The bonds will initially be issued in registered form in denominations such that one bond shall be issued for each maturity of bonds in such amounts as hereinafter set forth, and when issued will be registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York ("DTC"), which will act as securities depository for the bonds. Ownership interest in the bonds will be transferred pursuant to the "Book-Entry-Only System" of DTC, as described in the Official Statement prepared by the School District with respect to the bonds. Principal and interest on the bonds will be payable by check or draft mailed by DTC, or to its nominee, Cede & Co., as the registered owner of the bonds. Principal and interest will be payable in lawful money of the United States of America. Bonds will be fully registered and will be valid and legally binding general obligations of said School District, all the taxable real property within which will be subject to the levy of ad valorem taxes to pay said bonds and interest thereon, without limitation as to rate or amount. The bonds may not be converted into coupon bonds or be registered to bearer.

The bonds maturing on or before June 15, 2026 are not be subject to redemption prior to their stated maturity. The bonds maturing on or after June 15, 2027 will be subject to redemption prior to maturity at the option of the School District, on any date on or after June 15, 2026, in whole or in part, and if part, in any order of their maturity and in any amount within a maturity (selected by lot within a maturity) at the redemption price equal to the principal amount of the bonds to be redeemed, plus accrued interest to the date of redemption.

If less than all of the bonds of any maturity are to be redeemed, the particular bonds of such maturity to be redeemed shall be selected by the School District by lot in any customary manner of selection as determined by the President of the Board of Education. Notice of such call for redemption shall be given by transmitting such notice to the registered holder not more than sixty (60) days nor less than thirty (30) days prior to such date. Notice of redemption having been given as aforesaid, the bonds so called for redemption shall, on the date for redemption set forth in such call for redemption, become due and payable, together with interest to such redemption date, and interest shall cease to be paid thereon after such redemption date.

The State Constitution requires the School District to pledge its faith and credit for the payment of the principal of the bonds and the interest thereon and to make annual appropriations for the amounts required for the payment of such interest and the redemption of such bonds. The State Constitution also provides that if at any time the appropriating authorities fail to make the required appropriations for the annual debt service on the bonds and certain other obligations of the School District, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied for such purposes; also that the fiscal officer of the School District may be required to set apart and apply such revenues as aforesaid at the suit of any holder of such obligations.

In the event of a default in the payment of the principal of and/or interest on the bonds, the State Comptroller is required to withhold, under certain conditions prescribed by Section 99 b of the State Finance Law, state aid and assistance to said School District and to apply the amount thereof so withheld to the payment of such defaulted principal and/or interest, which requirement constitutes a covenant by the State of New York with the holders from time to time of the bonds.

Each bid must be for all of said \$6,280,000 serial bonds and state a single rate of interest or different rates of interest for bonds maturing in different calendar years; provided, however, that (i) only one rate of interest may be bid for bonds maturing in any one calendar year, (ii) variations in rates of interest so bid may be in any order, and (iii) all rates of interest bid must be stated in a multiple of one eighth or one hundredth of one per centum per annum. Unless all bids are rejected, the award will be made to the bidder complying with the terms of sale and offering to purchase the bonds at such rate or rates of interest as will produce the lowest true interest cost computed in accordance with the true interest cost method of calculation, that being the rate which, compounded semi-annually, is necessary to discount all principal and interest payments on the bonds to the purchase price (including accrued interest) bid for the bonds. The true interest cost computation should be made as of the date of the delivery of the bonds. If two or more such bidders offer to purchase the bonds at the same true interest cost, computed as described above, the bonds will be awarded to the bidder whose bid offers to purchase the bonds at the highest premium dollar amount. The right is reserved to reject any or all bids, and any bid not complying with this Notice of Bond Sale, except as provided above, will be rejected.
