

**NEW AND RENEWAL ISSUE****BOND ANTICIPATION NOTES**

*In the opinion of Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, under existing statutes, regulations, rulings, and court decisions, and assuming continuing compliance with certain tax certifications described herein, interest on the Notes is excluded from gross income for federal income tax purposes under section 103 of the Internal Revenue Code of 1986 (the "Code"), as amended. Bond Counsel is also of the opinion that the interest on the Notes is not treated as an item of tax preference for purposes of the federal alternative minimum tax imposed on individuals. Furthermore, Bond Counsel is of the opinion that, under existing statutes, interest on the Notes is exempt from personal income taxes imposed by New York State and any political subdivision thereof. See "TAX EXEMPTION" herein.*

*The Notes will NOT be designated by the Town as "qualified tax-exempt obligations" pursuant to Section 265(b)(3) of the Code.*

**TOWN OF GRAND ISLAND  
ERIE COUNTY, NEW YORK****\$27,556,100  
BOND ANTICIPATION NOTES, 2021  
(the "Notes")****Date of Issue: October 7, 2021****Maturity Date: October 7, 2022**

The Notes are general obligations of the Town of Grand Island, Erie County, New York (the "Town"). The Town has pledged its faith and credit for the payment of the principal of and interest on the Notes and, unless paid from other sources, the Notes are payable from *ad valorem* taxes which may be levied upon all the taxable real property within the Town, without limitation as to rate or amount, subject to certain statutory limitations imposed by Chapter 97 of the 2011 Laws of New York (the "Tax Levy Limitation Law"). (See "THE NOTES - Tax Levy Limitation Law" herein).

The Notes will be issued as registered notes, and at the option of the purchaser, may be registered to the Depository Trust Company ("DTC or the "Securities Depository"), or may be registered in the name of the purchaser.

If the Notes will be issued through DTC and, to the extent so issued, the Notes will be registered in the name of Cede & Co., as nominee of DTC in New York, New York, which will act as Securities Depository for the Notes. Individual purchases will be made in book-entry-only form, in the principal amount of \$5,000 or integral multiples thereof, except for one necessary odd denomination, as may be determined by such successful bidder(s). Purchasers of the Notes will not receive certificates representing their ownership interest in the Notes. Payments of principal of and interest on the Notes will be made by the Town to DTC, which will in turn remit such principal and interest to its Participants, for subsequent distribution to the Beneficial Owners of the Notes.

To the extent that the Notes are registered in the name of the purchaser, principal of and interest on the Notes will be payable in Federal Funds at such bank(s) or trust company(ies) located and authorized to do business in the State of New York as may be selected by the successful bidder. In such case, the Notes will be issued in registered form in denominations of \$5,000 or integral multiples thereof, except for one necessary odd denomination, as may be determined by such successful bidder(s).

The Notes are dated October 7, 2021 and will bear interest from that date until October 7, 2022, the maturity date, at the annual rate as specified by the purchaser of the Notes.

The Notes are offered when, as and if issued and received by the purchaser(s) and subject to the final approving opinion of Hodgson Russ LLP of Buffalo, New York, Bond Counsel. It is anticipated that the Notes will be available for delivery on or about the Date of Issue shown above.

Hodgson Russ LLP has not participated in the preparation of the demographic, financial or statistical data contained in this Official Statement, nor verified the accuracy, completeness or fairness thereof, and, accordingly, expresses no opinion with respect thereto.

THE TOWN DEEMS THIS OFFICIAL STATEMENT TO BE FINAL FOR PURPOSES OF SECURITIES AND EXCHANGE COMMISSION RULE 15c2-12 (THE "RULE"), EXCEPT FOR CERTAIN INFORMATION THAT HAS BEEN OMITTED HEREFROM IN ACCORDANCE WITH THE RULE AND THAT WILL BE SUPPLIED WHEN THIS OFFICIAL STATEMENT IS UPDATED FOLLOWING THE SALE OF THE NOTES HEREIN DESCRIBED. THIS OFFICIAL STATEMENT WILL BE SO UPDATED UPON REQUEST OF THE SUCCESSFUL BIDDER(S) AS MORE FULLY DESCRIBED IN THE NOTICE OF SALE. UNLESS THE NOTES ARE PURCHASED FOR THE BUYER'S OWN ACCOUNT AS PRINCIPAL FOR INVESTMENT AND NOT FOR RESALE, THE TOWN WILL COVENANT IN AN UNDERTAKING TO PROVIDE CERTAIN CONTINUING DISCLOSURE PURSUANT TO THE RULE. SEE "DISCLOSURE UNDERTAKING," HEREIN.

**THE NOTES**

*Description*

The Notes will be issued as registered notes, and at the option of the purchaser, may be registered to the Depository Trust Company ("DTC" or the "Securities Depository"), or may be registered in the name of the purchaser.

To the extent that the Notes are issued through DTC, the Notes will be registered in the name of Cede & Co., as nominee of DTC in New York, New York, which will act as Securities Depository for the Notes. Individual purchases will be made in book-entry-only form, in the principal amount of \$5,000 or integral multiples thereof, except for one necessary odd denomination, as may be determined by such successful bidder. Purchasers of the Notes will not receive certificates representing their ownership interest in the Notes. Payments of principal and interest on the Notes will be made by the Town to DTC, which will in turn remit such principal and interest to its Participants, for subsequent distribution to the Beneficial Owners of the Notes.

If the Notes are registered in the name of the purchaser, principal of and interest on the Notes will be payable in Federal Funds at such bank(s) or trust company(ies) located and authorized to do business in the State of New York as may be selected by the successful bidder(s). In such case, the Notes will be issued in registered form in denominations of \$5,000, or multiples thereof, except for one necessary odd denomination, as may be determined by such successful bidder(s).

The Notes will be dated October 7, 2021 and will bear interest from that date until October 7, 2022, the maturity date, at the annual rate as specified by the purchaser(s) of the Notes. The Notes are not subject to redemption prior to maturity.

### ***Authorizations for and Purposes of Issue***

The Notes are being issued pursuant to the Constitution and Laws of the State, including among others, the Town Law and the Local Finance Law, and pursuant to various bond resolutions that were duly adopted by the Town Board on their respective dates, authorizing the issuance of serial bonds (and notes in anticipation thereof) for various capital projects in and for the Town. The proceeds of the Notes, along with appropriated funds and available cash in the amount of \$2,612,150 will be used to redeem and renew, in part, the applicable portion of a bond anticipation note of the Town that was issued on October 8, 2020 and to provide \$3,145,000 in new money for various projects. Such projects, and their respective amounts, are described below:

### ***No Optional Redemption***

The Notes are not subject to redemption prior to maturity.

### ***Nature of Obligation***

The Notes, when duly issued and paid for, will constitute a contract between the Town and the holder(s) thereof.

The Notes will be general obligations of the Town and will contain a pledge of the faith and credit of the Town for the payment of the principal thereof and the interest thereon. For the payment of such principal and interest, the Town has the power and statutory authorization to levy *ad valorem* taxes on all taxable real property in the Town, without limitation as to rate or amount (subject to certain statutory limitations imposed by the Tax Levy Limitation Law); see "THE NOTES-Tax Levy Limitation Law," herein.

Under the Constitution of the State, the Town is required to pledge its faith and credit for the payment of the principal of and interest on the Notes, and the State is specifically precluded from restricting the power of the Town to levy taxes on real estate therefor. On June 24, 2011, the Tax Levy Limitation Law was adopted in the State. The Tax Levy Limitation Law established certain limitations on the power of local governments and school districts to increase the property tax levy beyond certain prescribed limits (without following certain prescribed procedures). The Tax Levy Limitation Law had its first application with respect to the Town's budget for fiscal year 2012-13. The Tax Levy Limitation Law does make certain allowances for the exclusion of tax levy increases associated with capital expenses by school districts. See "THE NOTES-Tax Levy Limitation Law," herein. Also, certain special protective procedures and remedies available to holders of school district debt remain in place and are not affected by the Tax Levy Limitation Law. See "TOWN INDEBTEDNESS—Remedies Upon Default," herein.

### ***Tax Levy Limitation Law***

On June 24, 2011, Chapter 97 of the Laws of 2011 was signed into law by the Governor (the "Tax Levy Limitation Law"). The Tax Levy Limitation Law applies to all local governments, including school districts (with the exception of New York City, the counties comprising New York City and the Big 5 City School Districts (Buffalo, Rochester, Syracuse, Yonkers and New York). It also applies to independent special districts and to town and county improvement districts as part of their parent municipalities' tax levies.

On April 12, 2020, the enacted State budget legislation for fiscal year 2020 made the Tax Levy Limitation Law permanent.

The Tax Levy Limitation Law restricts, among other things, the amount of real property taxes (including assessments of certain special improvement districts) that may be levied by or on behalf of a municipality in a particular year, beginning with fiscal years commencing on or after January 1, 2012. Pursuant to the Tax Levy Limitation Law, the tax levy of a municipality cannot increase by more than the lesser of (i) two percent (2%) or (ii) the annual increase in the consumer price index ("CPI"), over the amount of the prior year's tax levy. Certain adjustments would be permitted for taxable real property full valuation increases or changes in physical or quantity growth in the real property base as defined in Section 1220 of the Real Property Tax Law. While the Tax Levy Limitation Law as originally enacted only allowed adjustment for development of taxable land, Chapter 20 of the Laws of 2015 allows the Commissioner of Taxation and Finance to adjust the calculation based on the development on tax exempt land. As of the date of this Official Statement, however, no such regulations have been promulgated.

A municipality may exceed the tax levy limitation for the coming fiscal year only if the governing body of such municipality first enacts, by at least a sixty percent vote of the total voting strength of the board, a local law (resolution in the case of fire districts and certain special districts) to override such limitation for such coming fiscal year only. There are permissible exceptions to the tax levy limitation provided in the Tax Levy Limitation Law, including expenditures made on account of certain tort settlements and certain increases in the average actuarial contribution rates of the New York State and Local Employees' Retirement System, the Police and Fire Retirement System, and the Teachers' Retirement System. Municipalities are also permitted to carry forward a certain portion of their unused levy limitation from a prior year. Each municipality prior to adoption of each fiscal year budget must submit for review to the State Comptroller any information that is necessary in the calculation of its tax levy for each fiscal year.

The Tax Levy Limitation Law does not contain an exception from the levy limitation for the payment of debt service on either outstanding general obligation debt of municipalities or such debt incurred after the effective date of the tax levy limitation provisions.

Article 8 Section 2 of the State Constitution requires every issuer of general obligation notes and bonds in the State to pledge its faith and credit for the payment of the principal thereof and the interest thereon. This has been interpreted by the Court of Appeals, the State's highest court, in *Flushing National Bank v. Municipal Assistance Corporation for the City of New York*, 40 N.Y.2d 731 (1976), as follows:

“A pledge of the city's faith and credit is both a commitment to pay and a commitment of the city's revenue generating powers to produce the funds to pay. Hence, an obligation containing a pledge of the City's “faith and credit” is secured by a promise both to pay and to use in good faith the city's general revenue powers to produce sufficient funds to pay the principal and interest of the obligation as it becomes due. That is why both words, “faith” and “credit”, are used and they are not tautological. That is what the words say and that is what courts have held they mean.”

Article 8 Section 12 of the State Constitution specifically provides as follows:

“It shall be the duty of the legislature, subject to the provisions of this constitution, to restrict the power of taxation, assessment, borrowing money, contracting indebtedness, and loaning the credit of counties, cities, towns and villages, so as to prevent abuses in taxation and assessments and in contracting of indebtedness by them. Nothing in this article shall be construed to prevent the legislature from further restricting the powers herein specified of any county, city, town, village or school district to contract indebtedness or to levy taxes on real estate. The legislature shall not, however, restrict the power to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted.”

On the relationship of the Article 8 Section 2 requirement to pledge the faith and credit and the Article 8 Section 12 protection of the levy of real property taxes to pay debt service on bonds subject to the general obligation pledge, the Court of Appeals in the *Flushing National Bank* case stated:

“So, too, although the Legislature is given the duty to restrict municipalities in order to prevent abuses in taxation, assessment, and in contracting of indebtedness, it may not constrict the city's power to levy taxes on real estate for the payment of interest on or principal of indebtedness previously contracted....While phrased in permissive language, these provisions, when read together with the requirement of the pledge of faith and credit, express a constitutional imperative: debt obligations must be paid, even if tax limits be exceeded”.

In addition, the Court of Appeals in the *Flushing National Bank* case has held that the payment of debt service on outstanding general obligation bonds and notes takes precedence over fiscal emergencies and the police power of municipalities.

Therefore, while the Tax Levy Limitation Law may constrict an issuer's power to levy real property taxes for the payment of debt service on debt contracted after the effective date of the Tax Levy Limitation Law, it is clear that no statute is able to limit an issuer's (1) pledge of its faith and credit to the payment of any of its general obligation indebtedness or (2) levy of real property taxes to pay debt service on general obligation debt contracted prior to the effective date of the Tax Levy Limitation Law. Whether the Constitution grants a municipality authority to treat debt service payments as a constitutional exception to such statutory tax levy limitation outside of any statutorily determined tax levy amount is not clear.

It is possible that the Tax Levy Limitation Law will be subject to judicial review to resolve the constitutional issues raised by its adoption. Although courts in New York have historically been protective of the rights of holders of general obligation debt of political subdivisions, the outcome of any such legal challenge cannot be predicted.

### ***Book-Entry-Only System***

To the extent that the Notes are issued as book-entry notes, DTC will act as Securities Depository for the Notes. The Notes will be issued as fully-registered notes registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered note certificate will be issued for all of the Notes which bear the same rate of interest and CUSIP number and will be deposited with DTC.

DTC, the world's largest depository, is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments from over 100 countries that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC, in turn, is owned by a number of Direct Participants of DTC and Members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation, and Emerging Markets Clearing Corporation, (NSCC, GSCC, MBSCC, and EMCC, also subsidiaries of DTCC), as well as by the New York Stock Exchange, Inc., the American Stock Exchange LLC, and the National Association of Securities Dealers, Inc. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at [www.dtcc.com](http://www.dtcc.com).

Purchases of the Notes under the DTC system must be made by or through Direct Participants, which will receive a credit for the Notes on DTC's records. The ownership interest of each actual purchaser of each Note ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Notes are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Notes, except in the event that use of the book-entry system for the Notes is discontinued.

To facilitate subsequent transfers, all notes deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Notes with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners

of the Notes; DTC's records reflect only the identity of the Direct Participants to whose accounts such notes are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Principal and interest payments on the Notes will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Town, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC or the Town, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Town, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Notes at any time by giving reasonable notice to the Town. Under such circumstances, in the event that a successor depository is not obtained, note certificates are required to be printed and delivered.

The Town may decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, note certificates will be printed and delivered.

The information in this section concerning DTC and DTC's book-entry system has been obtained from sources that the Town believes to be reliable, but the Town takes no responsibility for the accuracy thereof.

THE TOWN CANNOT AND DOES NOT GIVE ANY ASSURANCE THAT DTC DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC WILL DISTRIBUTE TO THE BENEFICIAL OWNERS OF THE NOTES (1) PAYMENTS OF PRINCIPAL OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES (2) CONFIRMATIONS OF THEIR OWNERSHIP INTERESTS IN THE NOTES OR (3) OTHER NOTICES SENT TO DTC OR CEDE & CO., ITS PARTNERSHIP NOMINEE, AS THE REGISTERED OWNER OF THE NOTES, OR THAT THEY WILL DO SO ON A TIMELY BASIS, OR THAT DTC, DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS WILL SERVE AND ACT IN THE MANNER DESCRIBED IN THIS OFFICIAL STATEMENT.

THE TOWN WILL NOT HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC, THE DIRECT PARTICIPANTS, THE INDIRECT PARTICIPANTS OF DTC OR THE BENEFICIAL OWNERS WITH RESPECT TO: (1) THE ACCURACY OF ANY RECORDS MAINTAINED BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC; (2) THE PAYMENT BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT OF THE PRINCIPAL AMOUNT OF OR INTEREST OR REDEMPTION PREMIUM ON THE NOTES; (3) THE DELIVERY BY DTC OR ANY DIRECT PARTICIPANTS OR INDIRECT PARTICIPANTS OF DTC OF ANY NOTICE TO ANY BENEFICIAL OWNER THAT IS REQUIRED OR PERMITTED TO BE GIVEN TO OWNERS; OR (4) ANY CONSENT GIVEN OR OTHER ACTION TAKEN BY DTC AS THE REGISTERED HOLDER OF THE NOTES.

THE INFORMATION CONTAINED HEREIN CONCERNING DTC AND ITS BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM DTC AND THE TOWN MAKES NO REPRESENTATION AS TO THE

COMPLETENESS OR THE ACCURACY OF SUCH INFORMATION OR AS TO THE ABSENCE OF MATERIAL ADVERSE CHANGES IN SUCH INFORMATION SUBSEQUENT TO THE DATE HEREOF.

### **MARKET FACTORS AFFECTING FINANCINGS OF THE STATE AND MUNICIPALITIES OF THE STATE**

The financial condition of the Town as well as the market for the Notes could be affected by a variety of factors, some of which are beyond the Town's control. There can be no assurance that adverse events in the State, including, for example, the seeking by a municipality of remedies pursuant to the Federal Bankruptcy Act or otherwise, will not occur which might affect the market price of and the market for the Notes. If a significant default or other financial crisis should occur in the affairs of the State or at any of its agencies or political subdivisions thereby further impairing the acceptability of obligations issued by borrowers within the State, both the ability of the Town to arrange for additional borrowings and the market for and market value of outstanding debt obligations, including the Notes, could be adversely affected.

Disease outbreaks or similar public health threats could have an adverse impact on the Town's financial condition and operating results. The outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus, was declared a pandemic by the World Health Organization on March 11, 2020. See "COVID-19" herein for a further discussion of the impacts of the COVID-19 pandemic, which could have a significant adverse effect on the Town's finances.

The Town is dependent in part on financial assistance from the State in the form of State aid. No delay in payment of State aid to the Town is presently anticipated although no assurance can be given that there will not be a delay in payment thereof. In some recent years, the Town received delayed payments of State aid, which resulted from the State's delay in adopting its budget and appropriating State aid to municipalities and school districts, and consequent delay in State borrowing to finance such appropriations.

The City of New York was an early epicenter of the COVID-19 pandemic in the United States, and as a result the State suffered significant revenue shortfalls and unanticipated expenses beginning at the end of the State's 2019-2020 fiscal year, and continuing during the State's 2020-2021 fiscal year.

In response, the enacted State budget for the 2020-21 fiscal year allowed the State to reduce expenditures (including aid to local school districts and municipalities) if tax receipts were lower than anticipated. Accordingly, in June, 2020 the State Division of the Budget ("DOB") began withholding 20 percent of most local aid payments, although such aid has generally since been restored.

Many of the State's 2020-2021 budget decisions were based on the uncertainty of future federal aid. In the period of time since such decisions were made, the \$1.9 trillion American Rescue Plan Act was signed into law (on March 11, 2021), which legislation includes almost \$24 billion in funding for various levels of government in the State, including approximately \$12.5 billion for the State, \$6 billion for New York City, and \$4 billion to be divided among counties in the State; another \$12 billion is intended to be used toward the safe reopening of K-12 schools as well as colleges and universities.

Accordingly, the State enacted budget for the 2021-2022 fiscal year is more expansive (about 10% higher) than the prior budget, including significantly increased funding for schools and local governments. School districts will benefit from a \$1.4 billion increase in Foundation Aid and a three-year Foundation Aid full restoration phase-in that will allow all school districts to receive the increased level of Foundation Aid that was originally promised in 2007, along with a \$105 million expansion of full-day prekindergarten. Local governments will receive a full restoration of proposed cuts to Aid and Incentives for Municipalities ("AIM") funding. Further, municipalities that host Video Lottery Terminal ("VLT") facilities will receive a full restoration of \$10.3 million in proposed VLT aid cuts.

Although the 2021-2022 budget contains additional aid for school districts and municipalities, it is uncertain whether the State will have future budget shortfalls necessitating cuts to State aid. Reductions in the payment of State aid could adversely affect the financial condition of municipalities in the State, including the Town. See "COVID-19," herein, for further details on the COVID-19 pandemic and its effects on the State.

Should the Town fail to receive moneys expected from the State in the amounts and at the times expected, the Town is authorized by the Local Finance Law to provide operating funds by borrowing in anticipation of the receipt of uncollected State aid.

The market for the Notes could also be affected if the Code were to be amended to reduce or eliminate the favorable tax treatment granted to municipal debt, including the Notes and other debt issued by the Town. See the discussion in "TAX EXEMPTION" herein.

## **COVID-19**

The outbreak of COVID-19, a serious respiratory disease caused by a novel strain of coronavirus, was declared a pandemic by the World Health Organization on March 11, 2020.

### **Economic Impacts**

The outbreak of COVID-19 has drastically affected travel, commerce and financial markets globally. As almost all nations have experienced a rise in infections and implemented containment measures that in the case of some nations (including the United States) have been drastic, economies have suffered in the extreme. While several vaccines have been developed and are now being deployed world-wide, the full impact of the pandemic is difficult to predict due to uncertainties regarding its duration and severity.

While initially the hospitality and tourism industries were hardest hit, within a short period of time there was widespread unemployment across all economic sectors in the United States.

Uncertainty regarding the short, medium and long-term effects of the COVID-19 pandemic initially caused extreme volatility across all financial markets, including the primary and secondary markets for municipal bonds. In the United States, Congress and the Federal Reserve took significant steps to backstop those markets and to provide much-needed liquidity, and markets have since generally stabilized. Still, given these conditions, it is possible that the process of trading the Notes in the secondary market could be affected in ways that are difficult to predict.

### **Federal Response**

The federal government has passed several pieces of legislation in response to the COVID-19 pandemic including the \$2.3 trillion Coronavirus Aid, Relief, and Economic Security ("CARES") Act of 2020 and the \$1.9 trillion American Rescue Plan Act ("ARP") Act of 2021, both of which provide funding for pandemic-related expenses and attempt to address financial stability and liquidity issues through a variety of stimulus measures.

Stimulus Efforts for State and Local Governments: The CARES Act included a \$150 billion Coronavirus Relief Fund, which provided funds to states, tribal governments and local governments with populations exceeding 500,000 (local governments with smaller populations could receive monies from the amount allocated to their state). This money was intended for programs that were necessary expenditures incurred due to the public health emergency resulting from the pandemic. This money was not intended to be used to directly account for revenue shortfalls due to the COVID-19 pandemic, but it could indirectly assist with revenue shortfalls in cases where the expenses that were covered by this fund would otherwise create a further budget shortfall.

The ARP Act includes an additional \$350 billion for states, tribal governments and local governments. Notably, in addition to the uses allowed under the CARES Act, ARP funds can be used to replace revenues lost due to COVID-19 and to make necessary investments in water, sewer or broadband infrastructure. These broader categories allow such governments much more flexibility in utilizing such funds.

Municipal Liquidity Facility: The Federal Reserve established a "Municipal Liquidity Facility" ("MLF") in 2020 that offered up to \$500 billion in direct federal lending to certain larger issuers, which were in turn able to use their own loan proceeds to make loans to included smaller governmental units that would not otherwise qualify for this program. The MLF expired on December 31, 2020. Most municipal issuers did not have to resort to the MLF

because rates have been conducive to issuing debt through the conventional municipal bond market; however, it is notable that the MLF existed as a market backstop if needed.

### **State Response**

Executive Orders: Pursuant to emergency powers granted by the State Legislature, former Governor Cuomo released a number of executive orders in response to the COVID-19 pandemic.

While initially “non-essential” employees were mandated to work from home, starting on May 15, 2020, regions of the State that met certain criteria were allowed to begin reopening. Reopening occurred in phases, with different businesses and industries allowed to open in each phase.

As COVID-19 cases began to rise again in the fall of 2020, the State shifted to a strategy based on identifying areas with higher positivity rates and implementing successively higher restrictions in such areas. Such areas were labeled “yellow”, “orange” or “red.” When COVID-19 cases dropped again, affected areas could be removed from the list. As of March 22, 2021, all remaining yellow zone cluster restrictions were lifted; therefore, there were no longer any areas of the State subject to special restrictions under such system.

Since increased supplies of COVID-19 vaccine have become available, the State has encouraged residents to get vaccinated and, as of April 6, 2021, all New Yorkers 16 years of age and older have been eligible to receive a vaccine.

As of June 15, 2021, the State reached the milestone of 70 percent of New Yorkers aged 18 or older having received the first dose of the COVID-19 vaccination series. Since then, the State’s health guidance and industry specific guidelines have been largely lifted, including social gathering limits, capacity restrictions, and social distancing requirements.

Up-to-date information on the State’s COVID-19 response can be found at <https://forward.ny.gov>. Reference to website implies no warranty of accuracy of information therein.

State Budget: The City of New York was an early epicenter of the COVID-19 pandemic in the United States, and as a result the State suffered significant revenue shortfalls and unanticipated expenses beginning at the end of the State’s 2019-2020 fiscal year, and continuing during the State’s 2020-2021 fiscal year.

In response, the enacted State budget for the 2020-21 fiscal year allowed the State to reduce expenditures (including aid to local school districts and municipalities) if tax receipts were lower than anticipated. Accordingly, in June, 2020 the State Division of the Budget (“DOB”) began withholding 20 percent of most local aid payments, although such aid has generally since been restored.

Many of the State’s 2020-2021 budget decisions were based on the uncertainty of future federal aid. In the period of time since such decisions were made, the \$1.9 trillion American Rescue Plan Act was signed into law (on March 11, 2021), which legislation includes almost \$24 billion in funding for various levels of government in the State, including approximately \$12.5 billion for the State, \$6 billion for New York City, and \$4 billion to be divided among counties in the State; another \$12 billion is intended to be used toward the safe reopening of K-12 schools as well as colleges and universities.

Further, municipalities that host Video Lottery Terminal (VLT) facilities will receive a full restoration of \$10.3 million in proposed VLT aid cuts.

Although the 2021-2022 budget contains additional aid for school districts and municipalities, it is uncertain whether the State will have future budget shortfalls necessitating cuts to State aid. Reductions in the payment of State aid could adversely affect the financial condition of municipalities in the State, including the Town.

Legislation Allowing Financial Flexibility for Municipalities and School Districts: On August 24, 2020, Governor Cuomo signed legislation allowing municipalities and school districts additional financial flexibility in response to the COVID-19 pandemic. Whereas municipalities and school districts in the State typically may only pursue short-term financing for five years, under certain circumstances the new legislation allows note financing for up to an additional two years prior to converting to long-term bonds.

The new legislation also allows municipalities and school districts additional flexibility related to the use of reserve funds or inter-fund transfers for costs associated with COVID-19. The typical mandatory or permissive referendum requirements for the expenditure of funds from a capital reserve fund have been waived for capital costs attributable to the COVID-19 pandemic. Moneys from a capital reserve fund can also be temporarily advanced for operating costs or other costs attributable to the COVID-19 pandemic, so long as such moneys are repaid within five fiscal years, with interest. Additionally, while inter-fund transfers must typically be repaid by the end of the fiscal year in which the transfer is made, inter-fund advances for costs attributable to the COVID-19 pandemic do not need to be repaid until the close of the following fiscal year.

### **Local Response**

The State Executive Law Section 24 contains procedures for local governments to declare local states of emergency and issue orders to implement the same. Specifically, in the event of a qualifying disaster or reasonable apprehension of immediate danger to the public safety, the municipal chief executive has the authority to declare a local state of emergency for a period of up to 30 days and issue orders to protect life and property or to bring the emergency situation under control. The Town had declared a local state of emergency on March 16, 2020 and renewed as necessary to end on June 7, 2021.

While the impacts of COVID-19 on the global, federal, State and local economy cannot be predicted with any certainty, the pandemic could have a significant adverse effect on the Town's finances.

The Town is continuing to monitor this situation and will attempt to mitigate any such adverse effects through program cuts or staffing reductions, as needed.

### **TAX EXEMPTION**

Hodgson Russ LLP, of Buffalo, New York, Bond Counsel, will deliver an opinion that, under existing law, the interest on the Notes is excluded from gross income of the holders thereof for federal income tax purposes and is not an item of tax preference for purposes of the individual alternative minimum tax imposed by the Internal Revenue Code (the "Code"). However, such opinion will note that the Town, by failing to comply with certain restrictions contained in the Code, may cause interest on the Notes to become subject to federal income taxation from the date of issuance of the Notes. Such opinion will state that interest on the Notes is exempt from personal income taxes imposed by New York State or any political subdivision thereof (including The City of New York).

In rendering the foregoing opinion, Hodgson Russ LLP will note that the exclusion of the interest on the Notes from gross income for federal income tax purposes is subject to, among other things, continuing compliance by the Town with the applicable requirements of Code Sections 141, 148, and 149, and the regulations promulgated thereunder (collectively, the "Tax Requirements"). In the opinion of Hodgson Russ LLP, the tax certificate and nonarbitrage certificate that will be executed and delivered by the Town in connection with the issuance of the Notes (collectively, the "Certificates") establish requirements and procedures, compliance with which will satisfy the Tax Requirements.

The Tax Requirements referred to above, which must be complied with in order that interest on the Notes remains excluded from gross income for federal income tax purposes, include, but are not limited to:

1. The requirement that the proceeds of the Notes be used in a manner so that the Notes are not obligations which meet the definition of a “private activity bond” within the meaning of Code Section 141;
2. The requirements contained in Code Section 148 relating to arbitrage bonds; and
3. The requirements that payment of principal or interest on the Notes not be directly or indirectly guaranteed (in whole or in part) by the United States (or any agency or instrumentality thereof) as provided in Code Section 149(b).

In the Certificates, the Town will covenant to comply with the Tax Requirements, and to refrain from taking any action which would cause the interest on the Notes to be includable in gross income for federal income tax purposes. Any violation of the Tax Requirements may cause the interest on the Notes to be included in gross income for federal income tax purposes from the date of issuance of the Notes. Hodgson Russ LLP expresses no opinion regarding other federal tax consequences arising with respect to the Notes.

Prospective purchasers of the Notes should be aware that ownership of, accrual or receipt of interest on, or disposition of, the Notes may have collateral federal income tax consequences for certain taxpayers, including financial institutions, property and casualty insurance companies, S corporations, certain foreign corporations, individual recipients of Social Security or Railroad Retirement benefits, and taxpayers who may be deemed to have incurred or continued indebtedness to purchase or carry such obligations. Prospective purchasers should consult their tax advisors as to any possible collateral consequences from their ownership of, or receipt of interest on, or disposition of, the Notes. Bond Counsel expresses no opinion regarding any such collateral federal income tax consequences.

In general, information reporting requirements will apply to non-corporate holders with respect to payments of principal, payments of interest, and the proceeds of the sale of a bond or note before maturity within the United States. Backup withholding may apply to a holder of the Notes under Code section 3406, if such holder fails to provide the information required on Internal Revenue Service (“IRS”) Form W-9, Request for Taxpayer Identification Number and Certification, or the IRS has specifically identified the holder as being subject to backup withholding because of prior underreporting. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner’s United States federal income tax provided the required information is furnished to the IRS. Neither the information reporting requirement nor the backup withholding requirement affects the excludability of interest on the Notes from gross income for federal income tax purposes.

Bond Counsel has not undertaken to advise in the future whether any events occurring after the date of issuance of the Notes may affect the tax status of interest on the Notes. The Code has been continuously subject to legislative modifications, amendments, and revisions, and proposals for further changes are regularly submitted by leaders of the legislative and executive branches of the federal government. No representation is made as to the likelihood of such proposals being enacted in their current or similar form, or if enacted, the effective date of any such legislation, and no assurances can be given that such proposals or amendments will not materially and adversely affect the economic value of the Notes or the tax consequences of ownership of the Notes. Prospective purchasers are encouraged to consult with their own legal and tax advisors with respect to these matters.

## **DOCUMENTS ACCOMPANYING DELIVERY OF THE NOTES**

### ***Absence of Litigation***

Upon delivery of the Notes, the Town shall furnish a certificate of the Town Attorney, dated the date of delivery of the Notes, to the effect that there is no controversy or litigation of any nature pending or threatened to restrain or enjoin the issuance, sale, execution or delivery of the Notes, or in any way contesting or affecting the validity of the Notes or any of the proceedings taken with respect to the issuance and sale thereof or the application of moneys to the payment of the Notes, and further stating that there is no controversy or litigation of any nature now pending or threatened by or against the Town wherein an adverse judgment or ruling could have a material adverse impact on the financial condition of the Town or adversely affect the power of the Town to levy, collect and enforce the

collection of taxes or other revenues for the payment of the Notes, which has not been disclosed in this Official Statement.

### ***Legal Matters***

Legal matters incident to the authorization, issuance and sale of the Notes will be subject to the final approving opinion of Hodgson Russ LLP, Bond Counsel. Such opinion will be available at the time of delivery of the Notes and will be to the effect that the Notes are valid and legally binding general obligations of the Town for which the Town has validly pledged its faith and credit and, unless paid from other sources, all the taxable real property within the Town is subject to the levy of *ad valorem* real estate taxes to pay the Notes and interest thereon without limitation as to rate or amount (subject to certain statutory limitations imposed by Chapter 97 of the 2011 Laws of the State). Such opinion shall also contain further statements to the effect that (a) the enforceability of rights or remedies with respect to such Notes may be limited by bankruptcy, insolvency, or other laws affecting creditors' rights or remedies heretofore or hereafter enacted, and (b) such law firm has not been requested to examine or review and has not examined or reviewed the accuracy or sufficiency of the Official Statement, or any additional proceedings, reports, correspondence, financial statements or other documents, containing financial or other information relative to the Town which have been or may have been furnished or disclosed to purchasers of the Notes, and expresses no opinion with respect to such financial or other information, or the accuracy or sufficiency thereof.

### ***Closing Certificates***

Upon the delivery of the Notes, the Purchaser(s) will be furnished with the following items: (i) a certificate of the Town Supervisor to the effect that as of the date of this Official Statement and at all times subsequent thereto, up to and including the time of the delivery of the Notes, this Official Statement did not and does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements herein, in the light of the circumstances under which they were made, not misleading, and further stating that there has been no adverse material change in the financial condition of the Town since the date of this Official Statement to the date of issuance of the Notes; and having attached thereto a copy of this Official Statement; (ii) a certificate signed by the Town Supervisor evidencing payment for the Notes; (iii) a certificate signed by the Town Supervisor evidencing the due execution of the Notes, including statements that (a) no litigation of any nature is pending or, to the knowledge of the signers, threatened, restraining or enjoining the issuance and delivery of the Notes or the levy and collection of taxes to pay the principal of and interest thereon, nor in any manner questioning the proceedings and authority under which the Notes were authorized or affecting the validity of the Notes thereunder, (b) neither the corporate existence or boundaries of the Town nor the title of the signers to their respective offices is being contested, (c) no authority or proceedings for the issuance of the Notes have been repealed, revoked or rescinded; and (iv) a tax certificate and nonarbitrage certificate (or similar documentation) executed by the Town Supervisor, as described under "Tax Exemption" herein.

## **DISCLOSURE UNDERTAKING**

In accordance with the requirements of Rule 15c2-12 promulgated by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended (the "Rule"), unless the Notes are purchased for the purchaser's own account, as principal for investment and not for resale, the Town will enter into a Disclosure Undertaking at closing, the form of which is attached hereto as "APPENDIX D." A purchaser buying for its own account shall deliver a municipal securities disclosure certificate that documents its intent to purchase the Notes as principal for investment and not for resale (in a form satisfactory to Bond Counsel) establishing that an exemption from the Rule applies.

The Town is in compliance in all material respects with all previous undertakings made pursuant to Rule 15c2-12 for the past five years.

## **CONTINUING DISCLOSURE COMPLIANCE PROCEDURES**

The Town has established procedures designed to ensure that future filings of continuing disclosure information will be in compliance with existing continuing disclosure obligations, including transmitting such filings to the Municipal

Securities Rulemaking Board established pursuant to Section 15B(b)(1) of the Securities Exchange Act of 1934 through EMMA.

### **RATING**

The Notes are not rated.

Moody's Investors Service, Inc. ("Moody's") has assigned a rating of "Aa1" to the uninsured outstanding bonded indebtedness of the Town.

With respect to the Moody's rating applicable to uninsured debt, such rating reflects only the view of such organization, and an explanation of the significance of such rating may be obtained only from such rating agency. There can be no assurance that such rating will continue for any specified period of time or that such rating will not be revised or withdrawn, if in the judgment of Moody's circumstances so warrant. Any such change or withdrawal of such rating may have an adverse effect on the market price of the Town's bonds or notes or the availability of a secondary market for those bonds or notes.

### **MUNICIPAL ADVISOR**

Capital Markets Advisors, LLC has acted as Municipal Advisor to the Town in connection with the sale of the Notes.

In preparing the Official Statement, the Municipal Advisor has relied upon governmental officials, and other sources, who have access to relevant data to provide accurate information for the Official Statement, and the Municipal Advisor has not been engaged, nor has it undertaken, to independently verify the accuracy of such information. The Municipal Advisor is not a public accounting firm and has not been engaged by the Town to compile, review, examine or audit any information in the Official Statement in accordance with accounting standards. The Municipal Advisor is an independent advisory firm and is not engaged in the business of underwriting, trading or distributing municipal securities or other public securities and therefore will not participate in the underwriting of the Notes.

### **ADDITIONAL INFORMATION**

Additional information may be obtained from the Town's Supervising Accountant, Pamela Barton, at 2255 Baseline Road, Grand Island, New York 14072 (716) 773-9600 ext. 601, email: pbarton@grand-island.ny.us or from the Town's Municipal Advisor, Capital Markets Advisors, LLC, (716) 662-3910.

Any statements in this Official Statement involving matters of opinion or estimates, whether or not expressly so stated, are intended as such and not as representations of fact. No representation is made that any of such statements will be realized. This Official Statement is not to be construed as a contract or agreement between the Town and the original purchasers or holders of any of the Notes.

Statements in this Official Statement, and the documents included by specific reference, that are not historical facts are forward-looking statements, which are based on the Town management's beliefs as well as assumptions made by, and information currently available to, the Town's management and staff. Because the statements are based on expectations about future events and economic performance and are not statements of fact, actual results may differ materially from those projected. Important factors that could cause future results to differ include legislative and regulatory changes, changes in the economy, and other factors discussed in this and other documents that the Town files with the repositories. When used in Town documents or oral presentation, the words "anticipate", "estimate", "expect", "objective", "projection", "forecast", "goal", or similar words are intended to identify forward-looking statements.

Hodgson Russ LLP, of Buffalo, New York, Bond Counsel to the Town, expresses no opinions as to the accuracy or completeness of information in any document prepared by or on behalf of the Town for use in connection with the

offer and sale of the Notes, including but not limited to, the financial or statistical information in this Official Statement.

References herein to the Constitution of the State and various State and federal laws are only brief outlines of certain provisions thereof and do not purport to summarize or describe all of such provisions.

This Official Statement is submitted only in connection with the sale of the Notes by the Town and may not be reproduced or used in whole or in part for any other purpose.

**TOWN OF GRAND ISLAND  
ERIE COUNTY, NEW YORK**

## **APPENDIX A**

## **THE TOWN**

### ***General Information***

The Town consists of an entire island of 27 square miles located in the Niagara River across from the cities of Tonawanda and North Tonawanda, and between the cities of Buffalo and Niagara Falls. In addition, the Town is only a short distance from three points of entry to the Niagara Falls, Ontario area, which serves as a gateway to several Canadian communities including St. Catherines, Hamilton and Toronto. The Town is a growing, centrally located, suburban residential area surrounded by four cities. The population of the Town is 21,389 according to the 2020 U.S. Census, a gain of 5.1% since 2010.

The Town has set aside 80 acres for a planned Industrial Park, which is located along the New York State Thruway in the vicinity of Bedell Road. The park is serviced by its own roadway and has sewer and water services. Light industries located in the Town include Fresenius Kabi USA, LLC and Thermo Fisher Scientific.

The Town encompasses two State parks, Buckhorn Island and Beaver Island, the latter of which includes an 18-hole golf course. Also within the Town is a locally well-known theme amusement park, Niagara Amusement Park & Splash World (formerly known as Fantasy Island). The River Oaks development located within the Town includes a championship golf course. The Town's recreational facilities include Nike Base Park with centers for the youth and senior citizens, Veterans Park and Bi-Centennial Park with a nature trail theme. In addition, there are numerous tennis courts and a network of bikeways available to Town residents.

### ***Town Government***

The Town was established in 1852 by the State Legislature. There is one independently governed school district located in the Town, which relies on its own taxing powers granted by the State to raise revenues. The school district uses the Town's assessment roll as a basis for taxation of property located within the Town.

Subject to the provisions of the State Constitution, the Town operates pursuant to the Town Law, the General Municipal Law, the Local Finance Law, other laws generally applicable to the Town, and any special laws applicable to the Town, and is classified as a first class town. Under such laws, there is no authority for the Town to have a charter, but pursuant to the Town Law and other laws generally applicable to home rule, the Town may from time to time adopt local laws.

The legislative power of the Town is vested in the Town Board, which consists of five members, including the Supervisor, who is the chief executive officer of the Town, elected for a term of four years. The four other members of the Town Board are elected to four-year terms, which terms are staggered such that two members are elected every two years. On All the Town Board members are elected at large and there is a two term limitation to the number of terms each may serve. On September 23, 2010, the voters of the Town rejected a proposal that would have reduced the Town Board from five members to three (by eliminating two council member positions).

Effective January 1, 2000, the voters approved a referendum to combine the offices of Town Clerk and Receiver of Taxes into a single position. The Town Clerk/Tax Receiver and the Town Highway Superintendent are each elected for four-year terms. The Town Board appoints the Town Attorney.

### ***Town Services***

The water supply in the Town is provided by the Town's water plant, and the Niagara County Water District. Effective January 1996, the Town consolidated a number of special assessment water districts into one district responsible for the purification and distribution of water Town-wide. Effective January 2000, the Town consolidated the special assessment sewer districts into one district responsible for wastewater

treatment Town-wide. The districts are primarily responsible for the financing, construction and maintenance of the facilities within them.

The Town is generally responsible for providing services as required by citizens on a Town-wide basis. The Town maintains a road system necessitating road resurfacing and improvements and the acquisition of machinery and equipment from time to time. The Town also owns and operates and maintains various recreation facilities.

Public education is provided by the Grand Island Central School District, which serves the entire Town. The Central School District has a separately elected governing body and has independent taxing and debt issuance authority.

***Employees***

The Town employs approximately 92 full time and 106 part time employees, of which 63 are seasonal workers.

<u># of Employees</u>	<u>Bargaining Unit</u>	<u>Contract Expiration Date</u>
37	AFL/CIO County and Municipal Council #66	12/31/23
4	Teamsters Local #264	12/31/23
27	Civil Service Employees Association	12/31/22

***Employee Pension Benefits***

Substantially all employees of the Town are members of the New York State and Local Employees' Retirement System ("ERS") or the New York State and Local Police and Fire Retirement System ("PFRS"). (Both systems are referred to together hereinafter as the "Retirement Systems" where appropriate.) These Retirement Systems are cost-sharing multiple public employee retirement systems. The obligation of employers and employees to contribute and the benefits to employees are governed by the New York State Retirement and Social Security Law (the "Retirement System Law"). The Retirement Systems offer a wide range of plans and benefits which are related to years of service and final average salary, vesting of retirement benefits, death and disability benefits and optional methods of benefit payments. All benefits generally vest after ten years of credited service. The Retirement System Law generally provides that all participating employers in each retirement system are jointly and severally liable for any unfunded amounts. Such amounts are collected through annual billings to all participating employers. Generally, all employees, except certain part-time employees, participate in the Retirement Systems. The Retirement Systems are non-contributory with respect to members hired prior to July 27, 1976. Except as noted below, all members hired on or after July 27, 1976 must contribute 3% of their gross annual salary toward the costs of retirement programs. The 3% contribution is waived when the employee completes ten (10) years of service.

A pension reform bill, Chapter 49 of the Laws of 2003, was enacted to change the cycle of ERS billing to match budget cycles of the Town. Under the previous method, the Town was unsure of how much it paid to the system until after the Town's budget was implemented. Under the new method the contribution for a given fiscal year will be based on the value of the pension fund in prior years.

On July 20, 2004, the New York State Legislature passed a bill amending the General Municipal Law, Local Finance Law and the Retirement and Social Security Law. On July 30, 2004, the Governor signed the new retirement system legislation into law as Chapter 260 of the Laws of 2004. The bill moved the annual payment date for contributions from December 15th to February 1st, effective December 15, 2004 and permits municipalities to establish a reserve for future anticipated contributions.

On December 10, 2009, the Governor signed into law a new Tier V. The law is effective for ERS employees hired after January 1, 2010. New ERS employees contribute 3% of their salaries with no provision for these contributions to cease after a certain period of service.

On March 16, 2012, the Governor signed into law the new Tier VI pension program, effective for new ERS employees hired after April 1, 2012. The Tier VI legislation provides, among other things, for increased employee contribution rates of between 3% and 6%, an increase in the retirement age from 62 to 63 years, a readjustment of the pension multiplier, and a change in the time period for final average salary calculation from 3 years to 5 years. Tier VI employees will vest in the system after ten years of employment and will continue to make employee contributions throughout employment.

The New York State Retirement System has advised the Town that municipalities can elect to make employer contribution payments in the December prior to the scheduled payment date or the following February, as required. If such payments are made in the December prior to the scheduled payment date in February, such payments may be made at a discounted amount. The Town has elected to make such payments in December of each year.

The following schedule reflects the Town's contribution to each of the Retirement Systems for the last three fiscal years and the amount budgeted for the current fiscal year.

<b><u>Fiscal Year</u></b> <b><u>Ending December 31:</u></b>	<b><u>State Fiscal Year</u></b> <b><u>Ending March 31</u></b>	<b><u>ERS</u></b> <b><u>Contribution</u></b>	<b><u>PFRS</u></b> <b><u>Contribution</u></b>
2021 <i>Budget</i>	2022	\$882,000	\$17,000
2020	2021	764,755	16,211
2019	2020	775,604	15,242
2018	2019	755,592	14,027

Due to significant capital market declines in the wake of the 2008-2009 recession, the State's Retirement System portfolio experienced negative investment performance and severe downward trends in market earnings. As a result, employer contribution rates for the State's Retirement System in 2011 and subsequent years were higher than the minimum contribution rate established by Chapter 49. To mitigate such increases in the employer contribution rate, legislation has been enacted that permits local governments and schools districts to issue bonds to fund the required increased contribution.

State Comptroller Thomas DiNapoli announced that the estimated average contribution rate for participating employers in the ERS will decrease in fiscal year 2022-23 from 16.2 percent of payroll to 11.6 percent of payroll. The estimated average contribution rate for participating employers in the PFRS will be reduced from 28.3% to 27% of payroll.

As part of the 2013-14 State budget a pension smoothing option was introduced that would let municipalities amortize over seven years a portion of the upcoming pension cost spikes precipitated by the 2008 financial crash and high pension costs in general for teachers across the state. The plan, which was approved in Governor Cuomo's 2013-14 budget, would let municipalities in the 2016-17 year contribute 14.13% of employee costs toward pensions. The Town has not opted into the pension smoothing plan.

***Other Post-Employment Benefits***

The Town adopted Governmental Accounting Standards Board (“GASB”) Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions, starting with its fiscal year ending December 31, 2017. Statement No. 75 establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures related to certain postemployment non-pension benefits (“OPEB”). For defined benefit OPEB, this Statement identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service.

The table below shows the components of the Town’s annual OPEB cost for most recent audited fiscal year, the amount actually contributed to the plan, and changes in the Town’s net OPEB obligation.

	Total OPEB Liability
Balance at December 31, 2019	<u>\$27,268,490</u>

## **FINANCIAL FACTORS**

### ***Independent Audit***

The annual financial statements of the Town are audited by independent certified public accountants. The Town is also subject to periodic audit by the State Comptroller’s Office. Appendix B to this Official Statement presents a summary of the financial operating results of the General and Special Revenue Funds for each of the last five fiscal years ended, and budget summaries for the current and prior fiscal years.

### ***Fund Structure and Accounts***

The accounting practices of the Town conform to those prescribed by generally accepted accounting principles and by the New York State Department of Audit and Control “Uniform System of Accounts for Towns”.

Revenues are recorded when measurable and available to pay liabilities of the current period. Revenues susceptible to accrual include real property taxes, state and federal aid, sales tax and certain user fees such as water and sewer charges.

Expenditures are recorded when the fund liability is incurred. Exceptions to this rule are (1) prepaid and most inventory-type items which are generally recognized at the time of disbursement; (2) unmatured interest on general long-term debt which is recognized when due; and (3) compensated absences, such as vacation and sick leave which vests or accumulates, which is charged as an expenditure when paid.

The encumbrance method of accounting is employed in the governmental funds, whereby commitments for contracts and outstanding purchase orders are reported as a reservation of fund balance. Such commitments are recorded as expenditures in the accounting period in which the liability is incurred.

### ***Revenues***

The Town derives a major portion of its general fund revenues from a tax on real property (see "Statement of Revenues, Expenditures and Changes in Fund Balance" in Appendix B, herein). Real property taxes and other property tax items accounted for 24.6% of total general fund revenues for the fiscal year ended December 31, 2020, while non-property taxes accounted for 38.3% and State aid accounted for 10.3%.

***Real Property Tax.*** The following table sets forth total general fund revenues and real property tax revenues during the last five completed fiscal years.

**Non-Property Taxes.** The County is authorized and levies a sales and compensatory use tax of 4.75%, a portion of which is shared with the Town, in addition to the 4% tax levied by the State. Such sales tax collections in New York are administered by the State Tax Commissioner and the proceeds are paid to the County quarterly. The following table sets forth general fund non-property tax (sales tax and cable TV franchise) revenues received by the Town during the prior five completed fiscal years.

**State Aid.** The Town also receives a portion of its revenues in the form of State aid (per capita, mileage and valuation, and mortgage tax). For the fiscal year ended December 31, 2020, State aid represented approximately 10.3% of the total general fund revenues of the Town. However, there is no assurance that the State appropriation for State aid to municipalities will continue, either pursuant to existing formulas or in any form whatsoever. The State is not constitutionally obligated to maintain or continue such aid. State budgetary restrictions which eliminate or substantially reduce State aid could have a material adverse effect upon the Town, requiring either a counterbalancing increase in revenues from other sources to the extent available, or a curtailment of expenditures.

The following table sets forth total general fund revenues and State aid during the last five completed fiscal years.

**TABLE 3**  
**State Aid**

2020	9,612,970	991,193	10.3%

**Other Revenues.** Community Development Block Grants are another revenue source of the Town. The Town receives these funds in accordance with a contract with the Erie County Consortium, which

administers the Community Development Block Grant funds received from the United States Department of Housing and Urban Development. Grant assistance is provided for expenditures of eligible activities under Title I of the Housing and Community Development Act of 1974, as amended.

Historically, the Town has also had surplus funds from operations. These funds have in part been used to fund, from time to time, during the course of a fiscal year, supplemental appropriations, for anticipated Town needs. Portions of the balance of such surplus funds have been appropriated in the budget adopted for the next fiscal year.

### ***Budget Process***

The Supervisor, with the assistance of the Town Supervising Accountant, acting as Budget Officer, prepares a “tentative” budget annually and presents the same to the full Town Board by October 5th. The full Town Board then reviews and may amend the budget and adopt the “preliminary” budget. Upon adoption of this “preliminary” budget a public hearing is called. Following this hearing final revisions are made by the full Town Board and the final budget is then adopted. The budget is not subject to a referendum and there is no legal limit upon the tax rate or amount required to support the budget.

### ***Investment Policy/Permitted Investments***

Pursuant to State law, including Sections 10 and 11 of the General Municipal Law (the “GML”), the Town is generally permitted to deposit moneys in banks and trust companies located and authorized to do business in the State. All such deposits, including special time deposit accounts and certificates of deposit, in excess of the amount insured under the Federal Deposit Insurance Act, are required to be secured in accordance with the provisions of and subject to the limitations of Section 10 of the GML.

The Town may also temporarily invest moneys in: (1) obligations of the United States of America; (2) obligations guaranteed by agencies of the United States of America where the payment of principal and interest are guaranteed by the United States of America; (3) obligations of the State; (4) with the approval of the State Comptroller, tax anticipation notes or revenue anticipation notes issued by any municipality, school district, or district corporation, other than those notes issued by the Town; (5) certificates of participation issued by political subdivisions of the State pursuant to Section 109-b(10) of the GML; (6) obligations of a New York public benefit corporation which are made lawful investments for municipalities pursuant to the enabling statute of such public benefit corporation; or (7) in the case of moneys held in certain reserve funds established by the Town pursuant to law, obligations of the Town.

All of the foregoing instruments and investments are required to be payable or redeemable at the option of the owner within such times as the proceeds will be needed to meet expenditures for purposes for which the moneys were provided and, in the case of instruments and investments purchased with the proceeds of bonds or notes, shall be payable or redeemable in any event, at the option of the owner, within two years of the date of purchase. Unless registered or inscribed in the name of the Town, such instruments and investments must be purchased through, delivered to and held in custody of a bank or trust company in the State pursuant to a written custodial agreement as provided in Section 10 of the GML.

The Town Board had adopted an investment policy and such policy conforms with applicable laws of the State governing the deposit and investment of public moneys. All deposits and investments of the Town are made in accordance with such policy.

## **REAL PROPERTY TAXES**

### ***Real Property Tax Collection Procedures and History***

Taxes are due in a single payment on January 1, payable without penalty to and including February 15. Penalties thereafter are imposed at an annual rate determined in accordance with applicable law. After August 31, the tax roll is returned to the County and taxes plus penalties are payable to the County. The

Town retains the total amount of Town, Highway, Special District and delinquent water and sewer charge levies from the total collections and returns the balance plus the uncollected items to the County, which assumes responsibility and holds annual tax sales. Because payment is guaranteed by the County, the Town has no uncollected taxes.

The following table presents the total tax levy, by purpose, with adjustments and collection performance for each of the last five fiscal years.

## ***The State Comptroller's Fiscal Stress Monitoring System***

The New York State Comptroller has reported that New York State's school districts and municipalities are facing significant fiscal challenges. As a result, the Office of the State Comptroller has developed a Fiscal Stress Monitoring System ("FSMS") to provide independent, objectively measured and quantifiable information to school district and municipal officials, taxpayers and policy makers regarding the various levels of fiscal stress under which the State's school districts and municipalities are operating.

The fiscal stress scores are based on financial information submitted as part of each school district's ST-3 report filed with the State Education Department annually, and each municipality's annual report filed with the State Comptroller. Using financial indicators that include year-end fund balance, cash position and patterns of operating deficits, the system creates an overall fiscal stress score which classifies whether a school district or municipality is in "significant fiscal stress", in "moderate fiscal stress," as "susceptible to fiscal stress" or "no designation". Entities that do not accumulate the number of points that would place them in a stress category will receive a financial score but will be classified in a category of "no designation." This classification should not be interpreted to imply that the entity is completely free of fiscal stress conditions. Rather, it means that the entity's financial information, when objectively scored according to the FSMS criteria, did not generate sufficient points to place them in one of the three established stress categories.

The most current applicable report of the State Comptroller designates the Town as "No Designation" (see <https://www.osc.state.ny.us/files/local-government/fiscal-monitoring/pdf/2019-munis-summary.pdf>).

## ***New York State Comptroller's Audit***

Many municipalities throughout the State can be subject to an audit of the New York State Office of the Comptroller ("OSC") pursuant to Article V, Section 1 of the State Constitution and the State Comptroller's authority as set forth in Article 3 of the New York State General Municipal Law.

The last audit of the Town conducted by OSC was released in August 23, 2019. The purpose of such audit was to determine whether the Town Board ensured information technology (IT) assets were properly safeguarded.

The complete report can be obtained from OSC's website:

<https://www.osc.state.ny.us/files/local-government/audits/pdf/grand-island-2019-34.pdf>

## **TOWN INDEBTEDNESS**

### ***Constitutional Requirements***

The New York State Constitution limits the power of the Town (and other municipalities and school districts of the State) to issue obligations and to otherwise contract indebtedness. Such constitutional and statutory limitations include the following, in summary form, and are generally applicable to the Town and the Notes.

***Purpose and Pledge.*** The Town shall not give or loan any money or property to or in aid of any individual or private corporation or private undertaking or give or loan its credit to or in aid of any of the foregoing or any public corporation.

The Town may contract indebtedness only for a Town purpose and shall pledge its faith and credit for the payment of principal of and interest thereon.

***Payment and Maturity.*** Except for certain short-term indebtedness contracted in anticipation of taxes or to be paid within three fiscal year periods, indebtedness shall be paid in annual installments commencing no later than two years after the date such indebtedness shall have been contracted and ending no later than the expiration of the period of probable usefulness of the object or purpose (as determined by statute) or, in the alternative, the weighted average period of probable usefulness of the several purposes for which it is contracted, unless the Town determines to issue debt amortizing on the basis of substantially level or declining annual debt service. The Town is required to provide an annual appropriation for the payment of interest due during the year on its indebtedness and for the amounts required in such year for amortization and redemption of its serial bonds and bond anticipation notes.

***General.*** The Town is further subject to constitutional limitation by the general constitutionally imposed duty on the State Legislature to restrict the power of taxation and contracting indebtedness to prevent abuses in the exercise of such powers; however, as has been noted under "THE NOTES - Nature of Obligation", the State Legislature is prohibited by a specific constitutional provision from restricting the power of the Town to levy taxes on real estate for the payment of interest on or principal of indebtedness theretofore contracted

### ***Statutory Procedure***

In general, the State Legislature has authorized the power and procedure for the Town to borrow and incur indebtedness subject, of course, to the constitutional provisions set forth above. The power to spend money, however, generally derives from other law, including the Town Law and the General Municipal Law.

Pursuant to the Local Finance Law, the Town authorizes the incurrence of indebtedness, including bonds and bond anticipation notes issued in anticipation of such bonds, by the adoption of a resolution, approved by at least two-thirds of the members of the Town Board, the finance board of the Town. Certain of such

resolutions may be subject to permissive referendum, or may be submitted to the Town voters at the discretion of the Town Board.

The Local Finance Law also provides a 20-day statute of limitations after publication of a bond resolution which, in effect, estops thereafter legal challenges to the validity of obligations authorized by such bond resolution except for alleged constitutional violations. The Town typically complies with such procedures. It is a procedure that is recommended by bond counsel, but it not an absolute requirement.

Each bond resolution authorizes the construction, acquisition or installation of the object or purpose to be financed, sets forth the plan of financing and specifies the maximum maturity of the bonds subject to the legal (Constitution, Local Finance Law and case law) restrictions relating to the period of probable usefulness with respect thereto.

Each bond resolution also authorizes the issuance of bond anticipation notes prior to the issuance of serial bonds. Statutory law in New York permits notes to be renewed each year provided that principal is amortized and provided that such renewals do not (generally) extend five years beyond the original date of borrowing. However, notes issued in anticipation of the sale of serial bonds for assessable improvements are not subject to such five-year limit and may be renewed subject to annual reductions of principal for the entire period of probable usefulness of the purpose for which such notes were originally issued.

In addition, under each bond resolution, the Town Board may delegate, and has delegated, the power to issue and sell bonds and notes to the Town Supervisor, as the chief fiscal officer of the Town.

In general, the Local Finance Law contains similar provisions providing the Town with the power to issue general obligation revenue anticipation notes, tax anticipation notes and budget notes.

**Debt Limit.** The Town has the power to contract indebtedness for any Town purpose so long as the principal amount thereof shall not exceed seven percent of the most recent five-year average full valuation of taxable real estate of the Town and subject to certain enumerated exclusions and deductions such as water and certain sewer facilities and cash appropriations for current debt service. The constitutional method for determining full valuation is by taking the assessed valuation of taxable real estate for the last five completed assessment rolls and applying thereto the ratio which such assessed valuation bears to the full valuation as determined by the State Office of Real Property Services. The State Legislature is required to prescribe the manner by which such ratio shall be determined.

***Constitutional Debt Limit***

The following table sets forth the constitutional debt limit of the Town.

### ***Remedies Upon Default***

Under current law, provision is made for contract creditors (including the Noteholders) of the Town to enforce payments upon such contracts, if necessary, through court action, although the present statute limits interest on the amount adjudged due to creditors to nine per centum per annum from the date due to the date of payment. As a general rule, property and funds of a municipal corporation serving the public welfare and interest have not been judicially subjected to execution or attachment to satisfy a judgment, although judicial mandates have been issued to officials to appropriate and pay judgments out of current funds or the proceeds of a tax levy.

The State has consented that any municipality in the State may file a petition with any United States district court or court of bankruptcy under any provision of the laws of the United States, now or hereafter in effect for the composition or adjustment of municipal indebtedness. Subject to such State consent, under the United States Constitution, Congress has jurisdiction over such matters and has enacted amendments to the existing federal bankruptcy statute, generally to the effect and with the purpose of affording municipal corporations, under certain circumstances, with easier access to judicially approved adjustment of debts including judicial control over identifiable and unidentifiable creditors.

In recent times, certain events and legislation affecting remedies on default have resulted in litigation. While courts of final jurisdiction have upheld and sustained the rights of the holders of bonds and notes issued by municipalities and school districts, such courts might hold that future events, including financial crises as they may occur in the State and in municipalities of the State, require the exercise by the State of its emergency and police powers to assure the continuation of essential public services.

No principal or interest payment on Town indebtedness is past due. The Town has never defaulted in the payment of the principal of and interest on any indebtedness.

### ***Trend of Outstanding Indebtedness***

The following table provides information relating to the capital indebtedness outstanding at year end for each of the five prior fiscal years.

### ***Short Term Indebtedness***

Following the issuance of the Notes, the Town will have \$27,556,100 in bond anticipation notes outstanding, which will mature on October 7, 2022.

### ***Direct and Overlapping Indebtedness***

The real property taxpayers of the Town are responsible for a proportionate share of outstanding debt obligations of the County and other governmental units. Such taxpayers' share of this overlapping debt is based upon the amount of the Town's equalized property values taken as a percentage of each separate unit's total values. The table below sets forth both the total outstanding principal amount of debt issued by the Town and the approximate magnitude of the burden on taxable property in the Town of the debt instruments issued and outstanding by such other political units. Authorized but unissued debt has not been included.

### ***Financial Institutions***

There are four banks in the Town: M&T Bank, Northwest Savings Bank, Key Bank and Citizens Bank.

### ***Communication***

The Town is served by the major metropolitan area newspapers, radio and television stations. In addition, the Town has a local newspaper, the "Island Dispatch." Spectrum, a private corporation, provides cable service to the Town.

### ***Utilities***

Electricity and natural gas is supplied throughout the Town by National Grid Power Corporation and National Fuel Gas Distribution Corporation, respectively.

### ***Transportation***

Transportation facilities include an excellent network of highways, the New York State Thruway and its connecting bridges, and the Metro Bus System. Several major airlines operating from the Buffalo Niagara International Airport and the Niagara Falls International Airport also serve the area. These facilities make the Town easily accessible to the large diversified industrial area of the Niagara Frontier.

### ***Income***

State	23,389	30,948	32.3%	51,691	67,405	30.6%

### **LITIGATION**

The Town is subject to a number of lawsuits in the ordinary conduct of its affairs. Town officials (after consulting with the Town's attorneys) do not believe, however, that adverse decisions in such suits, either individually or in the aggregate, would have a material adverse effect on the financial condition of the Town.
