State Legislature has authorized the power and procedure for the Village to borrow and incur indebtedness by the enactment of the Local Finance Law, subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Village Law and the General Municipal Law.

Pursuant to the Local Finance Law, the Village authorizes the incurrence of indebtedness, including bonds and bond anticipation notes issued in anticipation of such bonds, by the adoption of a resolution, approved by at least two-thirds of the members of the Village Board, the finance board of the Village. Certain such resolutions may be subject to permissive referendum, or may be submitted to the Village voters at the discretion of the Village Board.

The Local Finance Law also provides for a twenty-day statute of limitations after publication of a bond resolution (in summary or in full), together with a statutory notice which, in effect, estops thereafter legal challenges to the validity of obligations authorized by such bond resolution except for alleged constitutional violations. The Village has complied with such procedure for the validation of the bond resolutions adopted in connection with this issuance.

Each bond resolution usually authorizes the construction, acquisition or installation of the object or purpose to be financed, sets forth the plan of financing and specifies the maximum maturity of the bonds subject to the legal (Constitution, Local Finance Law and case law) restrictions relating to the period of probable usefulness with respect thereto.

Each bond resolution also authorizes the issuance of bond anticipation notes prior to the issuance of serial bonds. Statutory law in New York permits notes to be renewed each year provided that principal is amortized and provided that such renewals do not (with certain exceptions) extend more than five years beyond the original date of borrowing. However, notes issued in anticipation of the sale of serial bonds for assessable improvements are not subject to such five year limit and may be renewed subject to annual reductions of principal for the entire period of probable usefulness of the purpose for which such notes were originally issued. (See "Payment and Maturity" under "Constitutional Requirements").

In addition, under each bond resolution, the Village Board may delegate the power to issue and sell bonds and notes to the Treasurer, the chief fiscal officer of the Village.

In general, the Local Finance Law contains similar provisions providing the Village with power to issue general obligation revenue anticipation notes, tax anticipation notes, capital notes, deficiency notes and budget notes.

Constitutional Debt-Contracting Limitation

ORPTS annually establishes State equalization rates for all assessing units in the State, including the Village, which are determined by statistical sampling of market/assessment studies. The equalization rates are used in the calculation and distribution of certain state aids and are used by many localities in the calculation of debt contracting and real property taxing limitations. The Village has a debt contracting limitation equal to seven percent (7%) of average full valuation (See "Constitutional Requirements, Debt Limit," herein).

The Village determines the assessed valuation for taxable real properties. The ORPTS determines the assessed valuation of special franchises and the taxable ceiling of railroad property. Special franchises include assessments on certain specialized equipment of utilities under, above, upon or through public streets or public places. Certain properties are taxable for school purposes but exempt for Village purposes.

The following table sets forth the Village's debt-contracting limitation.

**Computation of Debt Contracting Limitation
As of April 16, 2019**

Fiscal Year Ending May 31:	Assessed Valuation	State Equalization Rate (a)	Full Valuation
2015	\$ 73,312,078	1.90%	\$3,858,530,421

09-25-18	03-26-19	Sewer System	214,778
09-25-18	03-26-19	Building Improvements	94,897
			<u>\$4,991,713</u>

Tax and Revenue Anticipation Notes

The Village's cash flow has been sufficient to meet its operating requirements; accordingly, the Village has not required the issuance of revenue anticipation notes or tax anticipation notes.

Authorized and Unissued Debt

After the issuance of the Bonds, the Village will have \$6,405,380 of not authorized but unissued debt for sewer improvements. The Village anticipates issuing this debt through financing with the New York State Environmental Facilities Authority. The Village issues annually for its capital improvement needs.

Trend of Capital Debt

**Capital Debt
2014-2018**
