

NEW & RENEWAL

BOND ANTICIPATION NOTES

In the opinion of Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, under existing statutes, regulations, rulings, and court decisions, and assuming continuing compliance with certain tax certifications described herein, interest on the Notes is excluded from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986 (the "Code"), as amended. Bond Counsel is also of the opinion that the interest on the Notes is not treated as an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. Furthermore, Bond Counsel is of the opinion that, under existing statutes, interest on the Notes is exempt from personal income taxes imposed by New York State and any political subdivision thereof. See "TAX EXEMPTION" herein.

The Notes will not be designated by the District as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.

THE CITY SCHOOL DISTRICT OF THE CITY OF TONAWANDA
ERIE COUNTY, NEW YORK
(the "District")

\$20,294,290
BOND ANTICIPATION NOTES, 2021
(the "Notes")

Date of Issue: June 16, 2021

Date of Maturity: June 16, 2022

The Notes will be general obligations of the District, and will contain a pledge of the faith and credit of the District for the payment of the principal of and interest on the Notes and, unless paid from other sources, the Notes are payable from *ad valorem* taxes which may be levied upon all the taxable real property within the District, without limitation as to rate or amount (subject to certain statutory limitations imposed by Chapter 97 of the 2011 Laws of New York [the "Tax Levy Limitation Law"]; see "TAX INFORMATION-Tax Levy Limitation Law," herein).

The Notes will be issued as registered notes, and at the option of the purchaser, may be registered to the Depository Trust Company ("DTC" or the "Securities Depository"), or may be registered in the name of the purchaser.

To the extent that the Notes are issued through DTC, the Notes will be registered in the name of Cede & Co., as nominee of DTC in Jersey City, New Jersey, which will act as Securities Depository for the Notes. Individual purchases will be made in book-entry-only form, in the principal amount of \$5,000 or integral multiples thereof, except for one necessary odd denomination. Purchasers of the Notes will not receive certificates representing their ownership interest in the Notes. Payments of principal of and interest on the Notes will be made by the District to DTC, which will in turn remit such principal and interest to its Participants, for subsequent distribution to the Beneficial Owners of the Notes.

If the Notes are registered in the name of the purchaser, principal of and interest on the Notes will be payable in Federal Funds at such bank or trust company located and authorized to do business in the State of New York as may be selected by the successful bidder. In such case, the Notes will be issued in registered form in denominations of \$5,000 or integral multiples thereof, except for once necessary odd denomination, as may be determined by such successful bidder.

The Notes are dated June 16, 2021 and bear interest from that date until June 16, 2022, the maturity date, at the annual rate as specified by the purchaser of the Notes. The Notes are not subject to redemption prior to maturity.

The Notes are offered when, as and if issued and received by the purchaser and subject to the approval of the legality thereof by Hodgson Russ LLP, of Buffalo, New York, Bond Counsel. It is anticipated that the Notes will be available for delivery on or about June 16, 2021 in Jersey City, New Jersey (through the facilities of DTC) or as otherwise may be agreed upon between the District and the purchaser.

THE DISTRICT DEEMS THIS OFFICIAL STATEMENT TO BE FINAL FOR PURPOSES OF RULE 15c2-12 UNDER THE SECURITIES AND EXCHANGE ACT OF 1934, AS AMENDED (THE "RULE"), EXCEPT FOR CERTAIN INFORMATION THAT HAS BEEN OMITTED HEREFROM IN ACCORDANCE WITH THE RULE AND THAT WILL BE SUPPLIED WHEN THIS OFFICIAL STATEMENT IS UPDATED FOLLOWING THE SALE OF THE NOTES. THIS OFFICIAL STATEMENT WILL BE SO UPDATED UPON REQUEST OF THE SUCCESSFUL BIDDER, AS MORE FULLY DESCRIBED IN THE NOTICE OF SALE WITH RESPECT TO THE NOTES. UNLESS THE NOTES ARE PURCHASED FOR THE BUYER'S OWN ACCOUNT, AS PRINCIPAL FOR INVESTMENT AND NOT FOR RESALE, THE DISTRICT WILL COVENANT IN AN UNDERTAKING TO PROVIDE NOTICE OF CERTAIN DESIGNATED EVENTS, AS REQUIRED BY THE RULE. SEE "DISCLOSURE UNDERTAKING," HEREIN.

BOND ANTICIPATION NOTES, 2021
(the "Notes")**

This Official Statement (the "Official Statement"), which includes the cover page and appendices hereto, presents certain information relating to The City School District of the City of Tonawanda, Erie County, New York (the "District," "County" and "State," respectively), in connection with the sale of the District's \$20,294,290 Bond Anticipation Notes, 2021 (the "Notes").

All quotations from and summaries and explanations of provisions of the Constitution and Laws of the State and acts and proceedings of the District contained herein do not purport to be complete and are qualified in their entirety by reference to the official compilations thereof, and all references to the Notes and the proceedings of the District relating thereto are qualified in their entirety by reference to the definitive form of the Notes and such proceedings.

Statements in this Official Statement, and the documents included by specific reference, that are not historical facts are forward-looking statements, which are based on the District management's beliefs as well as assumptions made by, and information currently available to, the District's management and staff. **This Official Statement should be read with the understanding that the ongoing COVID-19 global pandemic has created prevailing economic conditions (at the global, national, State and local levels) that are highly uncertain, generally negative, and rapidly changing, and these conditions are expected to continue for an indefinite period of time. Accordingly, the District's overall economic situation and outlook (and all of the specific District-related information contained herein) should be carefully reviewed, evaluated and understood in the full light of this unprecedented world-wide event, the effects of which are extremely difficult to predict and quantify. See "COVID-19," herein.**

THE NOTES

Description of the Notes

The Notes will be issued as registered notes and, at the option of the purchaser, may be registered to the Depository Trust Company ("DTC" or the "Securities Depository") or may be registered in the name of the purchaser.

To the extent that the Notes are issued through DTC, the Notes will be registered in the name of Cede & Co., as nominee of DTC in New York, New York, which will act as Securities Depository for the Notes. Individual purchases will be made in book-entry-only form, in the principal amount of \$5,000 or integral multiples thereof, except for one necessary odd denomination. Purchasers of the Notes will not receive certificates representing their ownership interest in the Notes. Payments of principal of and interest on the Notes will be made by the District to DTC, which will in turn remit such principal and interest to its Participants, for subsequent distribution to the Beneficial Owners of the Notes.

If the Notes are registered in the name of the purchaser, principal of and interest on the Notes will be payable in Federal Funds at such bank or trust company located and authorized to do business in the State of New York as may be selected by the successful bidder. In such case, the Notes will be issued in registered form in denominations of \$5,000, or integral multiples thereof, except for one necessary odd denomination, as may be determined by such successful bidder.

The Notes are dated June 16, 2021 and bear interest from that date until June 16, 2022, the maturity date, at the annual rate as specified by the purchaser of the Notes. The Notes are not subject to redemption prior to maturity.

Authority for and Purposes

The Notes are issued pursuant to the Constitution and statutes of the State of New York, including among others, the Local Finance Law and the Education Law, and pursuant to the following bond resolutions that were duly adopted by the Board of Education of the School District (the “Board”) on: (A) August 27, 2019, and thereafter approved by the qualified voters of the District at a special meeting held on October 22, 2019, authorizing the issuance of obligations of the District in an aggregate maximum principal amount of \$47,469,266 for the financing of the District’s TONA2020: Elementary School Improvements and Consolidation Project; and (B) March 10, 2020 authorizing the issuance of obligations of the District in an aggregate maximum principal amount of \$549,766 for the financing of the District’s share of the construction and equipping of improvements and upgrades to various buildings and facilities of the Board of Cooperative Educational Services, First Supervisory District, New York (a.k.a. “Erie 1 BOCES”).

Proceeds of the Notes in the amount of \$20,000,000 will provide original financing for the TONA2020 project pursuant to the 2019 Bond Resolution. Proceeds of the Notes in the amount of \$294,290, along with \$255,476 of budgetary appropriations, will be used to redeem and renew, in part, an outstanding bond anticipation note of the District that was issued on June 18, 2020 for the Erie 1 BOCES project pursuant to the 2020 Bond Resolution.

Pursuant to paragraph c of section 104.00 of the Local Finance Law, the District received a consent order dated July 13, 2020 of the State Comptroller to issue obligations for the TONA2020 project. This consent relates only to the authority of the District to exceed its debt limit and not to any other matter.

Nature of Obligation

The Notes, when duly issued and paid for, will constitute a contract between the District and the holder thereof.

The Notes will be general obligations of the District and will contain a pledge of the faith and credit of the District for the payment of the principal thereof and the interest thereon. For the payment of such principal and interest, the District has the power and statutory authorization to levy *ad valorem* taxes on all taxable real property in the District, without limitation as to rate or amount (subject to certain statutory limitations imposed by the Tax Levy Limitation Law); see “TAX INFORMATION-Tax Levy Limitation Law,” herein.

Under the Constitution of the State, the District is required to pledge its faith and credit for the payment of the principal of and interest on the Notes, and the State is specifically precluded from restricting the power of the District to levy taxes on real estate therefor. On June 24, 2011, the Tax Levy Limitation Law was adopted in the State. The Tax Levy Limitation Law established certain limitations on the power of local governments and school districts to increase the property tax levy beyond certain prescribed limits (without following certain prescribed procedures). The Tax Levy Limitation Law had its first application with respect to the District’s budget for fiscal year 2012-2013. The Tax Levy Limitation Law does make certain allowances for the exclusion of tax levy increases associated with capital expenses by school districts. See “TAX INFORMATION-Tax Levy Limitation Law,” herein. Also, certain special protective procedures and remedies available to holders of school district debt remain in place and are not affected by the Tax Levy Limitation Law. See “DISTRICT INDEBTEDNESS—Remedies Upon Default,” herein.

Book-Entry-Only System

The following applies to the extent that the Notes are issued in book-entry form. DTC, in New York, New York, will act as securities depository for the Notes. The Notes will be issued as fully-registered notes

registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered note certificate will be issued for each Note which bears the same rate of interest and CUSIP number, in the aggregate principal amount of such issue, and will be deposited with DTC. One fully registered note certificate will be issued and deposited with DTC for each maturity of the Notes in the aggregate principal amount of the issue. DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all the Notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such Notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Redemption notices shall be sent to DTC. If less than all of the securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such issue to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Notes unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the District as soon as possible after the record date. The

Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Notes are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the District, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the District, subject to any statutory or regulatory requirements as may be in effect from time to time.

Payment of principal and interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the District, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the District. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The District may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered to DTC.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the District believes to be reliable, but the District takes no responsibility for the accuracy thereof.

THE DISTRICT CANNOT AND DOES NOT GIVE ANY ASSURANCE THAT DTC DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE NOTES: (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE NOTES; OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE DISTRICT WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO: (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE NOTES.

THE INFORMATION CONTAINED HEREIN CONCERNING DTC AND ITS BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM DTC AND THE DISTRICT MAKES NO REPRESENTATION AS TO THE COMPLETENESS OR THE ACCURACY OF SUCH INFORMATION OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

COVID-19

The outbreak of COVID-19, a serious respiratory disease caused by a novel strain of coronavirus, was declared a pandemic by the World Health Organization on March 11, 2020.

Economic Impacts

The outbreak of COVID-19 has drastically affected travel, commerce and financial markets globally. As almost all nations have experienced a rise in infections and implemented containment measures that in the case of some nations (including the United States) have been drastic, economies have suffered in the extreme. While several vaccines have been developed and are now being deployed world-wide, the full impact of the pandemic is difficult to predict due to uncertainties regarding its duration and severity.

While initially the hospitality and tourism industries were hardest hit, within a short period of time there was widespread unemployment across all economic sectors in the United States.

Uncertainty regarding the short, medium and long-term effects of the COVID-19 pandemic initially caused extreme volatility across all financial markets, including the primary and secondary markets for municipal bonds. In the United States, Congress and the Federal Reserve took significant steps to backstop those markets and to provide much-needed liquidity, and markets have since generally stabilized. Still, given these conditions, it is possible that the process of trading the Notes in the secondary market could generally be affected in ways that are difficult to predict.

Federal Response

The federal government has passed several pieces of legislation in response to the COVID-19 pandemic including the \$2.3 trillion Coronavirus Aid, Relief, and Economic Security (“CARES”) Act of 2020 and the \$1.9 trillion American Rescue Plan Act (“ARP”) Act of 2021, both of which provide funding for pandemic-related expenses and attempt to address financial stability and liquidity issues through a variety of stimulus measures.

Stimulus Efforts for State and Local Governments: The CARES Act included a \$150 billion Coronavirus Relief Fund, which provided funds to states, tribal governments and local governments with populations exceeding 500,000 (local governments with smaller populations could receive monies from the amount allocated to their state). This money was intended for programs that were necessary expenditures incurred due to the public health emergency resulting from the pandemic. This money was not intended to be used to directly account for revenue shortfalls due to the COVID-19 pandemic, but it could indirectly assist with revenue shortfalls in cases where the expenses that were covered by this fund would otherwise create a further budget shortfall.

The CARES Act also included an Education Stabilization Fund, which provided \$30.75 billion for K-12 and higher education systems. There were three main forms of relief: \$13.2 billion for K-12 schools that was administered on a state-by-state basis, \$14 billion for public and private colleges and universities, and \$3 billion in emergency relief that governors could distribute to schools, colleges and universities that were particularly affected by COVID-19 and the ensuing crisis.

The ARP Act includes an additional \$350 billion for states, tribal governments and local governments. Notably, in addition to the uses allowed under the CARES Act, ARP funds can be used to replace revenues lost due to COVID-19 and to make necessary investments in water, sewer or broadband infrastructure. These broader categories allow such governments much more flexibility utilizing such funds.

The ARP Act also includes a total of \$170.3 billion in funding for education, including more than \$122.8 billion for the Elementary and Secondary School Emergency Relief Fund (“ESSER”). The largest portion of such ESSER funds will be distributed to school districts based on their relative share of Title I funding,

but additional moneys are also allocated to help schools address learning time lost by students, after-school and summer enrichment programs, and administration costs.

Municipal Liquidity Facility: The Federal Reserve established a “Municipal Liquidity Facility” (“MLF”) in 2020 that offered up to \$500 billion in direct federal lending to certain larger issuers, which were in turn able to use their own loan proceeds to make loans to included smaller governmental units that would not otherwise qualify for this program. The MLF expired on December 31, 2020. Most municipal issuers did not have to resort to the MLF because rates have been conducive to issuing debt through the conventional municipal bond market; however, it is notable that the MLF existed as a market backstop if needed.

State Response

Executive orders: Pursuant to emergency powers granted by the State Legislature, Governor Cuomo has released a number of executive orders in response to the COVID-19 pandemic.

Pursuant to State Executive Order 202.4, every school in the State was directed to close no later than March 18, 2020. While schools were originally ordered closed until April 1, the time period was later extended to May 15, and then through the end of the school year. School districts must normally maintain 180-day in-class attendance for State aid; however, this requirement was waived to the extent attributable to COVID-19 related closures during the 2019-20 school year. Additionally, pursuant to State Executive Orders Nos. 202.13 and 202.26, the school district elections and budget votes that normally would have been held in-person on May 19, 2020 were postponed and conducted by absentee ballot, with such ballots being counted on June 16, 2020.

While initially “non-essential” employees were mandated to work from home, starting on May 15, 2020, regions of the State that met certain criteria were allowed to begin reopening. Reopening occurred in phases, with different businesses and industries allowed to open in each phase.

As COVID-19 cases began to rise again in the fall of 2020, the State shifted to a strategy based on identifying areas with higher positivity rates and implementing successively higher restrictions in such areas. Such areas were labeled “yellow”, “orange” or “red.” When COVID-19 cases dropped again, affected areas could be removed from the list. As of March 22, 2021, all remaining yellow zone cluster restrictions were lifted; therefore, there were no longer any areas of the State subject to special restrictions under such system.

Since increased supplies of COVID-19 vaccine have become available, the State is encouraging residents to get vaccinated and, as of April 6, 2021, all New Yorkers 16 years of age and older are eligible to receive a vaccine.

Up-to-date information on the State’s COVID-19 response can be found at <https://forward.ny.gov>. Reference to website implies no warranty of accuracy of information therein.

State Budget: The City of New York was an early epicenter of the COVID-19 pandemic in the United States, and as a result the State suffered significant revenue shortfalls and unanticipated expenses beginning at the end of the State’s 2019-2020 fiscal year, and continuing during the State’s 2020-2021 fiscal year.

In response, the enacted State budget for the 2020-21 fiscal year allowed the State to reduce expenditures (including aid to local school districts and municipalities) if tax receipts were lower than anticipated. Accordingly, in June, 2020 the State Division of the Budget (“DOB”) began withholding 20 percent of most local aid payments, although such aid has generally since been restored.

Many of the State’s 2020-2021 budget decisions were based on the uncertainty of future federal aid. In the period of time since such decisions were made, the \$1.9 trillion American Rescue Plan Act was signed into law (on March 11, 2021), which legislation includes almost \$24 billion in funding for various levels of government in the State, including approximately \$12.5 billion for the State, \$6 billion for New York City,

and \$4 billion to be divided among counties in the State; another \$12 billion is intended to be used toward the safe reopening of K-12 schools as well as colleges and universities.

Accordingly, the State enacted budget for the 2021-2022 fiscal year is more expansive (about 10% higher) than the prior budget, including significantly increased funding for schools and local governments. School districts will benefit from a \$1.4 billion increase in Foundation Aid and a three-year Foundation Aid full restoration phase-in that will allow all school districts to receive the increased level of Foundation Aid that was originally promised in 2007, along with a \$105 million expansion of full-day prekindergarten. Local governments will receive a full restoration of proposed cuts to Aid and Incentives for Municipalities (AIM) funding. Further, municipalities that host Video Lottery Terminal (VLT) facilities will receive a full restoration of \$10.3 million in proposed VLT aid cuts.

Although the 2021-2022 budget contains additional aid for school districts and municipalities, it is uncertain whether the State will have future budget shortfalls necessitating cuts to State aid. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State, including the District.

Legislation Allowing Financial Flexibility for Municipalities and School Districts:

On August 24, 2020, Governor Cuomo signed legislation allowing municipalities and school districts additional financial flexibility in response to the COVID-19 pandemic. Whereas municipalities and school districts in the State typically may only pursue short-term financing for five years, under certain circumstances the new legislation allows note financing for up to an additional two years prior to converting to long-term bonds.

The new legislation also allows municipalities and school districts additional flexibility related to the use of reserve funds or inter-fund transfers for costs associated with COVID-19. The typical mandatory or permissive referendum requirements for the expenditure of funds from a capital reserve fund have been waived for capital costs attributable to the COVID-19 pandemic. Moneys from a capital reserve fund can also be temporarily advanced for operating costs or other costs attributable to the COVID-19 pandemic, so long as such moneys are repaid within five fiscal years, with interest. Additionally, while inter-fund transfers must typically be repaid by the end of the fiscal year in which the transfer is made, inter-fund advances for costs attributable to the COVID-19 pandemic do not need to be repaid until the close of the following fiscal year.

Local Response

The State Executive Law Section 24 contains procedures for local governments to declare local states of emergency and issue orders to implement the same. Specifically, in the event of a qualifying disaster or reasonable apprehension of immediate danger to the public safety, the municipal chief executive has the authority to declare a local state of emergency for a period of up to 30 days and issue orders to protect life and property or to bring the emergency situation under control.

While the District itself is not able to declare a local state of emergency, the County has done so. The District closed in mid-March 2020 and did not resume session for the rest of the 2019-20 school year. During the timeframe of the closure the District provided education to students remotely and was responsible for providing meal deliveries to students.

The District is continuing to monitor this situation and will attempt to mitigate any such adverse effects through program cuts or staffing reductions, as needed.

While the impacts of COVID-19 on the global, federal, State and local economy cannot be predicted with any certainty, the pandemic could have a significant adverse effect on the District's finances.

MARKET FACTORS

The financial condition of the District as well as the market for the Notes could be affected by a variety of factors, some of which are beyond the District's control. There can be no assurance that adverse events in the State, including, for example, the seeking by a municipality of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Notes. If a significant default or other financial crisis should occur in the affairs of the State or at any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the District to arrange for additional borrowings and the market for and market value of outstanding debt obligations, including the Notes, could be adversely affected.

Disease outbreaks or similar public health threats could have an adverse impact on the District's financial condition and operating results. The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, was declared a pandemic by the World Health Organization on March 11, 2020. See "COVID-19" herein for a further discussion of the impacts of the COVID-19 pandemic, which is expected to have a significant adverse effect on the District's finances.

The District is dependent to a substantial degree on financial assistance from the State in the form of State aid. No delay in payment of State aid for the remainder of the District's current fiscal year is presently anticipated although no assurance can be given that there will not be a delay in payment thereof. If the State should experience difficulty in borrowing funds in anticipation of the receipt of State taxes in order to pay State aid to municipalities and school districts in the State, including the District, in this year or future years, the District may be affected by such a delay, until sufficient State taxes have been received by the State to make State aid payments to the District.

The City of New York was an early epicenter of the COVID-19 pandemic in the United States, and as a result the State suffered significant revenue shortfalls and unanticipated expenses beginning at the end of the State's 2019-2020 fiscal year, and continuing during the State's 2020-2021 fiscal year.

In response, the enacted State budget for the 2020-21 fiscal year allowed the State to reduce expenditures (including aid to local school districts and municipalities) if tax receipts were lower than anticipated. Accordingly, in June, 2020 the State Division of the Budget ("DOB") began withholding 20 percent of most local aid payments, although such aid has generally since been restored.

Many of the State's 2020-2021 budget decisions were based on the uncertainty of future federal aid. In the period of time since such decisions were made, the \$1.9 trillion American Rescue Plan Act was signed into law (on March 11, 2021), which legislation includes almost \$24 billion in funding for various levels of government in the State, including approximately \$12.5 billion for the State, \$6 billion for New York City, and \$4 billion to be divided among counties in the State; another \$12 billion is intended to be used toward the safe reopening of K-12 schools as well as colleges and universities.

Accordingly, the State enacted budget for the 2021-2022 fiscal year is more expansive (about 10% higher) than the prior budget, including significantly increased funding for schools and local governments. School districts will benefit from a \$1.4 billion increase in Foundation Aid and a three-year Foundation Aid full restoration phase-in that will allow all school districts to receive the increased level of Foundation Aid that was originally promised in 2007, along with a \$105 million expansion of full-day prekindergarten. Local governments will receive a full restoration of proposed cuts to Aid and Incentives for Municipalities (AIM) funding. Further, municipalities that host Video Lottery Terminal (VLT) facilities will receive a full restoration of \$10.3 million in proposed VLT aid cuts.

Although the 2021-2022 budget contains additional aid for school districts and municipalities, it is uncertain whether the State will have future budget shortfalls necessitating cuts to State aid. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State, including the District. See "COVID-19," herein, for further details on the COVID-19 pandemic and its effects on the State.

Should the District fail to receive moneys expected from the State in the amounts and at the times expected, the District is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

The market for the Notes could also be affected if the Code were to be amended to reduce or eliminate the favorable tax treatment granted to municipal debt, including the Notes and other debt issued by the District. See the discussion in "TAX EXEMPTION" herein.

TAX EXEMPTION

Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, will deliver an opinion that, under existing law, the interest on the Notes is excluded from gross income of the holders thereof for federal income tax purposes and is not an item of tax preference for purposes of the individual alternative minimum tax imposed by the Code. However, such opinion will note that the District, by failing to comply with certain restrictions contained in the Code, may cause interest on the Notes to become subject to federal income taxation from the date of issuance of the Notes. Such opinion will state that interest on the Notes is exempt from personal income taxes imposed by the State or any political subdivision thereof (including the City of New York).

In rendering the foregoing opinion, Hodgson Russ LLP will note that the exclusion of the interest on the Notes from gross income for federal income tax purposes is subject to, among other things, continuing compliance by the District with the applicable requirements of Code Sections 141, 148, and 149, and the regulations promulgated thereunder (collectively, the "Tax Requirements"). In the opinion of Hodgson Russ LLP, the tax certificate and the nonarbitrage certificate that will be executed and delivered by the District in connection with the issuance of the Notes (collectively, the "Certificates") establish requirements and procedures, compliance with which will satisfy the Tax Requirements.

The Tax Requirements referred to above, which must be complied with in order that interest on the Notes remains excluded from gross income for federal income tax purposes, include, but are not limited to:

1. The requirement that the proceeds of the Notes be used in a manner so that the Notes are not obligations which meet the definition of a "private activity bond" within the meaning of Code Section 141;
2. The requirements contained in Code Section 148 relating to arbitrage bonds; and
3. The requirements that payment of principal or interest on the Notes not be directly or indirectly guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof) as provided in Code Section 149(b).

In the Certificates, the District will covenant to comply with the Tax Requirements, and to refrain from taking any action which would cause the interest on the Notes to be includable in gross income for federal income tax purposes. Any violation of the Tax Requirements may cause the interest on the Notes to be included in gross income for federal income tax purposes from the date of issuance of the Notes. Hodgson Russ LLP expresses no opinion regarding other federal tax consequences arising with respect to the Notes.

Prospective purchasers of the Notes should be aware that ownership of, accrual or receipt of interest on, or disposition of, the Notes may have collateral federal income tax consequences for certain taxpayers, including financial institutions, property and casualty insurance companies, S corporations, certain foreign corporations, individual recipients of Social Security or Railroad Retirement benefits, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry the Notes. Prospective purchasers should consult their tax advisors as to any possible collateral consequences from their ownership of, or receipt of interest on, or disposition of, the Notes. Bond Counsel expresses no opinion regarding any such collateral federal income tax consequences.

In general, information reporting requirements will apply to non-corporate holders with respect to payments of principal, payments of interest, and the proceeds of the sale of a bond or note before maturity within the United States. Backup withholding may apply to a holder of the Notes under Code Section 3406, if such holder fails to provide the information required on Internal Revenue Service (“IRS”) Form W-9, Request for Taxpayer Identification Number and Certification, or the IRS has specifically identified the holder as being subject to backup withholding because of prior underreporting. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner’s United States federal income tax provided the required information is furnished to the IRS. Neither the information reporting requirement nor the backup withholding requirement affects the excludability of interest on the Notes from gross income for federal income tax purposes.

Bond Counsel has not undertaken to advise in the future whether any events occurring after the date of issuance of the Notes may affect the tax status of interest on the Notes. The Code has been continuously subject to legislative modifications, amendments, and revisions, and proposals for further changes are regularly submitted by leaders of the legislative and executive branches of the federal government. No representation is made as to the likelihood of such proposals being enacted in their current or similar form, or if enacted, the effective date of any such legislation, and no assurances can be given that such proposals or amendments will not materially and adversely affect the economic value of the Notes or the tax consequences of ownership of the Notes. Prospective purchasers are encouraged to consult with their own legal and tax advisors with respect to these matters.

DOCUMENTS ACCOMPANYING DELIVERY OF THE NOTES

Absence of Litigation

Upon delivery of the Notes, the District will furnish certificates, dated the date of delivery of the Notes, to the effect that there is no controversy or litigation of any nature pending or threatened to restrain or enjoin the issuance, sale, execution or delivery of the Notes, or in any way contesting or affecting the validity of the Notes or any of the proceedings taken with respect to the issuance and sale thereof or the application of moneys to the payment of the Notes. Additional certificates will state that there is no controversy or litigation of any nature now pending or threatened by or against the District wherein an adverse judgment or ruling could have a material adverse impact on the financial condition of the District or adversely affect the power of the District to levy, collect, and enforce the collection of taxes or other revenues for the payment of its Notes, which has not been disclosed in this Official Statement.

Legal Matters

Legal matters incident to the authorization, issuance and sale of the Notes will be subject to the final approving opinion of Hodgson Russ LLP, Bond Counsel. Such opinion will be available at the time of delivery of the Notes and will be to the effect that the Notes are valid and legally binding general obligations of the District for which the District has validly pledged its faith and credit, and all the taxable real property within the District is subject to the levy of *ad valorem* real property taxes to pay the Notes and interest thereon, without limitation as to rate or amount (subject to certain statutory limitations imposed by Chapter 97 of the 2011 Laws of the State). Such opinion shall also contain further statements to the effect that (a) the enforceability of rights or remedies with respect to the Notes may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights or remedies heretofore or hereafter enacted, and (b) such law firm has not been requested to examine or review and has not examined or reviewed the accuracy or sufficiency of the Official Statement, or any additional proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the District which has been or may have been furnished or disclosed to purchasers of the Notes, and expresses no opinion with respect to such financial or other information, or the accuracy or sufficiency thereof.

Closing Certificates

Upon the delivery of the Notes, the purchaser will be furnished with the following items: (i) a certificate of the President of the Board to the effect that as of the date of this Official Statement and at all times subsequent thereto, up to and including the time of the delivery of the Notes, this Official Statement did not and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading, and further stating that there has been no adverse material change in the financial condition of the District since the date of this Official Statement to the date of issuance of the Notes; and having attached thereto a copy of this Official Statement; (ii) a certificate signed by an officer of the District evidencing payment for the Notes; (iii) a closing certificate evidencing the due execution of the Notes, including statements that (a) no litigation of any nature is pending or, to the knowledge of the signers, threatened, restraining or enjoining the issuance and delivery of the Notes or the levy and collection of taxes to pay the principal of and interest thereon, nor in any manner questioning the proceedings and authority under which the Notes were authorized or affecting the validity of the Notes thereunder, (b) neither the corporate existence or boundaries of the District nor the title of the signers to their respective offices is being contested, (c) no authority or proceedings for the issuance of the Notes have been repealed, revoked or rescinded; and (iv) a nonarbitrage certificate and tax certificate executed by the President of the Board, as described under "TAX EXEMPTION" herein.

DISCLOSURE UNDERTAKING

In accordance with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "Rule"), unless the Notes are purchased for the purchaser's own account, as principal for investment and not for resale, the District will enter into a Disclosure Undertaking at closing, the form of which is attached hereto as "APPENDIX D." A purchaser buying for its own account shall deliver a municipal securities disclosure certificate that documents its intent to purchase the Notes as principal for investment and not for resale (in a form satisfactory to Bond Counsel) establishing that an exemption from the Rule applies.

CONTINUING DISCLOSURE COMPLIANCE PROCEDURES

The District is establishing procedures designed to ensure that future filings of continuing disclosure information will be in compliance with existing continuing disclosure obligations, including transmitting such filings to the Municipal Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934 through EMMA.

RATINGS

The District did not apply for a rating on the Notes.

Moody's has assigned an underlying rating of "A1" to the uninsured outstanding bonded indebtedness of the District.

With respect to the ratings, such ratings reflect only the view of such organization, and an explanation of the significance of such rating may be obtained only from such rating agency. There can be no assurance that such rating will continue for any specified period of time or that such rating will not be revised or withdrawn, if in the judgment of Moody's, circumstances so warrant. Any such change or withdrawal of such rating may have an adverse effect on the market price of the Notes or the availability of a secondary market for the Notes.

MISCELLANEOUS

So far as any statements made in this Official Statement involve matters of opinions or estimates, whether or not so expressly stated, they are set forth as such and not as representations of fact, and no representation

is made that any of the opinions or estimates will be realized. Neither this Official Statement nor any statement which may have been made orally or in writing is to be construed as a contract with the holders of the Notes.

Statements in this Official Statement, and the documents included by specific reference, that are not historical facts are forward-looking statements, which are based on the District management's beliefs as well as assumptions made by, and information currently available to, the District's management and staff. Because the statements are based on expectations about future events and economic performance and are not statements of fact, actual results may differ materially from those projected. Important factors that could cause future results to differ include legislative and regulatory changes, changes in the economy, and other factors discussed in this and other documents that the District files with the repositories. When used in District documents or oral presentation, the words "anticipate", "estimate", "expect", "objective", "projection", "forecast", "goal", or similar words are intended to identify forward-looking statements.

Hodgson Russ LLP, of Buffalo, New York, Bond Counsel to the District, expresses no opinions as to the accuracy or completeness of information in any documents prepared by or on behalf of the District for use in connection with the offer and sale of the Notes, including but not limited to, the financial or statistical information in this Official Statement.

References herein to the Constitution of the State and various State and federal laws are only brief outlines of certain provisions thereof and do not purport to summarize or describe all of such provisions.

Concurrently with the delivery of the Notes, the District will furnish a certificate to the effect that as of the date of the Official Statement, the Official Statement did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading, subject to a limitation as to information in the Official Statement obtained from sources other than the District.

The Official Statement is submitted only in connection with the sale of the Notes by the District and may not be reproduced or used in whole or in part for any other purpose.

MUNICIPAL ADVISOR

Capital Markets Advisors, LLC, Orchard Park, New York (the "Municipal Advisor"), is an independent municipal advisor registered with the United States Securities and Exchange Commission and the Municipal Securities Rulemaking Board. The Municipal Advisor has served as the independent municipal advisor to the District in connection with this transaction.

In preparing the Official Statement, the Municipal Advisor has relied upon governmental officials, and other sources, who have access to relevant data to provide accurate information for the Official Statement. The Municipal Advisor has not been engaged, nor has it undertaken, to independently verify the accuracy of such information. The Municipal Advisor is not a public accounting firm and has not been engaged by the District to compile, review, examine or audit any information in the Official Statement in accordance with accounting standards. The Municipal Advisor is not a law firm and does not provide legal advice with respect to this or any debt offerings of the District. The Municipal Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities and therefore will not participate in the underwriting of the Notes.

ADDITIONAL INFORMATION

Additional information may be obtained from Ms. Donna Hill, Director of Business and Finance and Paying Agent. Contact: Phone (716) 694-7690; Email: dhill1@tonacsd.org; Address: 100 Hinds Street, Tonawanda, New York 14150 or from the District's Municipal Advisor, Capital Markets Advisors, LLC (716) 662-3910.

Any statements in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are intended as such and not as representations of fact. No representation is made that any of such statements will be realized. This Official Statement is not to be construed as a contract or agreement between the District and the original purchasers or holders of any of the Notes.

Capital Markets Advisors, LLC may place a copy of this Official Statement on its website at www.capmark.org. Unless this Official Statement specifically indicates otherwise, no statement on such website is included by specific reference or constitutes a part of this Official Statement. Capital Markets Advisors, LLC has prepared such website information for convenience, but no decisions should be made in reliance upon that information. Typographical or other errors may have occurred in converting original source documents to digital format, and neither the District nor Capital Markets Advisors, LLC assumes any liability or responsibility for errors or omissions on such website. Further, Capital Markets Advisors, LLC and the District disclaim any duty or obligation either to update or to maintain that information or any responsibility or liability for any damages caused by viruses in the electronic files on the website. Capital Markets Advisors, LLC and the District also assume no liability or responsibility for any errors or omissions or for any updates to dated website information.

THE CITY SCHOOL DISTRICT OF THE CITY OF TONAWANDA

By: _____
Heather Sternin
President of the Board of Education

DATED: May 19, 2021

APPENDIX A

THE DISTRICT

General Information

The District is located in the City of Tonawanda (the “City”), which has a population of 15,130 according to the 2010 U.S. Census. The District has a land area of approximately 3.5 square miles and is situated in the northwest portion of Erie County at the junction of the Niagara River and the New York State Barge Canal adjacent to the northern boundary of the City of Buffalo.

The City is an industrial and commercial center of the Niagara frontier due in large part to the availability of raw materials from the Great Lakes region and abundant electric power from the Niagara Power Project.

Residents of the City have access to many recreational and cultural attractions, including Niagara Falls and the many museums, art galleries and professional sports teams in Buffalo.

District Organization

Subject to the provisions of the State Constitution, the District operates pursuant to the Education Law, the Local Finance Law, and other laws generally applicable to the District including the General Municipal Law and the Real Property Tax Law. Under such laws, there is no authority for the District to have a charter or adopt local laws.

The legislative power of the District is vested in the Board of Education (the “Board”), which consists of seven members including the President and Vice President. Board members are elected for overlapping terms of three years. The administrative officers of the District, whose duty it is to implement the policies of the Board and who are appointed by the Board, include the Superintendent of Schools, the Director of Business and Finance, the District Clerk and the District Treasurer.

Financial Organization

Pursuant to the Local Finance Law, the President of the Board is the chief fiscal officer of the District. However, certain of the financial functions of the District are the responsibility of the Superintendent of Schools, the District Treasurer, and the Director of Business and Finance.

District Facilities

The District currently owns the following facilities:

TABLE 1
School Statistics

<u>Name of School</u>	<u>Grades</u>	<u>Year of Construction</u>	<u>Year of Last Addition</u>	<u>State Rated Capacity</u>
Fletcher Elementary	PreK-5	1936	1951	523
Mullen Elementary	PreK-5	1956	2002	359
Riverview Elementary	K-5	1963	N/A	345
Tonawanda Middle/High School	6-12	1960	2002	<u>1,350</u>
			Total:	2,577

Employees

There are approximately 280 persons employed by the District including five part-time temporary employees and personnel not represented by any bargaining group. The collective bargaining agents, if any, which represent District employees and the dates of expirations of the various collective bargaining agreements are as follows:

TABLE 2
Employees

<u>Approximate No. of Employees</u>	<u>Union</u>	<u>Contract Expiration Date</u>
209	Tonawanda Educators Association	06/30/21*
7	Tonawanda Administrative Supervisory Group	06/30/22**
8	SEIU, Local 200C	06/30/23
44	TCSD Civil Service Employees' Independent Association	06/30/23

Source: District Officials.

*Currently under negotiations.

** In negotiations; requested a one-year extension to 6/30/22

Employee Pension Benefits

All non-teaching and non-certified administrative employees of the District eligible for pension or retirement benefits under the Retirement and Social Security Law of the State of New York are members of the New York and Local Employees' Retirement System ("ERS").

Teachers and certified administrators are members of the New York State Teachers' Retirement System ("TRS"). Payments to the Retirement System are deducted from the District's State aid payments.

Both the ERS and the TRS are non-contributing with respect to members hired prior to July 27, 1976. The Retirement Systems are non-contributory with respect to members working ten or more years. All members working less than ten years must contribute 3% of gross annual salary toward the cost of retirement programs.

The following table details the budgeted or actual contributions to ERS and TRS since the fiscal years ended June 30, 2018:

<u>Fiscal Year Ended</u>	<u>TRS</u>	<u>ERS</u>
2022 <i>Budgeted</i>	\$1,315,000	\$345,000
2021 <i>Budgeted</i>	1,285,000	330,000
2020	1,473,530	278,581
2019	1,265,486	284,102
2018	1,419,043	302,745

In 2003, Chapter 49 of the Laws of 2003 amended the Retirement and Social Security Law and the Local Finance Law. The amendments empowered the State Comptroller to implement a comprehensive structural reform program for the ERS. The reform program established a minimum contribution for any local governmental employer equal to 4.5% of pensionable salaries for bills which were due December 15, 2003 and for all fiscal years thereafter, as a minimum annual contribution where the actual rate would otherwise be 4.5% or less due to the investment performance of the fund. In addition, the reform program instituted a billing system to match the budget cycle of municipalities and school districts that will advise such employers over one year in advance concerning actual pension contribution rates for the next annual billing cycle. Under the previous method, the requisite ERS contributions for a fiscal year could not be determined until after the local budget adoption process was complete. Under the new system, a contribution for a given fiscal year will be based on the valuation of the pension fund on the prior April 1 of the calendar year proceeding the contribution due date instead of the following April 1 in the year of contribution so that the exact amount may now be included in a budget.

On December 10, 2009, then-Governor Paterson signed into law a new Tier 5. The law is effective for new ERS and TRS employees hired after January 1, 2010. New ERS employees will now contribute 3% of their salaries and new TRS employees will contribute 3.5% of their salaries. There is no provision for these contributions to cease after a certain period of service.

On March 16, 2012, Governor Cuomo signed into law the new Tier VI pension program, effective for new ERS and TRS employees hired after April 1, 2012. The Tier VI legislation provides, among other things, for increased employee contribution rates of between 3% and 6%, an increase in the retirement age from 62 to 63 years, a readjustment of the pension multiplier, and a change in the time period for final average salary calculation from three years to five years. Tier VI employees will vest in the system after ten years of employment and will continue to make employee contributions throughout their entire period of employment.

In accordance with constitutional requirements, these new pension reforms would apply only to public employees hired after particular dates specified for Tier V and Tier VI, respectively.

The New York State ERS rate for the 2020-21 fiscal year was 14.6%. The 2021-22 ERS rate will increase to 16.2%. The 2019-20 TRS rate was 8.86%. The 2020-21 TRS rate is 9.53%.

In recent years, due to prior poor performance of the investment portfolio of the State Retirement System in the wake of the 2008-09 recession, New York State Comptroller Thomas DiNapoli announced that the employer contribution rates for required pension contributions to the SRS would continue to increase. To help mitigate the impact of their ERS increases, legislation has been enacted that permits local governments and school districts to amortize a portion of such contributions. Under such legislation, local governments and school districts that choose to amortize a portion of their ERS contributions will be required to set aside and reserve funds with the SRS for certain future rate increases. The District did not opt into the pension amortization plan.

In Spring 2013, the State and TRS approved a Stable Contribution Option (“SCO”) that gives school districts the ability to better manage the spikes in Actuarially Required Contribution rates (“ARCs”). ERS followed suit and modified its existing SCO, which was adopted in 2010. Each plan allows school districts to pay the SCO amount in lieu of the ARC amount, which is higher, and defer the difference in payment amounts as described below. The plan, which was approved in Governor Cuomo’s 2016-17 budget would let districts contribute 14.13% of employee costs toward pensions. The District has not opted into the pension smoothing plan.

The TRS SCO deferral plan is available to school districts for seven years after enactment. Under the TRS SCO plan, payment of the deferred amount will commence in year six of the program (2018-19) and continue for five years. School districts can elect to no longer participate in the plan at any time, resume paying the ARC and begin repayment of deferred amounts over five years. Under the ERS SCO, payment of deferred amounts begins the year immediately following the deferral and the repayment period is 12 years. Once made, the election to participate in the ERS SCO is permanent. However, the school districts can choose not to defer payment in any given year. In both plans, interest on the deferred amounts is based on the yield of 10-year U.S. Treasury securities plus 1%.

The primary benefit of participation in the SCO plans is the elimination of the uncertainty in the volatility of future pension contribution ARCs in the near term, thereby providing school districts with significant assistance in creating a stable and reliable fiscal plan. The District has not and does not plan to participate in the ERS or TRS SCO program.

Other Post-Employment Benefits

The District provides post-retirement healthcare benefits to various categories of former employees. These costs have been rising substantially, and may be expected to rise substantially in the future. School districts and Boards of Cooperative Educational Services, unlike other municipal units of government in the State,

have been prohibited from reducing retiree health benefits or increasing health care contributions received or paid by retirees below the level of benefits or contributions afforded to or required from active employees. This protection from unilateral reduction of benefits had been extended annually by the New York State Legislature until recently when legislation was enacted to make permanent these health insurance benefit protections for retirees. Legislative attempts to provide similar protection to retirees of other local units of government in the State have not succeeded as of the date hereof. Nevertheless, many such retirees of all varieties of municipal units in the State do presently receive such benefits.

Effective July 1, 2016, the District adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other than Pensions* (OPEB), which supersedes GASB Statement No. 45. GASB 75 requires the District to recognize the total OPEB liability and related deferred outflows and deferred inflows of resources. The cumulative effect of implementing this required change in accounting principle resulted in a restatement of beginning net position as detailed in Note 2 to the financial statements. This statement addresses accounting and financial reporting for other postemployment benefits offered by the District and requires various note disclosures and required supplementary information.

The District is in compliance with the requirements of GASB 75, and a summary of the actuarial valuation is included in the District’s June 30, 2020 Financial Audit included herein. The following table summarizes the District’s annual OPEB statements for the fiscal year ended June 30, 2020:

Information on beginning of year deferred outflows and deferred inflows of resources, and all information for the prior year, is not available and therefore such amounts have not been restated.

Changes in the Total OPEB Liability	Total OPEB Liability
Balance as of June 30, 2019	<u>\$1,938,169</u>
Changes for the year:	
Service cost	96,287
Interest	67,412
Differences between expected and actual experience	(283,708)
Changes of assumptions or other inputs	145,463
Benefit payments	<u>(74,795)</u>
Net changes	<u>(49,341)</u>
Balance as of June 30, 2020	<u>\$1,888,828</u>

Investment Policy/Permitted Investments

Pursuant to State law, including Sections 10 and 11 of the General Municipal Law (the “GML”), the District is generally permitted to deposit moneys in banks and trust companies located and authorized to do business in the State. All such deposits, including special time deposit accounts and certificates of deposit, in excess of the amount insured under the Federal Deposit Insurance Act, are required to be secured in accordance with the provisions of and subject to the limitations of Section 10 of the GML.

The District may also temporarily invest moneys in: (1) obligations of the United States of America; (2) obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America; (3) obligations of the State; (4) with the approval of the State Comptroller, tax anticipation notes or revenue anticipation notes issued by any municipality, school district, or district corporation, other than those bonds or notes issued by the District; (5) certificates of participation issued by political subdivisions of the State pursuant to Section 109-b(10) of the GML; (6) obligations of a New York public benefit corporation which are made lawful investments for municipalities pursuant to the enabling statute of such public benefit corporation; or (7) in the case of monies held in certain reserve funds established by the District pursuant to law, obligations of the District.

All of the foregoing instruments and investments are required to be payable or redeemable at the option of the owner within such times as the proceeds will be needed to meet expenditures for purposes for which the monies were provided and, in the case of instruments and investments purchased with the proceeds of

bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. Unless registered or inscribed in the name of the District, such instruments and investments must be purchased through, delivered to and held in custody of a bank or trust company in the State pursuant to a written custodial agreement as provided in Section 10 of the GML.

The Board has adopted an investment policy and such policy conforms with applicable laws of the State governing the deposit and investment of public moneys. All deposits and investments of the District are made in accordance with such policy.

FINANCIAL FACTORS

Property Tax

The following table sets forth total general fund revenues and real property tax revenues during the last five audited fiscal years and the amounts budgeted for the current and ensuing fiscal year.

TABLE 3
Property Taxes

<u>Fiscal Year</u>	<u>Total Revenues</u>	<u>Real Property Taxes</u>	<u>Real Property Taxes to Revenues</u>
2016	\$31,982,198	\$11,737,212	36.7%
2017	32,837,398	11,525,844	35.1%
2018	34,140,281	11,833,450	34.7%

Revenues

The District receives most of its revenue from a real property tax on all non-exempt real property situated within the District, and from State aid. Total general fund revenues during this five-year period increased by 11.7%, and during this same period real property taxes increased 36.6% and State aid increased 16.8%.

State Aid

In addition to the amount of State aid budgeted by the District in its 2020-21 fiscal year, the State is expected to make payments of STAR aid representing tax savings provided by school districts to their taxpayers under the STAR Program (see "TAX INFORMATION - STAR-School Tax Exemption"). The District expects to receive timely receipt of STAR aid for the current fiscal year.

In January 2001, the State Supreme Court issued a decision in *Campaign for Fiscal Equity ("CFE") v. New York* mandating that the current system of apportionment of state aid to school districts within the State be restructured by the Governor and the State Legislature. On June 25, 2002, the Appellate Division of the State Supreme Court reversed that decision. On June 26, 2003, the State Court of Appeals, the highest court in the State, reversed the Appellate Division, holding that the State must, by July 30, 2004, ascertain the actual cost of providing a sound basic education, enact reforms to the system of school funding and ensure a system of accountability for such reforms. The Court of Appeals further modified the decision of the Appellate Division by deciding against a state-wide remedy and instead limited its ruling solely to the New York City school system.

A case related to the Campaign for Fiscal Equity, Inc. v. State of New York was heard on appeal on May 30, 2017 in *New Yorkers for Students' Educational Rights ("NYSER") v. State of New York*. The NYSER lawsuit asserts that the State has failed to comply with the original decision in the Court of Appeals in the

Campaign for Fiscal Equity case, and asks the Court of Appeals to require the State to develop new methodologies, formulas and mechanisms for determining State aid, to fully fund the “foundation aid” formula, to eliminate the supermajority requirement for voter approval of budgets which increase school district property tax levies above the property tax cap limitation, and related matters. It is not possible to predict the outcome of this litigation.

While certain increases in State aid following this case have been targeted to high-needs schools, other schools did share in the overall increase of State aid. The District is unable to predict whether this pattern of distribution will continue beyond that which is included in later legislation dealing with foundation aid. Increased State aid for New York City schools and other high-needs schools may result in reductions in the future of State aid to certain school districts, including the District.

In any event, the outcome of this matter will not affect the validity of any obligations issued by the District, including the Notes, nor the ability of the District to levy taxes on the taxable real property in the District to pay the Notes and the interest thereon as the same shall become due and payable.

There can be no assurance that the State appropriation for State aid to school districts will be continued in future years, either pursuant to existing formulas or in any form whatsoever. The State aid appropriated and apportioned to the District can be paid only if the State has such monies available therefor. The availability of such monies and the timeliness of such payment could be affected by a delay in the adoption of the State budget.

The Smart Schools Bond Act was passed as part of the Enacted 2014-15 State Budget. The Smart Schools Bond Act authorizes the issuance of \$2 billion of general obligation bonds to finance improved educational technology and infrastructure to improve learning and opportunity for students throughout the State. The District's estimated allocation of funds is \$1,561,513.

The State receives a substantial amount of federal aid for health care, education, transportation and other governmental purposes, as well as federal funding to respond to, and recover from, severe weather events and other disasters. Many of the policies that drive this federal aid may be subject to change under the federal administration and Congress. Current federal aid projections, and the assumptions on which they rely, are subject to revision in the future as a result of changes in federal policy, the general condition of the global and national economies and other circumstances, including the diversion of federal resources to address the current COVID-19 outbreak.

Recent Events Affecting New York School Districts

School district fiscal year (2016-17): The State budget included an increase of \$991 million in State aid for school districts over the 2015-16 budget, \$863 million of which consisted of traditional operating aid. In addition to the \$408 million of expense based aid, the budget included a \$266 million increase in Foundation Aid and \$100 million in Community Schools Aid, a newly adopted aid category, to support school districts that wish to create community schools. Community Schools Aid funds may only be used for certain purposes such as providing health, mental health and nutritional services to students and their families. The budget also featured the elimination of the Gap Elimination Adjustment (“GEA”) that had been instituted in the State’s 2010-11 to 2012-13 fiscal years to address State funding shortfalls due to the ongoing effects of a recession. Under the GEA legislation, a portion of the funding shortfall was divided among all school districts across the State, resulting in a reduction in school district general aid funds.

School district fiscal year (2017-18): The State budget included an increase of \$1.1 billion in State Aid to school districts, including a \$700 million increase in Foundation Aid. The budget included School Aid spending of \$25.8 billion, an increase of 4.4% from the prior fiscal year.

School district fiscal year (2018-19): The budget increased Education Aid by \$1 billion, including a \$619 million increase in Foundation Aid, without revision to the formula, bringing the new Education Aid total to \$26.7 billion or an increase of 3.9 percent.

School district fiscal year (2019-20): The budget increased Education aid by more than \$1 billion which included a \$618 million dollar increase in Foundation Aid. The new Education Aid total is \$27.9 billion — an increase of 3.8%. The budget direct a majority of such additional funding (over 70%) to the State’s more economically disadvantaged school districts.

School district fiscal year (2020-21): Due to the below-described decrease in State revenues as a result of the COVID-19 pandemic, the State budget included an increase of only \$95 million in State Aid (0.035% increase from the prior budget year), and Foundation Aid remained at essentially the same level as it was during the 2019-2020 fiscal year. While the budget actually included a decrease in State Aid (referred to as a “Pandemic Adjustment”), the decrease in State aid be fully offset by the State’s allocation of federal stimulus funds. Absent the federal stimulus funds, there would have been a \$1.127 billion decrease in State Aid from the 2019-2020 year.

School district fiscal year (2021-22): The State budget includes large-scale increases in State aid to school districts, including a \$105 million expansion of full-day prekindergarten that will provide funding to 200 school districts that didn’t previously receive State funding for such full-day prekindergarten programs. In contrast to the 2020-21 budget, this budget provides that additional federal aid would supplement, not supplant, State funding. Most notably, Foundation Aid is increased by \$1.4 billion (7.6%), and the State has committed to a three-year phase-in of the restoration of the full Foundation Aid formula to finally fulfill the State’s commitments from the *Campaign for Fiscal Equity* case from the early 2000s.

The City of New York was an early epicenter of the COVID-19 pandemic in the United States, and as a result the State suffered significant revenue shortfalls and unanticipated expenses beginning at the end of the State’s 2019-2020 fiscal year, and continuing during the State’s 2020-2021 fiscal year.

In response, the enacted State budget for the 2020-21 fiscal year allowed the State to reduce expenditures (including aid to local school districts and municipalities) if tax receipts were lower than anticipated. Accordingly, in June, 2020 the State Division of the Budget (“DOB”) began withholding 20 percent of most local aid payments, although such aid has generally since been restored.

Many of the State’s 2020-2021 budget decisions were based on the uncertainty of future federal aid. In the period of time since such decisions were made, the \$1.9 trillion American Rescue Plan Act was signed into law (on March 11, 2021), which legislation includes almost \$24 billion in funding for various levels of government in the State, including approximately \$12.5 billion for the State, \$6 billion for New York City, and \$4 billion to be divided among counties in the State; another \$12 billion is intended to be used toward the safe reopening of K-12 schools as well as colleges and universities.

Accordingly, the State enacted budget for the 2021-2022 fiscal year is more expansive (about 10% higher) than the prior budget, including significantly increased funding for schools and local governments. School districts will benefit from a \$1.4 billion increase in Foundation Aid and a three-year Foundation Aid full restoration phase-in that will allow all school districts to receive the increased level of Foundation Aid that was originally promised in 2007, along with a \$105 million expansion of full-day prekindergarten. Local governments will receive a full restoration of proposed cuts to Aid and Incentives for Municipalities (AIM) funding. Further, municipalities that host Video Lottery Terminal (VLT) facilities will receive a full restoration of \$10.3 million in proposed VLT aid cuts.

Although the 2021-2022 budget contains additional aid for school districts and municipalities, it is uncertain whether the State will have future budget shortfalls necessitating cuts to State aid. Reductions in the payment of State aid could adversely affect the financial condition of school districts in the State, including the District. See “COVID-19,” herein, for further details on such pandemic and its effects on the State.

The District presently anticipates an increase in its State aid not related to building aid for its 2021-22 fiscal year in an amount of \$476,678.

The Enacted State Budget for the 2021-22 fiscal year provides \$19.84 million of State Aid to the District, a 0.69% decrease from the District's 2020-21 school year.

It should also be noted that the District receives federal aid for certain programs. In its last audited fiscal year, the District received \$179,180 in such direct federal aid. It is not possible to predict whether such aid will continue in the future, or if continued, whether it will be funded at present levels.

The District cannot predict at this time whether there will be any reductions in and/or delays in the receipt of State aid during the District's 2020-21 and 2021-22 fiscal year. The District believes that it would mitigate the impact of any delays or the reduction in State aid by reducing expenditures, increasing revenues, appropriating other available funds on hand, and/or by any combination of the foregoing.

The following table sets forth total general fund revenues and State aid revenues during the last five audited fiscal years and the amounts budgeted for the current and ensuing fiscal year.

TABLE 4
State Aid Revenue

<u>Fiscal Year</u>	<u>Total Revenues</u>	<u>State Aid</u>	<u>State Aid to Revenues</u>
2016	\$31,982,198	\$17,909,449	56.0%

Independent Audit

The District retains independent certified public accountants to audit its financial statements. Appendix C to the Official Statement presents a copy of the District's most recent audited financial report. In addition, the District is subject to audit by the State Comptroller to review compliance with legal requirements and the rules and regulations established by the State.

Fund Structure and Accounts

The General Fund is the general operating fund for the District and is used to account for substantially all revenues and expenditures of the District. The District also maintains a special aid fund, school lunch fund and debt service fund. In addition, a capital projects fund is used to record capital facilities while a trust and agency fund accounts for assets received by the District in a fiduciary capacity.

Basis of Accounting

The District's governmental funds are accounted for on a modified accrual basis whereby revenues, other than those susceptible ("measurable" and "available" to finance current operations) to accrual, are recorded when received in cash. Revenues susceptible to accrual include real property taxes and State aid. The District generally records expenditures on the accrual basis when fund liabilities are incurred, except in the case of: interest on general obligation debt which is recorded when it becomes due. Unfunded pension costs are recognized as expenditure when billed by the State. Accumulated vacation and sick leave are also accounted for in the general long-term debt account group. Inventories are generally not recorded but expensed at the time of purchase; food and supplies in school lunch are inventoried and carried at values which approximate market. Fixed assets are recorded at replacement cost as determined by appraisal; there is no provision for depreciation expense.

Budgetary Procedure

The District's fiscal year begins on July 1 and ends on June 30. Starting in the fall or winter of each year, the District's financial plan and enrollment projection are reviewed and updated and the first draft of the next year's proposed budget is developed by the central office staff. During winter and early spring the budget is developed and refined in conjunction with the school building principals and department supervisors. Under current law, the budget is submitted to voter referendum on the third Tuesday in May each year. A summary of the District's budget for 2020-21 and 2021-22 is shown in Appendix B.

On May 18, 2021, the qualified voters of the District approved the District's budget for the 2021-2022 fiscal year.

TAX INFORMATION

Real Property Tax Assessments and Rates

The District derives its power to levy an *ad valorem* real property tax from the State Constitution; methods and procedures to levy, collect and enforce this tax are governed by the Real Property Tax Law. Real property assessment rolls used by the District are prepared by the City of Tonawanda. Assessment valuations are determined by the City assessor and the State Board of Equalization and Assessment which is responsible for certain utility and railroad property. In addition, the State Office of Equalization and Assessment annually establishes State Equalization Rates for all localities in the State, which are determined by statistical sampling of market sales/assessment studies. The equalization rates are used in the calculation and distribution of certain State aids and are used by many localities in the calculation of debt contracting and real property taxing limitations. The District is not subject to constitutional real property taxing limitations.

The State Comptroller's Fiscal Stress Monitoring System

The New York State Comptroller has reported that certain of the State's school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district's ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "significant fiscal stress", in "moderate fiscal stress," as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, it means that the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of the State Comptroller designates the District as "No Designation" (see <https://www.osc.state.ny.us/files/local-government/fiscal-monitoring/pdf/2020-school-summary-list.pdf>).

New York State Comptroller's Audit

School districts throughout the State can be subject to an audit of the New York State Office of the Comptroller ("OSC") pursuant to Article V, Section 1 of the State Constitution and the State Comptroller's authority as set forth in Article 3 of the State GML.

On February 3, 2017, the OSC released an audit of the District to evaluate the District's financial management practices for the period July 1, 2012 through July 22, 2016. The audit found that the District appropriated fund balance to help finance operations, but it was not needed because the District's budgeting practices produced operating surpluses, and the District's 2015-16 year-end unrestricted fund balance was 9.1 percent of 2016-17 budgeted appropriations, which exceeded the statutory limit by 5 percentage points. The OSC recommended the District that it to adopt budgets that better reflect the District's operating needs and use surplus funds as a financing source for funding one-time expenditures, funding needed reserves or reducing District property taxes, and to ensure that unrestricted fund balance at fiscal year-end does not exceed the statutory limit.

The link to the most recent OSC report is as follows:

<https://www.osc.state.ny.us/local-government/audits/school-district/2017/02/03/tonawanda-city-school-district-financial-management-2016m-370>

The OSC has not conducted any other audits of the District in the past five years.

Tax Limit

The State Constitution does not limit the amount that may be raised by the District-wide tax levy on real estate in any fiscal year. The District is not subject to constitutional real property taxing limitations. See, however, the discussion below regarding the "Tax Levy Limitation Law."

Tax Levy Limitation Law

On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor (the "Tax Levy Limitation Law"). The Tax Levy Limitation Law applies to all local governments, including school

districts (with the exception of New York City, and the counties comprising New York City). The discussion herein does not include school districts in New York City, Buffalo, Rochester, Syracuse, or Yonkers.

On June 25, 2015, Chapter 20 of the 2015 Laws of New York (“Chapter 20”) amended the Tax Levy Limitation Law to extend its expiration from June 15, 2016 to June 15, 2020. Chapter 20 also affects the calculation of tax base growth factor and exclusions available to school districts, and introduces a new real property tax rebate, as outlined below.

Prior to the enactment of the Tax Levy Limitation Law, there was no statutory limitation on the amount of real property taxes that a school district could levy as part of its budget if its budget had been approved by a simple majority of its voters. In the event the budget had been defeated by the voters, the school district was required to adopt a contingency budget. Under a contingency budget, school budget increases were limited to the lesser of four percent (4%) of the prior year’s budget or one hundred twenty percent (120%) of the consumer price index (“CPI”).

The Tax Levy Limitation Law restricts, among other things, the amount of real property taxes that may be levied by or on behalf of a school district in a particular year. Pursuant to the Tax Levy Limitation Law, the tax levy of a school district cannot increase by more than the lesser of (i) two percent (2%) or (ii) the annual increase in the CPI, over the amount of the prior year’s tax levy. Certain adjustments are permitted for taxable real property full valuation increases or changes in physical or quantity growth in the real property base as defined in Section 1220 of the Real Property Tax Law. Chapter 20 additionally allows the State Commissioner of Taxation and Finance to adjust for changes in the real property base to reflect development on tax exempt real property.

Beginning with the 2012-13 fiscal year, school districts have had to submit their proposed tax levies to the voters each year. A school district could exceed the tax levy limitation for the coming fiscal year only if the voters of such school district first approve a budget by at least 60% affirmative vote of those voting to override such limitation for such coming fiscal year only. Tax levies that do not exceed the limitation only require approval by at least a simple majority of those voting. In the event that a budget is defeated and not re-proposed, or in the event of two budget vote defeats in the same year, a school district may not levy taxes in an amount greater than the amount levied in the most recent year when a budget was approved. A school district’s calculation of each fiscal year’s tax levy limit is subject to review by the Commissioner of Education and the Commissioner of Taxation and Finance prior to adoption of each fiscal year’s budget.

There are exceptions for school districts to the tax levy limitation provided in the Tax Levy Limitation Law, including expenditures made on account of certain tort settlements and certain increases in the average actuarial contribution rates of the New York State and Local Employees’ Retirement System, and the Teachers’ Retirement System. School districts are also permitted to carry forward a certain portion of their unused levy limitation from a prior year.

There is also an exception for school districts for “Capital Local Expenditures” subject to voter approval where required by law “Capital Local Expenditures” do not include certain items for which a school district may issue debt including the payment of judgments or settled claims, including tax certiorari payments, and cashflow borrowings including tax anticipation notes, revenue anticipation notes, budget notes and deficiency notes. “Capital Local Expenditures” are defined as “the taxes associated with budgeted expenditures resulting from the financing, refinancing, acquisition, design, construction, reconstruction, rehabilitation, improvement, furnishing and equipping of or otherwise providing for school district capital facilities or school district capital equipment, including debt service and lease expenditures, and transportation capital debt service, subject to the approval of the qualified voters where required by law”. Chapter 20 also allows the State Commissioner of Taxation and Finance to adjust the exclusion to reflect a school district’s share of capital expenditures related to projects funded through a board of cooperative educational services (“BOCES”); however, such regulations have not yet been promulgated as of the date of this Official Statement. The portion of the tax levy necessary to support “Capital Local Expenditures” is defined as the “Capital Tax Levy”, and this is an exclusion from the tax levy limitation (except in a case

when the District would be prohibited from raising the tax levy amount at all due budget vote results, as explained above).

Tax Collection Procedure

Real property taxes are levied annually by the Board no later than September 1 and become a lien on October 1.

The City enforces uncollected real property taxes. An amount representing all uncollected real property taxes must be transmitted by the City to the District within two years from the return of unpaid taxes to the City. Real property taxes receivable expected to be collected within 60 days of the year end, less similar amounts collected during this period in the preceding year, are recognized as revenue. Otherwise, deferred revenues offset real property taxes receivable.

STAR - School Tax Exemption

The STAR (School Tax Relief) program provides State-funded exemptions from school property taxes to homeowners for their primary residences. School districts are reimbursed by the State for real property taxes exempted pursuant to the STAR Program.

For the 2021-22 school levy year, homeowners subject to certain household income limitations are eligible for an enhanced exemption and basic exemption as follows:

	<u>Enhanced</u>	<u>Basic</u>
	<u>Exemption</u>	<u>Exemption</u>
City of Tonawanda	\$65,040	\$27,600
<i>Date Certified: 4/09/21</i>		

The enhanced or basic STAR exemption is the amount that an assessment will be reduced prior to the levy of school taxes. For example, if a home is assessed at \$150,000 and the enhanced STAR exemption for a municipality is \$50,000, the school taxes on the property would be paid on a taxable assessment of \$100,000 (\$150,000 - \$50,000 = \$100,000).

Since the 2011-12 school tax bills, there has been a 2% limit on STAR savings increases, the savings results from the Basic or Enhanced STAR exemptions are limited to a 2% increase over the prior year. When school districts initially calculate their tax bills, for each municipal segment they will compare the amount of STAR savings to the maximum. If the STAR savings exceeded the maximum, the school district will use the maximum when calculating tax bills for the segment.

Part A of Chapter 60 of the Laws of 2016 of the State of New York (“Chapter 60”) generally converts the STAR program from a real property tax exemption in personal income tax credit. While the dollar benefit to eligible taxpayers did not change, Chapter 60 prohibited new STAR exemptions from being granted to homeowners who took title after taxable status date for the assessment roll used to levy taxes for the 2015-2016 school year. Instead, a taxpayer who is eligible for the new credit will receive a check from the State equal to the amount by which the STAR exemption would have reduced his or her school tax bill.

The 2019-20 State Budget made several changes to the STAR program, which were intended to encourage homeowners to switch from the STAR exemption to the STAR credit. For those homeowners with incomes over \$250,000, the STAR benefit was capped at the 2019 fiscal year level, rather than allowed to grow up by 2% annually under the STAR credit program. Those homeowners with incomes between \$250,000 and \$500,000 are able to convert to the STAR credit program to maintain the full STAR benefit.

The maximum savings for the City within the District for the 2021-22 fiscal year is as follows:

	Basic	Enhanced
	Maximum	Maximum
<u>Municipality:</u>	<u>Savings</u>	<u>Savings</u>
City of Tonawanda	\$465	\$1,078
<i>Updated: 3/26/21</i>		

The District expects to receive full reimbursement of such exempt taxes from the State during the current fiscal year.

Largest Taxpayers for the 2020-21 Fiscal Year

The following table presents the taxable assessments of the District's largest taxpayers from the 2020 tax roll for the 2020-21 fiscal year.

DISTRICT INDEBTEDNESS

Constitutional and Statutory Requirements

The New York State Constitution limits the power of the District (and other municipalities and school districts of the State) to issue obligations and to otherwise contract indebtedness. Such constitutional limitations include the following, in summary form, and are generally applicable to the District and the Notes.

Purpose and Pledge

The District shall not give or loan any money or property to or in aid of any individual or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The District may contract indebtedness only for a District purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

Payment and Maturity

Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the period of probable usefulness of the object or purpose determined by statute; no installment may be more than fifty per centum in excess of the smallest prior installment, unless the District has authorized the issuance of indebtedness having substantially level or declining annual debt service. The District is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts

required in such year for amortization and redemption of its serial bonds, bond anticipation notes and capital notes.

General

The District is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness to prevent abuses in the exercise of such power; however, as has been noted under "THE NOTES - Nature of Obligation", the State Legislature is prohibited by a specific constitutional provision from restricting the power of the District to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted.

Statutory Procedure

In general, the State Legislature has, by enactment of the Local Finance Law, authorized the power and procedure for the District to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Education Law.

The District is generally required by such laws to submit propositions for the approval of bond resolutions involving the borrowing of money for capital purposes to the qualified voters of the District. With respect to certain school building construction projects, the District is not permitted to spend in excess of \$100,000 until the plans and specifications for such projects have been approved by the Commissioner of Education of the State.

The Local Finance Law also provides a twenty-day statute of limitations after publication of a bond resolution, together with a statutory form of notice which, in effect, estops legal challenges to the validity of obligations authorized by such bond resolution, except for alleged constitutional violations. The District typically complies with estoppel procedure. It is a procedure that is recommended by Bond Counsel, but is not an absolute requirement.

The Board, as the finance board of the District, has the power to authorize the sale and issuance of bonds and notes, including the Notes. However, such finance board may delegate the power to sell the Notes to the President of the Board of Education, the chief fiscal officer of the District, pursuant to the Local Finance Law.

Debt Limit

The District has the power to contract indebtedness for any District purpose so long as the principal amount thereof shall not exceed five per centum of the average full valuation of taxable real estate of the District, subject to certain enumerated deductions. The constitutional and statutory method for determining full valuation is by taking the assessed valuation of taxable real estate for the last completed assessment roll and applying thereto the special equalization ratio which such assessed valuation bears to the full valuation as determined by the State Office of Real Property Services. The State Legislature is required to prescribe the manner by which such ratio shall be determined. Average full valuation is determined by taking the sum of the last five complete assessment rolls and dividing such sum by five.

TABLE 8
Computation of Debt Limit

<u>Fiscal Year:</u>	<u>Full Valuation</u> ⁽¹⁾
2016-17	\$732,788,012
2017-18	760,184,595
2018-19	923,712,712
2019-20	823,624,562
2020-21	<u>844,249,490</u>
Total Five-Year Valuation	\$4,084,559,371
Average Five-Year Full Valuation	\$816,911,874
Debt Limit - 5% of Average Full Valuation	\$40,845,594

(1) The amounts shown as full valuation have been computed with the use of Special Equalization Ratios (See Table 6). Chapter 280 of the Laws of 1978 provides for the determination of special equalization ratios for city school districts, which normally has the effect of increasing the tax base of a city school district for the purpose of computing debt limits of such city school districts. Regular state equalization rates are also established by the State Office of Real Property Services and are used for all other purposes.

Statutory Debt Limit and Net Indebtedness

The following table sets forth the computation of the debt limit of the District and its debt contracting margin as of May 19, 2021.

TABLE 9
Statutory Debt Limit and Net Indebtedness

Average Full Valuation of Taxable Real Property	\$816,911,874
Debt Limit (5% of Average Full Valuation)	40,845,594
Inclusions:	
Serial Bonds	8,010,000
Bond Anticipation Notes	<u>549,766</u>
Gross Indebtedness	\$8,559,766
Exclusions and Deductions:	
Appropriations (Bond Principal Payment)	0
State Building Aid ⁽¹⁾	<u>0</u>
Gross Exclusions and Deductions	<u>\$ 0</u>
Total Net Indebtedness	<u>\$8,559,766</u>
Net Debt-Contracting Margin	<u>\$32,285,828</u>
Percentage of Debt Contracting Margin Exhausted	20.95%

(1) The District has received and expects to continue to receive State aid on a portion of existing indebtedness contracted for school building purposes pursuant to Section 121.20 of the Local Finance Law, but, under the Local Finance Law, as a small city school district, it is not permitted to deduct such anticipated State building aid from its outstanding indebtedness. However, as a matter of information, State aid for building purposes is currently estimated by District officials at 85.

Remedies Upon Default

Section 99-b of the State Finance Law (the "SFL") provides for a covenant between the State and the purchasers and the holders and owners from time to time of the bonds and notes issued by school districts in the State for school purposes that it will not repeal, revoke or rescind the provisions of Section 99-b of the SFL, or amend or modify the same so as to limit, impair or impede the rights and remedies granted thereby.

Such section provides that in the event a holder or owner of any bond or note issued by a school district for school purposes shall file with the State Comptroller a verified statement describing such bond or note and alleging default in the payment thereof or the interest thereon or both, it shall be the duty of the State Comptroller to immediately investigate the circumstances of the alleged default and prepare and file in his office a certificate setting forth his determinations with respect thereto and to serve a copy thereof by

registered mail upon the chief fiscal officer of the school district which issued the bond or note. Such investigation by the State Comptroller shall set forth a description of all such bonds and notes of the school district found to be in default and the amount of principal and interest thereon past due.

Upon the filing of such a certificate in the office of the State Comptroller, he shall thereafter deduct and withhold from the next succeeding allotment, apportionment or payment of such State aid or assistance due to such school district such amount thereof as may be required to pay (a) the school district's contribution to the State Teachers' Retirement System, and (b) the principal of and interest on such bonds and notes of such school district then in default. In the event such State aid or assistance initially so withheld shall be insufficient to pay such amounts in full, the State Comptroller shall similarly deduct and withhold from each succeeding allotment, apportionment or payment of such State aid or assistance due such school district such amount or amounts thereof as may be required to cure such default. Allotments, apportionments and payments of such State aid so deducted or withheld by the State Comptroller for the payment of principal and interest on the bonds and notes shall be forwarded promptly to the paying agent or agents for the bonds and notes in default of such school district for the sole purpose of the payment of defaulted principal of and interest on such bonds or notes. If any such successive allotments, apportionments or payment of such State aid so deducted or withheld shall be less than the amount of all principal and interest on the bonds and notes in default with respect to which the same was so deducted or withheld, then the State Comptroller shall promptly forward to each paying agent an amount in the proportion that the amount of such bonds and notes in default payable to such paying agent bears to the total amount of the principal and interest then in default on such bonds and notes of such school district. The State Comptroller shall promptly notify the chief fiscal officer of such school district of any payment or payments made to any paying agent or agents of defaulted bonds or notes pursuant to such provision of the SFL.

Under current law, provision is made for contract creditors (including the holders of the Notes) of the District to enforce payments upon such contracts, if necessary, through court action, although the present statute limits interest on the amount adjudged due to creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation servicing the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment, although judicial mandates have been issued to officials to appropriate and pay judgments out of current funds or the proceeds of a tax levy.

In recent times, certain events and legislation affecting remedies on default have resulted in litigation. While courts of final jurisdiction have upheld and sustained the rights of bondholders, such courts might hold that future events including financial crises as they may occur in the State and in municipalities of the State require the exercise by the State of its emergency and police powers to assure the continuation of essential public services.

There is in the State Constitution, Article VIII, Section 2, the following provision relating to the annual appropriation of monies for the payment of due principal of and interest on indebtedness of every county, city, town, village and school district in the State: "If at any time the respective appropriating authorities shall fail to make such appropriations, a sufficient sum shall be set apart from the first revenues thereafter received and shall be applied to such purposes. The fiscal officer of any county, city, town, village or school district may be required to set aside and apply such revenues as aforesaid at the suit of any holder of obligations issued for such indebtedness."

The constitutional provision providing for first revenue set asides does not apply to tax anticipation notes, revenue anticipation notes, or bond anticipation notes.

No principal or interest payment on District indebtedness is past due. The District has never defaulted in the payment of the principal of and interest on any indebtedness.

Trend of Outstanding Indebtedness

The following table provides information relating to direct capital outstanding indebtedness as follows:

TABLE 10
Outstanding Bond Indebtedness

FYE			Total
<u>June 30:</u>	<u>Bonds</u>	<u>Notes</u>	<u>Outstanding</u>
2016	\$11,705,000	\$10,195,000	\$21,900,000
2017	19,305,000	0	19,305,000
2018	16,180,000	0	16,180,000
2019	13,845,000	0	13,845,000
2020	10,975,000	549,766	11,524,766

Overlapping and Underlying Debt

In addition to the District, other political subdivisions have the power to issue bonds and to levy taxes or cause taxes to be levied on taxable real property in the District. The real property taxpayers of the District are responsible for a proportionate share of outstanding debt obligations of these subdivisions. Such taxpayers' share of overlapping and underlying debt is based on the amount of the District's equalized property values taken as a percentage of each separate unit's total values. The following table presents the amount of overlapping and underlying debt and the District's share of this debt. Authorized but unissued debt has not been included.

TABLE 11
Statement of Direct and Overlapping Indebtedness

<u>Overlapping Units</u>	<u>As of</u>	<u>Total Net</u>	<u>Percentage</u>	<u>Applicable Net</u>
		<u>Indebtedness</u>	<u>Applicable</u>	<u>Indebtedness</u>
County of Erie	09/01/2020	\$327,310,000	1.23%	\$4,058,644
City of Tonawanda	05/05/2020	62,624,896	100%	<u>62,624,896</u>
Total Net Overlapping Debt				\$66,650,809
Net Direct Debt				<u>\$8,559,766</u>
Total Net Direct and Overlapping Debt				<u>\$75,210,575</u>

Source: Official Statements.

Debt Ratios

The following table presents certain debt ratios relating to the District's direct and overlapping indebtedness.

TABLE 12
Debt Ratios

	<u>Amount</u>	<u>Debt Per</u>	<u>Debt to</u>
		<u>Capita</u> ⁽¹⁾	<u>Full Value</u> ⁽²⁾
Net Direct Debt	\$8,559,766	\$566	1.13%
Net Direct and Overlapping Debt	\$75,210,575	\$4,971	9.93%

⁽¹⁾ The population of the District is estimated by District officials to be approximately 15,130.

⁽²⁾ The District's full value of taxable real property based on special equalization rates in 2020-21 is \$757,713,917.

Bond Anticipation Notes

Following the issuance of the Notes, the District will have \$20,294,290 in outstanding bond anticipation notes which will mature on June 16, 2022.

Authorized but Unissued Indebtedness

On October 22, 2019, the qualified voters of the District authorized a \$53,469,266 TONA2020: Elementary School Improvements and Consolidation Project, which is being financed using combination of reserve funds, available funds of the district, and the issuance of serial bonds. Following the issuance of the Notes, the District will have \$27,469,266 of authorized but unissued indebtedness for such TONA2020 project, which is one of the projects for which the Notes are being issued.

Debt Service Schedule

The following table shows the debt service requirements to maturity on the District’s outstanding bonded indebtedness as of May 19, 2021.

TABLE 13
Schedule of Principal and Interest on Long-Term Bond Indebtedness

<u>Fiscal Year</u> <u>Ending June 30</u>	<u>Total</u> <u>Principal</u>	<u>Total</u> <u>Interest</u>	<u>Total</u>
2022	1,215,000	305,925	1,520,925

LITIGATION

In common with other school districts, the District from time to time receives notices of claim and is party to litigation. In the opinion of the District after consultations with its attorneys, unless otherwise set forth herein and apart from matters provided for by applicable insurance coverage, there are no claims or action pending which, if determined against the District, would have an adverse material effect on the financial condition of the District.
