REOFFERING AND ISSUE PRICE: Prior to the sale of the Notes, the Village shall provide, upon reasonable request by any potential bidder, any public information in the Village's possession relevant to the decision to invest in the Notes. Purchasers are advised that, because no Official Statement has been prepared by the Village in connection with the issuance of the Notes, the Notes should be bid for only by bidders who are i) qualified, by reason of their experience, expertise and resources, to evaluate the decision to purchase the Notes and ii) able to bear the risk of a loss of their investment or a decline in value of the Notes. If the Notes are reoffered by the Purchaser, the Purchaser shall comply with all New York State and Federal securities laws and regulations and rules of the Municipal Securities Rulemaking Board, and shall certify that the Purchaser reasonably believes that each person or entity offered the Notes (i) is capable of evaluating the risks of investment in the Notes by virtue of experience in the business of purchasing investments similar to the Notes and can afford to suffer the complete loss of its investment in the Notes, (ii) has conducted such diligent inquiry into such financial and other information relating to the Issuer as such investor deems prudent, (iii) is purchasing the Notes for investment and not for resale, and (iv) is not purchasing for more than one account or with a view to distributing the securities. The Village will not undertake any continuing disclosure responsibilities with respect to the Notes.

Simultaneously with or before delivery of the Notes, the successful bidder shall furnish to the Village a certificate in form satisfactory to Bond Counsel containing information sufficient to enable the Village to determine the "issue price" of the Notes as defined for purposes of section 148 of the Internal Revenue Code of 1986, as amended.

(a) The winning bidder shall assist the Village in establishing the issue price of the Notes and shall execute and deliver to the Village by closing an "issue price" certificate setting forth among other things the reasonably expected initial offering price of the Notes to the public, together with the supporting pricing wires or equivalent communications. The form of such issue price

certificate is available by contacting Bond Counsel or the Village's municipal advisor, Capital Markets Advisors, LLC. All actions to be taken by the Village under this Notice of Sale to establish the issue price of the Notes may be taken on behalf of the Village by the Village's municipal advisor identified herein, and any notice or report to be provided to the Village may be provided to the Village's municipal advisor.

(b) The Village intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Notes) will apply to the initial sale of the Notes (the "competitive sale requirements") because:

- (1) the Village shall disseminate this Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
- (2) all bidders shall have an equal opportunity to bid;
- (3) the Village may receive bids from at least three underwriters of municipal obligations who have established industry reputations for underwriting new issuances of municipal obligations; and
- (4) the Village anticipates awarding the sale of the Notes to the bidder who submits a firm offer to purchase the Notes at the highest price (or lowest interest cost), as set forth in this Notice of Sale.

Any bid submitted pursuant to this Notice of Sale shall be considered a firm offer for the purchase of the Notes, as specified in the bid.

(c) If the competitive sale requirements are not satisfied, the Village shall so advise the winning bidder. In such event, unless the winning bidder is purchasing for its own account and not for resale, the Village intends to treat the initial offering price to the public as of the sale date of each maturity of the Notes as the issue price of that maturity (the "hold-the-offering-price rule"). The Village shall promptly advise the winning bidder, at or before the time of award of the Notes, if the competitive sale requirements were not satisfied, in which case the hold-the-offering-price rule shall apply to the Notes. Bids will not be subject to cancellation by the winning bidder if the competitive sale requirements are not satisfied and the hold-the-offering-price rule applies. If the winning bidder is purchasing the Notes for its own account and not for resale, then, whether or not the competitive sale requirements are met, the issue price certificate will recite such facts and identify the price or prices at which the purchase of the Notes was made.

(d) By submitting a bid, the winning bidder shall, unless it is purchasing all of the Notes for its own account and not for resale, (i) confirm that the underwriters have offered or will offer the Notes to the public on or before the date of award at the offering price or prices (the "initial offering price"), or at the corresponding yield or yields, set forth in the bid submitted by the winning bidder and (ii) agree, on behalf of the underwriters participating in the purchase of the Notes, that the underwriters will neither offer nor sell unsold Notes of any maturity to which the hold-the-offering-price rule applies to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date and ending on the earlier of the following:

- (1) the close of the fifth (5th) business day after the sale date; or

- (2) the date on which the underwriters have sold at least 10% of that maturity of the Notes to the public at a price that is no higher than the initial offering price to the public.

The winning bidder shall promptly advise the Village when the underwriters have sold 10% of that maturity of the Notes to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date.

(e) The Village acknowledges that, in making the representation set forth above, the winning bidder may rely on (i) the agreement of each underwriter to comply with the hold-the-offering-price rule, as set forth in an agreement among underwriters and the related pricing wires, (ii) if a selling group has been created in connection with the initial sale of the Notes to the public, the agreement of each dealer who is a member of the selling group to comply with the hold-the-offering-price rule, as set forth in a selling group agreement and the related pricing wires, and (iii) if an underwriter is a party to a retail distribution agreement that was employed in connection with the initial sale of the Notes to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the hold-the-offering-price rule, as set forth in the retail distribution agreement and the related pricing wires.

(f) By submitting a bid, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each retail distribution agreement (to which the bidder is a party) relating to the initial sale of the Notes to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such retail distribution agreement, as applicable, to (A) report the prices at which it sells to the public the unsold Notes of each maturity allotted to it until it is notified by the winning bidder that either the 10% test has been satisfied as to the Notes of that maturity or all Notes of that maturity have been sold to the public and (B) to comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the winning bidder and as set forth in the related pricing wires; (ii) any agreement among underwriters relating to the initial sale of the Notes to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a retail distribution agreement to be employed in connection with the initial sale of the Notes to the public to require each broker-dealer that is a party to such retail distribution agreement to (A) report the prices at which it sells to the public the unsold Notes of each maturity allotted to it until it is notified by the winning bidder or such underwriter that either the 10% test has been satisfied as to the Notes of that maturity or all Notes of that maturity have been sold to the public and (B) comply with the hold-the-offering-price rule, if applicable, in each case if and for so long as directed by the winning bidder or such underwriter and as set forth in the related pricing wires; and (iii) either (A) it is purchasing all of the Notes for its own account and without any present intention to sell, reoffer or otherwise dispose of the Notes or (B) it has an established industry reputation for underwriting new issuances of municipal bonds.

(g) Sales of any Notes to any person that is a related party to an underwriter shall not constitute sales to the public for purposes of this Notice of Sale. Further, for purposes of this section of the Notice of Sale:

- (1) “maturity” means Notes with the same credit and payment terms; Notes with different maturity dates, or Notes with the same maturity date but different stated interest rates, are treated as separate maturities,
- (2) “public” means any person other than an underwriter or a related party,
- (3) “underwriter” means (A) any person that agrees pursuant to a written contract with the Village (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Notes to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the Notes to the public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Notes to the public),
- (4) a purchaser of any of the Notes is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
- (5) “sale date” means the date that the Notes are awarded by the Village to the winning bidder.

TAX EXEMPT STATUS:

THE NOTES WILL BE DESIGNATED AS QUALIFIED TAX-EXEMPT OBLIGATIONS PURSUANT TO SECTION 265(B)(3) OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED.

AUTHORITY FOR AND PURPOSE OF ISSUE:

The Notes shall be issued pursuant to the Constitution and the Laws of the State and various bond resolutions duly adopted by the Village’s Board of Trustees on December 3, 2019. The proceeds from the sale of the Notes, will be used to provide original financing for various capital improvement projects within the Village.

BIDDING REQUIREMENTS:

Bids must be made for all of the Notes and must state in a multiple of one-hundredth or one-eighth of 1% a single rate or rates of interest per annum which such Notes shall bear. Re: Village of Hastings-on-Hudson, Westchester County, New York
\$469,290 Bond Anticipation Notes, 2020 Series A

Ladies and Gentlemen:

We have been requested to render our opinion as to the validity of an issue of \$469,290 Bond Anticipation Notes, 2020 Series A (the "Obligation"), of the Village of Hastings-on-Hudson, Westchester County, New York (the "Obligor"), dated January 21, 2020, payable January 21, 2021, at maturity.

We have examined:

- (1) the Constitution and statutes of the State of New York;
- (2) the Internal Revenue Code of 1986 (the "Code"), including particularly Sections 103 and 141 through 150 thereof, and the applicable regulations of the United States Treasury Department promulgated thereunder;
- (3) a tax certificate (the "Tax Certificate") executed on behalf of the Obligor which includes, among other things, covenants, relating to compliance with the Code, with the owners of the Obligation that the Obligor will, among other things, (i) take all actions on its part necessary to cause interest on the Obligation not to be includable in the gross income of the owners thereof for federal income tax purposes, including, without limitation, restricting, to the extent necessary, the yield on investments made with the proceeds of the Obligation and investment earnings thereon, making required payments to the federal government, if any, and maintaining books and records in a specified manner, where appropriate, and (ii) refrain from taking any action which would cause interest on the Obligation to be includable in the gross income of the owners thereof for federal income tax purposes, including, without limitation, refraining from spending the proceeds of the Obligation and investment earnings thereon on certain specified purposes; and
- (4) a certificate executed on behalf of the Obligor which includes, among other things, a statement that compliance with such covenants is not prohibited by, or violative of, any provision of local or special law, regulation or resolution applicable to the Obligor.

We also have examined a certified copy of proceedings of the finance board of the Obligor and other proofs authorizing and relating to the issuance of the Obligation, including the form of the Obligation. In rendering the opinions expressed herein we have assumed (i) the accuracy and truthfulness of all public records, documents and proceedings, including factual information, expectations and statements contained therein, examined by us which have been executed or certified by public officials acting within the scope of their official capacities, and have not verified the accuracy or

truthfulness thereof, and (ii) compliance by the Obligor with the covenants contained in the Tax Certificate. We also have assumed the genuineness of the signatures appearing upon such public records, documents and proceedings and the certifications thereof.

In our opinion:

- (a) The Obligation has been authorized and issued in accordance with the Constitution and statutes of the State of New York and constitutes a valid and legally binding general obligation of the Obligor, all the taxable real property within which is subject to the levy of ad valorem taxes to pay the Obligation and interest thereon, without limitation as to rate or amount, except as to certain statutory limitations which may result from the application of Chapter 97 of the Laws of 2011 of the State of New York, as amended, provided, however, that the enforceability (but not the validity) of the Obligation: (i) may be limited by any applicable bankruptcy, insolvency or other law now existing or hereafter enacted by said state or the federal government affecting the enforcement of creditors' rights; and (ii) may be subject to the exercise of judicial discretion in certain cases.
- (b) The Obligor has the power to comply with its covenants with respect to compliance with the Code as such covenants relate to the Obligation; provided, however, that the enforceability (but not the validity) of such covenants may be limited by any applicable bankruptcy, insolvency or other law now existing or hereafter enacted by said state or the federal government affecting the enforcement of creditors' rights.
- (c) Under existing law, interest on the Obligation (1) will be excludable from the gross income, as defined in section 61 of the Code, of the owners thereof for Federal income tax purposes, pursuant to section 103 of the Code and existing regulations, published rulings, and court decisions, assuming continuing compliance after the date hereof by the Obligor with the provisions of the Tax Certificate, and (2) will not be included in computing the Federal alternative minimum taxable income of the owners thereof. Under existing law, interest on the Obligation is exempt from personal income taxes imposed by the State of New York or any political subdivision thereof (including The City of New York).

We express no opinion with respect to any other federal, state or local tax consequences under present law or any proposed legislation resulting from the receipt or accrual of interest on, or the acquisition or disposition of, the Obligation. Ownership of tax-exempt obligations such as the Obligation may result in collateral federal tax consequences to, among others, financial institutions, life insurance companies, property and casualty insurance companies, certain foreign corporations doing business in the United States, S corporations with subchapter C earnings and profits, owners of an interest in a financial asset securitization investment trust, individual recipients of Social Security or Railroad Retirement Benefits, individuals otherwise qualifying for the earned income tax credit and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry, or who have paid or incurred certain expenses allocable to, tax-exempt obligations.

Our opinions are based on existing law, which is subject to change. Such opinions are further based on our knowledge of facts as of the date hereof. We assume no duty to update or supplement our opinions to reflect any facts or circumstances that may hereafter come to our attention or to reflect any changes in any law that may hereafter occur or become effective. Moreover, our opinions are not a guarantee of result and are not binding on the Internal Revenue Service; rather, such opinions

represent our legal judgment based upon our review of existing law that we deem relevant to such opinions and in reliance upon the representations and covenants referenced above.

The scope of our engagement in relation to the issuance of the Obligation has extended solely to the examination of the facts and law incident to rendering the opinion expressed herein. Such opinion is not intended and should not be construed to express or imply any conclusion that the amount of real property subject to taxation within the boundaries of the Obligor, together with other legally available sources of revenue, if any, will be sufficient to enable the Obligor to pay the principal of or interest on the Obligation as the same respectively become due and payable. We have not examined, reviewed or passed upon the accuracy, completeness or fairness of any factual information which may have been furnished to any purchaser of the Obligation by or on behalf of the Obligor and, accordingly, we express no opinion as to whether the Obligor, in connection with the sale of the Obligation, has made any untrue statement of a material fact or omitted to state a material fact necessary in order to make any statements made, in the light of the circumstances under which they were made, not misleading.
